Everybody knows what a notary public does, right? Actually, there is much misunderstanding and confusion about what the proper role and duty of a notary is. A notary public does not "legalize" documents, or verify the accuracy or truthfulness of the content or statements made in a document, and yet the role that a notary plays in ascertaining the identity of the person who signs a document, placing that person under oath, if required, and determining the signer's intent and willingness to consent to the transaction is vital in modern society. A notary public is a public official commissioned by the Secretary of State to administer oaths and affirmations, take acknowledgments, witness signatures, and perform other duties as permitted by state law. A notary should be familiar with the Idaho notary laws and to follow

the standards of reasonable care for performing a notarial act. *Memorandum Opinions of the Judge Advocate General of the Army* West Group Publishing

A notary is a public official responsible for independently verifying signatures and oaths. Depending on how a document is written, a notarization serves to affirm the identity of a signer and the fact that they personally executed their signature. A notarization, or notarial act, officially documents the identity of a party to a document or transaction and the occasion of the signing that others can rely upon, usually at face value. A notary's authentication is intended to be reliable, to avoid the inconvenience of having to locate a signer to have them personally verify their signature, as well as to document the execution of a document perhaps long after the lifetime of the signer and the notary. An oath is a sworn statement. In most cases a person will swear that a written statement, oral statement, or testimony they are about to give is true. A notary

can document that the notary administered an oath to an individual.

Excerpt from Legal Aspects of Farm Tenancy in Illinois Since this action of forcible entry and detainer is based on the right to possession rather than to title, a new lessee can institute a suit to dispossess the old tenant holding over.⁸⁷ The action can be brought before a justice of the peace and a Six - man jury. The judgment may be for only a part of the premises if the facts Show that the plaintiff is entitled to no more. Provisions of the Illinois Civil Practice Act apply. Ejectment. A second remedy open to a landlord to recover possession of his property from a tenant after expiration or breach of a lease is ejectment. Ejectment may be brought by any person Claiming an estate in land, in fee for life or years, either as heir, devisee, or purchaser ⁸⁸ Such person must be able to Show a present right to the property. It is possible for

the landlord in an ejectment proceeding also to recover damages for rents and profits; a separate action is not necessary. A statement of such claims may be filed at any time within a year after the judgment in ejectment. Where a tenant is sued in ejectment by a party other than the landlord, the tenant must give the landlord immediate notice, because the landlord's title may be put in jeopardy by this action. Summary judgment on affidavit. A third and simpler device for the recovery of land exists under a provision of the Illinois Civil Practice Act. Section 57 of the Act⁸⁹ provides that: subject to rules, if the plaintiff, in any action to recover the possession of land, with or without rent or mesne profits, shall file an affidavit or affidavits, on the affiant's personal knowledge, of the truth of the facts upon which his complaint is based and the amount claimed the court Shall enter a judgment in his favor unless the defendant shall file an affidavit showing a good defense. The advantage of this summary - judgment proceeding is that it greatly simplifies the plaintiff's action in cases where the defendant is clearly in the wrong. The Department of Licensing has worked to keep the notary public application process as simple as possible. A prospective notary need only submit a complete application, proof of a \$10,000 surety bond, and appropriate fees to the Department of Licensing in order to begin the process. Once an applicant has completed all application requirements and proven that he or she is eligible, the Department will have a new certificate of commission mailed out promptly. New in 2018, notaries public can also apply for an electronic records notary public endorsement, which allows the notary to perform notarial acts on electronic documents as well as paper documents. The application process is similar to the application process for the commission, and can be done at the same time or separately.

THE FIRST-EVER COMPREHENSIVE GUIDE TO NEW YORK NO-FAULT PRACTICE 2009 Edition Hundreds of New Case Reports! Rogak's New York No-Fault Law & Practice By Lawrence N. Rogak No-Fault litigation is "a Frankenstein monster that has assumed a life force of its own, becoming so unmanageable and uncontrollable that it acts out in ways never envisioned by its creator." - Judge Charles J. Markey. And 25% of all lawsuits in the New York City Civil Court system are no-fault suits. The No-Fault regulations are complex, difficult to understand, and they leave many questions unanswered, requiring New York claims examiners, lawyers and judges to make decisions every day for which there is no clear guidance in the law. And yet despite the enormous size, scope and complexity of No-Fault practice, there

has never been a published guide for those who struggle with this field. Until now. Lawrence N. Rogak is a New York attorney with over 25 years' experience in insurance law practice. A prolific writer, he has published hundreds of articles on insurance law practice, and a previous book, *Rogak's New York Insurance Law*. He is the managing partner of Lawrence N. Rogak LLC, an insurance defense law firm in Oceanside, New York, which is listed in Best's Recommended Insurance Attorneys. A mock trial may officially begin with opening statements, but experienced competitors know that the dialogue between counsel and the court beforehand can make or break their chances of prevailing. In this new edition of *Mock Trials* the authors have added an entire new chapter (Pretrial Matters) to explain the questions students should ask before a mock trial begins and why the answers to those questions are important. Just as in an actual trial, pre-trial matters do matter in mock trials because they can affect nearly every aspect of case preparation and presentation. First published in 2000, *Mock Trials* has become the leading

textbook used by students and coaches to prepare for mock trial competitions. The Second Edition improves upon the first by providing students and coaches at every level with a complete step-by-step guide to preparing, presenting, and winning a mock trial. Diagrams, charts and summaries, as well as sample fact scenarios, colloquies, and arguments, are used to explain complicated concepts simply in an easy-to-follow and interesting manner. This textbook is specifically designed for use by pre-law and law students, but the legal and stylistic techniques it teaches remain applicable throughout lawyers' careers. For high school and undergraduate students competing in mock trials or considering a career in law, *Mock Trials* gives a solid overview of the conduct of a trial from start to finish. It's also perfect for mock trial coaches to use as a how-to guide.

It teaches the basics of motion practice, with a particular focus on the written motion and provides expert advice on making motions more persuasive. It discusses the tools of persuasion and the marshaling of facts, law and form to produce a winning motion. Instead of merely laying out the rules, the book outlines the analysis that the lawyer must make in writing and presenting a motion.
