Novelist, poet, cultural critic, Margaret Atwood is one of the most fascinating, versatile, and productive authors of our time, a superb writer in any genre she chooses to tackle. This book was prepared on the occasion of Atwood's sixtieth birthday in November 1999. Its first aim is therefore to take stock of Atwood's multifarious works and international impact at the height of her creative powers. Secondly, the book serves as a wide-ranging introduction to the writer and her works. Fifteen informative articles written specifically for this volume by Atwood specialists from Canada, the USA, the UK, Germany, and France treat her life and status, her works (up-to-date survey articles on Atwood's novels, short fiction, poetry, and literary and cultural criticism), and important approaches to her works (from the standpoints of gender politics, mythology, ecology, popular culture, constructivism, and Canadian nationalism). A final

section on creativity, transmission, and reception includes an interview with Atwood on creativity, statements by some of Atwood's important transmitters, including publishers, editors, literary agents, and translators, and some 15 statements by Atwood's fellow writers, in which they explore her importance for them. A number of photographs of Atwood, several cartoons drawn by her, an up-to-date bibliography of works by and about Atwood, and an index round out the volume. Reingard M. Nischik is Professor of American literature at the University of Konstanz, Germany.

Crochet lovers will embrace *Hooked for Life: Adventures of a Crochet Zealot*, a book that lovingly and humorously explores the craft of crochet and is written by a true crochet zealot. Mary Beth Temple, a well-known author in the crafting world and a self-admitted crochet junkie, gives an insider's look at what makes real crocheters tick and laugh with a number of humorous essays. Excerpt from the book: "Just the other day I uttered a phrase that stopped traffic in my household, a phrase I never in a million years thought I would utter. I was sorting through yet another box of yarn that appeared as if by magic, trying to lower the square footage of wool that is all over my living room, and in frustration I yelled out "I have too much yarn!" You could hear crickets chirping in the aftermath--my daughter looked at me as if I had three heads, even the dog cocked her head and started to slink slowly away from the crazy woman. Did I really say I had too much yarn? Was I sick with fever?"

Enduring Grace Martingale

The renowned Ohio quilt artist draws on places and objects in her daily life to craft beautiful modern quilts, encouraging your own creative journey. For Heather Jones, inspiration can be anywhere. For her debut book, *Quilt Local*, she designed a collection of twenty quilts, each inspired by objects and places close to home—country roads, cityscapes, street signs—the landscape of her existence. Then, in a fascinating exercise in color theory and design play, she reworked each one in a second palette to show what a striking difference just a few basic changes can make. Pattern by pattern, Jones takes readers behind the scenes of her

process, sharing photographs of her sources of inspiration, sketchbook pages, and the finished quilts. In addition, she offers an accessible lesson in color theory as it applies to quilting. "Jones, founder of the Cincinnati Modern Quilt Guild, translates architecture into quilt patterns that have 'a strong visual component' . . . The simplicity of her designs is well suited for beginners, while the modern aesthetic will attract more experienced quilters." —Publishers Weekly "The author takes quilters inside her studio for a firsthand look at her process for designing and piecing . . . Modern quilters who enjoy a minimalist style are likely familiar with Jones's work and will appreciate the insights into her process. The presentation is reminiscent of Denyse Schmidt's *Modern Quilts, Traditional Inspiration*." —Library Journal
