SELF-PARENTING: The Complete Guide to Your Inner Conversations is the classic and original how-to book defining the concept of "self-parenting." Many of us grew up within a parental environment that did not support our childhood needs for love,

support, and nurturing. As adults, we mentally continue the same patterns as an "Inner Parent" that left us feeling alone and abandoned as a child. By beginning the daily practice of positive Self-Parenting, the negative outer parenting patterns taught as a child (and subsequently internalized as an adult) can be recognized and reversed. The foundation of the SELF-PARENTING is the daily practice of the Self-Parenting Exercises, a thirty-minute session of cognitive interaction between the Inner Parent and Inner Child. During these daily half-hour sessions Illustrated In the book, the reader learns how to love, support, and nurture his or her Inner Child as well as increase their awareness of the profound implications of their Inner Conversations in the "real world."

Chris Scott and his band of globetrotting contributors and specialists have put together the definitive manual for planning and undertaking a vehicle-dependent overlanding adventure across the wilds of Africa, Asia and Latin America. The Overlanders' Handbook is written in the same entertaining yet clear jargon-free English for which Chris's other books are known – it doesn't assume you know your plug gap from a radiator cap. Planning – When to go; typical costs; documentation; sponsorship; early overland journeys. Vehicle choice and preparation – The Overlanders' Handbook is the most comprehensive account in print, covering everything from adapting a cheap car to equipping a campervan

or 4x4 for months on the road, or even building and outfitting your own accommodation module to mount on an all-terrain truck chassis. Life on the road – How to handle dodgy borders, haggle over a purchase, treat a dodgy stomach and cope with crazy driving conditions. Guidance on wild camping; navigation and mapping strategies; onward shipping; advice for solo women overlanders; travelling with children or with pets; vehicle repairs and troubleshooting; and off-road driving techniques. Continental route outlines – Guidelines on both popular and obscure overland routes through Africa, Asia and Latin America. Includes fuel prices, easiest borders and best seasons, visa strategies, danger zones and regional highlights. Overlanders' Tales – Half a dozen accounts of global adventures lasting months or even years – in vans, 4x4s and all-terrain trucks – from contributors aged from 9 to 69. Toyota Landcruiser Repair Manual Brooklands Books Limited

A radiant, unforgettable memoir of one woman's 450 days spent in captivity, and her defiant refusal to have her humanity stripped away. When Edith meets Luca in a small Northern town, the two connect instantly. Under the Northern Lights, they develop a deep friendship over their shared passions: travel, living off the land, a bohemian life. In search of wanderlust, they embark on an epic road trip from Italy to Togo, where they will join their friend's sustainable farming project. Upon arriving on the African continent, they change their itinerary and drive through Africa's Sahel region, a haven for militant groups, where they are surrounded and captured. Little was

known about Edith's and Luca's fate until they reappeared in Mali more than one year later, having mysteriously escaped their captors. Now, Edith shares her harrowing story with the world for the first time—complete with the poems that became a lifeline for her in captivity, which she wrote in secret with a pen borrowed from another hostage. Against the stunning but cruel backdrop of the desert, Edith recounts her months as a hostage: the oppressive heat, violent sandstorms, constant relocations, hunger strikes, and her eventual heart-pounding escape. Separated from Luca early on, she finds solidarity and comfort with a group of other female hostages, who lend her a pen to write poetry, a creative outlet that helps save her life. Edith is steadfast in

her will to remain sane: she reveals her dedication to her art, and her striking ability to unsettle her captors and identify their vulnerabilities. A compelling descent into a strange, brutal universe, *The Weight of Sand* is ultimately a life-affirming book and a poetic celebration of one woman's resilience.
