Die Deutschen Und Das Europäische Mittelalter 1 4

2021-01-17

NEWTON LAWRENCE

International Adventures New Perspectives in German Pol Originally published in 1987, this book examines German governmental policy from 1969-1986 and explains this in terms of the political, economic and administrative dynamics of the (then) Federal Republic. The study includes analysis of the attitudes and the role of West German interest groups, political parties, public opinion, the legislature and the federal states regarding European policy. The book is based on extensive interviews as well as the authors' familiarity with the institutions and key players involved. It will appeal to students of German politics, the EU and international relations.

The Two German States and European Security Brandeis University Press

This collection of essays examines the relationship between West Germany and the German Democratic Republic in terms of economics and politics. The problems caused by the division of Germany in relation to European and international defence policies are also discussed.

The Franco-German Axis in European Integration

Routledge This study assesses the influence of German policy makers on EU policy and the impact of EU membership on foreign policy making at the national level. The book concludes that limitations remain on the Europeanization of German foreign and security policy and Germany's ability to play a leading role in military crisis management.

Generation Exodus Ashgate Publishing German law has been of long-standing interest and increasing relevance around the world, but access for researchers and practitioners very frequently was

limited by the necessity of German language proficiency. Offering English-language access to these fields, the *Annual of German & European Law* is a significant contribution to the global discourse on and study of German, European and Comparative law. Each volume presents: (1) articles – original, cutting-edge scholarship from the fields of German and European law; (2) jurisdictional reports – comments on the latest caselaw from Germany’s most significant courts and the case-law of the European courts having importance for Germany; (3) book reviews – surveying the most compelling recent literature (whether in the German or English language) in the fields of German and European law; and (4) translations – exclusive English-language versions of significant primary sources of German law, including statutes and court opinions). The first volumes of the *Annual of German & European Law* have attracted contributions from some of the most preeminent commentators, scholars and jurists in the fields, including, among others: Luke Nottage (Volume I); Juliet Lodge (Volume I); Alexander Somek (Volume I); Susanne Baer (Volume I); Renate Jaeger (Volume II); Günter Frankenberg (Volume II); Bootjan Zupančič (Volume II); Nigel Foster (Volume II) The third volume maintains this tradition of high quality, peer-reviewed scholarship with contributions expected from Gertrude Lübbe-Wolff (Justice, German Federal Constitutional Court) and Christian Joerges (European University Institute).

Germany and the Common Foreign and Security Policy of the European Union Nomos Verlag

How do museums confront the violence of European colonialism, conquest, dispossession, enslavement, and

genocide?

Germany, from the Earliest Period
Cornell University Press

The book provides readers with an overview of the unique features of German business and enterprise law and an in-depth analysis of the organs of governance of German public limited companies (general meeting, management board, supervisory board). In addition, approaches for reforms required at the international level are also suggested and discussed, including, among others, the unique interplay and dynamics of the German two-tier board model with the system of codetermination, referring to the arrangement of employees sitting on the supervisory boards of German public limited companies and private companies employing more than 500 employees; also covered are significant recent legal developments in Europe. The book highlights the core function of valuation and financial reporting at the international, European and German levels, with accounting as the documentary proof of good corporate governance. Corporate governance encompasses the free enterprise system, which is treated comprehensively in this book from a German perspective. This distinguishes the book from other books written in English in this subject area, not only because of the comprehensive way it covers German corporate law and corporate governance, but also because of the fact that it provides international and European perspectives on these important topics. The book is addressed to researchers, practitioners and basically anyone with an interest in the complex, but intriguing areas of corporate law and corporate governance.

A Short History of the German Language (RLE Linguistics E: Indo-European Linguistics) Tectum Verlag DE

This text examines the Franco-German relationship in the EU in relation to different policy sectors. It assesses the nature and importance of the relationship for the policy process. *Seen in Germany* Boydell & Brewer Among Jews in the Diaspora, recent years and especially recent months have seen a growing disenchantment with Israeli politics and with Israel's claim as the only legitimate basis for Jewish existence. At the same time, European Jews have begun to reassert their own traditions in contrast to both America and Israel. As the case of German Jewry makes clear, much of this return of Diaspora comes from the Jewish periphery: women, Russian Jewish immigrants, Jews not recognised by Jewish law and Gays and Lesbians. But German Jews are also facing the involvement of non-Jewish Germans in Jewish culture, as both a boost and as an irritant. Ten internationally distinguished scholars are addressing these and other issues.

German Unification in the European Context Springer

... A three-volume reassessment of the last five centuries of German history ... German Policy-Making and Eastern Enlargement of the European Union During the Ko Harvard University Press *Turning Points in Modern Times* focuses on events after 1917: the rise of Nazism on the Right and authoritarianism on the Left. Bracher provides an incisive framework for understanding the great ideological confrontation of this century-- democracy versus totalitarianism in the forms of fascism, Nazism, and communism. His analysis of the

outcomes underscores the significance and power of democratic values and governments. The doyen of German political history, Karl Dietrich Bracher extends the argument against dictatorship that runs through his life's work, offers a blueprint for dealing with the recent past of the communist East German State (DDR), looks at the true facts of the Stasi collaboration, and challenges misperceptions of Hitler, Stalin, and others. He demonstrates the kinship between fascism and communism, considers Weimar and liberalism, assesses the legacy of Nazism, and outlines the ethos of democracy. In all this Bracher exposes the twentieth-century threats to the democratic state so that they can never again subvert representative government. A founder of the new history of Germany, which considers the larger context for Hitler and illuminates events through the theories of social science and the values of liberalism and democracy, Bracher writes in the tradition of Acton, Burckhardt, Croce, and Dahrendorf. This is a vital history lesson for our turbulent times, when once more democracy is on the march after a twilight century.

The New German Jewry and the European Context Berghahn Books Complementing the highly successful online German Law Journal, this new publication aims to deepen and develop some of the issues discussed in the Journal as well as to take up new questions and directions of commentary. Focusing on pressing legal questions of socio-political relevance, it offers scholarly articles, reports, book reviews and selected statutes or court decisions in English translation in all fields of German and European Law. The main objective is to offer border-transcending

and interdisciplinary research into fast moving areas of the law, often involving a complex array of institutional, political, and private actors.

The New Security Concept and German-French Approaches to the European "Pillar of Defence," 1990-2000 Princeton University Press

This innovative volume analyzes historical, strategic and domestic political influences on the character and dynamics of the European Union's eastern enlargement. Steve Wood provides an eclectic and topical appraisal, and the book is recommended to those with interests in contemporary Germany, Central and Eastern Europe, and European integration.

German Corporate Governance in International and European Context Legare Street Press

In der ersten Hälfte des 20. Jahrhunderts gab es in Deutschland sehr unterschiedliche Vorstellungen von Europa. Erst in den späten fünfziger und sechziger Jahren setzte sich das Modell eines liberal-demokratischen, eines westlichen Europas durch. Die lange Zeit konkurrierenden Europakonzepte verortet Vanessa Conze sowohl politikal als auch sozialhistorisch. Nicht zuletzt geht sie der Frage nach, in welchem Verhältnis die unterschiedlichen Europaideen zum Nationalsozialismus und insbesondere den nationalsozialistischen Plänen einer europäischen Ordnung standen. Gerade in diesem Zusammenhang wird deutlich, dass die Identifikation von Europagedanken und freiheitlicher Demokratie erst das Ergebnis jüngerer politischer Entwicklungen ist und es in Deutschland bis weit in die Nachkriegszeit hinein dauerte, bis ältere antidemokratische, antiliberalen oder antiwestliche Europavorstellungen

überwunden waren.

The Federal Republic of Germany and the European Community (RLE: German Politics) Walter de Gruyter

Fully revised and updated this fourth edition is a comprehensive introduction to the politics of the Irish republic. Includes coverage of the 1997 general election, and the creation of a new coalition of Fianna Fail and the Progressive Democrats under Bertie Ahern that year. Examines the implications of a written constitution, changes in the party system, the power of major interest groups, the role of the civil service, the position of the media and membership of the European union. Places the Republic in its international political context, examining its relationship with Britain and the United States and includes full coverage of recent developments such as the Good Friday Agreement and the 'Celtic Tiger' economy. Reflecting recent developments in Irish politics, the book now has an entire chapter devoted to political corruption.

Annual of German and European Law Psychology Press

What will German foreign policy look like in 2015? This book speculates by making a provocative argument: what drives German foreign policy is its power position in Europe and on the international stage. Crawford examines Germany's manoeuvres in the Balkans, its role in EMU, and its leadership in curbing Europe's proliferation of WMD technology.

Europe - Against the Tide Librairie Droz Examines how German-Jewish writers from Eastern Europe who migrated to Germany during or after the Cold War have widened European cultural memory to include the traumas of the Gulag. Armed Forces in Law Enforcement

Operations? - The German and European Perspective Springer

The German and the European
Routledge

This simple introduction to the history of the German language seeks to provide students who have some knowledge of modern German, but no knowledge either of its development or of linguistic theories, with a short account of the essential factors - chronological, geographical and linguistic - and their interrelation. The material is arranged in three parts. The first traces the history of the German language from its origins in Indo-European through the pre-documentary Germanic period and the Middle Ages to the present day. In the second part the development of the German vocabulary is described, including word formation, borrowing, and change in meaning; and the book concludes with a section on changes in sounds, grammatical forms, and syntax. Emphasis is placed on the development of the standard literary language in its historical and social context, while such topics as dialects and the relationship of

German to other Germanic and European languages are treated very briefly as the need arises. The inclusion of maps, some specimen passages of German its early stages, suggestions for further reading after each chapter, and an extensive classified bibliography also contribute to making this a useful introduction to the subject and a reliable foundation for more advanced work.

Europäische Stammtafeln Penn State Press

Was sind die gegenwärtigen Herausforderungen der Europäischen Union? Wie reagiert sie auf internationale Veränderungen und Krisen? Wie gelingt es ihr, auf ihre Kritiker in den Mitgliedsstaaten zu reagieren? 16 Beiträge von internationalen Experten geben auf diese Fragen eine Antwort.

The Franco-German Relationship in the European Union Edward Elgar Publishing
A comprehensive documentation, based mainly on original research, of the sources of the German dictionaries and vocabularies published between 1600 and 1700. With its 1,150 entries, it also provides information on numerous multilingual dictionaries, covering some 30 other languages.
