With her tousled blond hair and upturned nose, dark glasses and chic black dresses, she is top notch in style and a sensation wherever she goes. Her brownstone apartment vibrates with Martini-soaked parties as she plays hostess to millionaires and gangsters alike. Yet Holly never loses sight of her ultimate goal - to find a real life place like Tiffany's that makes her feel at home. Immortalized in a film starring Audrey Hepburn, Truman Capote's Breakfast at Tiffany's is full of sharp wit and in its exuberant cast of characters vividly captures the restless, madcap era of early 1940s New York. This edition also contains three stories: 'House of Flowers', 'A Diamond Guitar' and 'A Christmas Memory'. The New York Stories Insight Editions

The Call of the Wild and Free Harper Collins

Seminar paper from the year 2013 in the subject Communications - Movies and Television, grade: 1,7, Johannes Gutenberg University Mainz, course: Cultural Studies, language: English, abstract: The story of "Breakfast at Tiffany's" is well known: Holly, a young glamour girl, tries to find her way in New York City, relying on the favor of male benefactors who give her "powder-room change", while at the same time she keeps chasing her dream of marrying a rich millionaire. Paul Varjak, a young writer, falls in love with her and tries to convince her to settle down with him. The movie has become a crucial cultural reference. But before the film, there was a source text: a novella by the same title, written by Truman Capote and published in 1958. The film adaption was made only three years later, by director Blake Edwards, scriptwriter George Axelrod and the producers Martin Jurow and Richard Shepherd. Those who have read Capote's novella and have seen the film usually complain about huge difference between the two - and they undoubtedly have a point. However, adaptation studies have far too long concentrated on the issue of fidelity alone, implying that a story could just be projected on the screen without having to undergo change. But film and literature are two very different mediums and thus, in the process of an adaptation, transformation must occur. There is no need for proving that book and film are different - this has been discussed many times before and can be read in a great number of critical reviews. But there is much more to adaptation studies than a simple fidelity analysis. What I intend to do is to find out why book and film differ crucially in many points in order to prove that in spite of sharing (at least in big part) the same characters, the same setting, important parts of the story, key motifs and even often the same dialogues, the novella Breakfast at Tiffany's and the film based on it actually tell very different stories with very different, even contradictory underlying messages and thus with a very different

reception and impact.

Twenty-five years after her passing, Audrey Hepburn remains the most beloved of all Hollywood stars, known as much for her role as UNICEF ambassador as for films like *Roman Holiday* and *Breakfast at Tiffany's*. Several biographies have chronicled her stardom, but none has covered her intense experiences through five years of Nazi occupation in the Netherlands. According to her son, Luca Dotti, "The war made my mother who she was." Audrey Hepburn's war included participation in the Dutch Resistance, working as a doctor's assistant during the "Bridge Too Far" battle of Arnhem, the brutal execution of her uncle, and the ordeal of the Hunger Winter of 1944. She also had to contend with the fact that her father was a Nazi agent and her mother was pro-Nazi for the first two years of the occupation. But the war years also brought triumphs as Audrey became Arnhem's most famous young ballerina. Audrey's own reminiscences, new interviews with people who knew her in the war, wartime diaries, and research in classified Dutch archives shed light on the riveting, untold story of Audrey Hepburn under fire in World War II. Also included is a section of color and black-and-white photos. Many of these images are from Audrey's personal collection and are published here for the first time.

Do you believe in love at first sight? Paul Auster doesn't. Paul doesn't believe in much at all. He's thirty, slightly overweight, and his best features are his acerbic wit and the color commentary he provides as life passes him by. His closest friends are a two-legged dog named Wheels and a quasibipolar drag queen named Helena Handbasket. He works a dead-end job in a soul-sucking cubicle, and if his grandmother's homophobic parrot insults him one more time, Paul is going to wring its stupid neck. Enter Vince Taylor. Vince is everything Paul isn't: sexy, confident, and dumber

than the proverbial box of rocks. And for some reason, Vince pursues Paul relentlessly. Vince must be messing with him, because there is no way Vince could want someone like Paul. But when Paul hits Vince with his car--in a completely unintentional if-he-died-it'd-only-be-manslaughter kind of way--he's forced to see Vince in a whole new light. The only thing stopping Paul from believing in Vince is himself--and that is one obstacle Paul can't quite seem to overcome. But when tragedy strikes Vince's family, Paul must put aside any notions he has about himself and stand next to the man who thinks he's perfect the way he is.

The date is January 11, 1911. A young German paleontologist, accompanied only by a guide, a cook, four camels, and a couple of camel drivers, reaches the lip of the vast Bahariya Depression after a long trek across the bleak plateau of the western desert of Egypt. The scientist, Ernst Freiherr Stromer von Reichenbach, hopes to find fossil evidence of early mammals. In this, he will be disappointed, for the rocks here will prove to be much older than he thinks. They are nearly a hundred million years old. Stromer is about to learn that he has walked into the age of the dinosaurs. At the bottom of the Bahariya Depression, Stromer will find the remains of four immense and entirely new dinosaurs, along with dozens of other unique specimens. But there will be reversals—shipments delayed for years by war, fossils shattered in transit, stunning personal and professional setbacks. Then, in a single cataclysmic night, all of his work will be destroyed and Ernst Stromer will slip into history and be forgotten. The date is January 11, 2000—eighty-nine years to the day after Stromer descended into Bahariya. Another young paleontologist, American graduate student Josh Smith, has brought a team of fellow scientists to Egypt to find Stromer's dinosaur graveyard and resurrect the German pioneer's legacy. After weeks of digging, often under appalling conditions, they fail utterly at rediscovering any of Stromer's dinosaur species. Then, just when they

are about to declare defeat, Smith's team discovers a dinosaur of such staggering immensity that it will stun the world of paleontology and make headlines around the globe. Masterfully weaving together history, science, and human drama, *The Lost Dinosaurs of Egypt* is the gripping account of not one but two of the twentieth century's great expeditions of discovery.

Everyone, it seems, is a fan of Audrey's. She was Gigi, a princess, Holly Golightly, a nun, Maid Marian, even an angel. And we believed her in every role. But Audrey Hepburn was also one of the most admired and emulated women of the twentieth century, who encouraged women to discover and highlight their own strength. By example, she not only changed the way women dress--she forever altered the way they viewed themselves. But Audrey Hepburn's beauty was more than skin deep. "You know the Audrey you saw onscreen? Audrey was like that in real life, only a million times better," says designer Jeffrey Banks. For the first time, this style biography reveals the details--fashion and otherwise--that contributed so greatly to Audrey's appeal. Drawing on original interviews with Hubert de Givenchy, Gregory Peck, Nancy Reagan, Doris Brynner, and Audrey Wilder, as well as reminiscences of professional friends like Steven Spielberg, Ralph Lauren, noted Hollywood photographer Bob Willoughby, Steven Meisel, and Kevyn Aucoin, Audrey Style brings the Audrey her family and friends loved to life. With more than ninety color and black-and-white photographs, many of which have never before been published, and original designer sketches from Edith Head, Hubert de Givenchy, Vera Wang, Manolo Blahnik, Alexander McQueen, and others, Audrey Style gives measure to the grace, humor, intelligence, generosity, and inimitable fashion sense that was Audrey Hepburn.
