A New Vision of Inclusive Leadership What makes someone a leader? Someone you vote for, work for, or listen to for their expertise? With Step Up, equality advocate Ash Beckham challenges us to embrace a different vision of leadership—to stop focusing on external authorities and start reclaiming our own ability to create change. “What we need most is everyday leaders,” she writes. “We need people who step up and be the change they wish to see in the world. Anyone can do it. You can do it.” Whether your path involves activism, political engagement, or simply being a positive voice in your workplace, home, and community, Beckham’s Step Up provides essential

guidance on cultivating the eight pillars of everyday leadership: - Empathy—the art of relating to others with compassion for our shared humanity, regardless of whether we agree - Responsibility—how we can raise our awareness and consciously choose to behave in ways that heal instead of harm - Courage—understanding the nature of fear so we can move beyond our comfort zone one step at a time - Grace—how keeping our higher purpose always in sight helps us stop reacting with fear or anger - Individuality—learning to value and celebrate our uniqueness, including the parts of ourselves we often reject - Humility—ways to keep the ego in check and open the door to honest, collaborative relationships - Patience—guidance for disarming our tendency to rush ahead so we can act with greater deliberation and forethought - Authenticity—how we can embody our deepest truths and lead by example in any situation For each pillar, Beckham shares engaging stories of her own journey from isolation and anger to a place of greater openness and

connection—supported by scientific research and everyday practices to mindfully change the way you relate to yourself and the people in your life. Step Up is a powerful call to action—to speak when it feels easier to be silent, to do good without being self-righteous, and to create a world of inclusion where everyone has a voice and everyone belongs.

Beginning in 1960s Los Angeles, and charting a course up to the present day, The Proposing Tree follows the arcs of one such star-crossed pair of lovers. As Fredrick kneels under the tree declaring his love to Carolyn, he hears the words all men dread: she wants to remain "just friends." Yet, despite his heartbreak, he does remain steadfast in his friendship, even as she closes the door forever on their romance by marrying another man. But forever can be a long time, and the power of true love can lead to extraordinary outcomes. What will become of the love of Fredrick and Carolyn?

Once upon a time, one had to read Japanese in order to enjoy manga. Today manga has become a global phenomenon, attracting audiences in North America, Europe, Africa, and Australia. The style has become so popular, in fact, that in the US and UK publishers are appropriating the manga style in a variety of print material, resulting in the birth of harlequin mangas which combine popular romance fiction titles with manga aesthetics. Comic publishers such as Dark Horse and DC Comics are translating Japanese "classics", like Akira, into English. And of course it wasn't long before Shakespeare received the manga treatment. So what is manga? Manga roughly translates as

"whimsical pictures" and its long history can be traced all the way back to picture books of eighteenth century Japan. Today, it comes in two basic forms: anthology magazines (such as Shukan Shonen Jampu) that contain several serials and manga 'books' (tankobon) that collect long-running serials from the anthologies and reprint them in one volume. The anthologies contain several serials, generally appear weekly and are so thick, up to 800 pages, that they are colloquially known as phone books. Sold at newspaper stands and in convenience stores, they often attract crowds of people who gather to read their favorite magazine. Containing sections addressing the manga industry on an international scale, the different genres, formats and artists, as well the fans themselves, *Manga: An Anthology of Global and Cultural Perspectives* is an important collection of essays by an international cast of scholars, experts, and fans, and provides a one-stop resource for all those who want to learn more about manga, as well as for anybody teaching a course on the subject.

" I cannot imagine happiness without this man by my side, if he is not nearby, I lose calmness, I need to see him as I'm feeling so bad..." You wake up anxious, you are anxious at the office too, you talk to the people but anxiety remains, later in the evening you are anxious at home too...everything turned into chaos! Your heart beats stronger at the only thought about him. Your thoughts quickly develop and you already imagine your next date. You suddenly postpone any other engagements just to see him and to make your agenda free. Suddenly, you are not interested in meeting other men. Now you are focused only on him. You wonder what to do in order to develop faster your

relationship. You try to make him discuss subjects like "what he would do in the situation x", taking into consideration that you want to make your relationship special as soon as you can. While you think about all this, he wonders if it is worth contacting you again. Ironically, even if you think about serious relationship, his reaction is running away. " I'm not feeling ready yet", "you're amazing girl but I don't want a serious relationship", "I was very busy at work and was unable to contact you". Let's say it directly: all these are lies! But the strangest fact is that we women do accept it. Instead of feeling later abandoned or humiliated, it would be better to start from the beginning again. It is high time to put an end to this vicious circle! If he does not treat you well, do not try to hide this thing and realize this in order to have the possibility to change the things. It is true that the process of conquest can never be easy, but some advice can be useful for conquering your man without exaggerating with sacrifices, i.e. in wise way and applying the most efficient techniques so that you keep "the target" into your hands. I shall present a technique based on "step by step" system that will help you to achieve concrete results!
