Excerpt from The Radford Ideal Homes: 100 House Plans 100 Lumber Bi We do not furnish a lumber bill. We state this here, as some people seem to think that a. Lumber bill should accompany each set of specifications. In the first place, our plans are gotten up very plain, and any car penter who cannot in a few minutes take off the bill of lumber from these plans is not the man to build your house. Another reason why we send no lumber bill is that houses from these designs are being built in all parts of the country; from the Atlantic to the Pacific and from Hudson Bay to the Gulf of Mexico. Houses when finished may look the same, whether built in Florida or Canada, but the same material would not be used, for the reason that custom and the seasons will it

differently. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
