**Quran English Translation** ClearQuran A new translation of the Holy Quran. The Holy Quran, also spelled as Koran, is the central religious text of Islam, considered by Muslims to be a revelation from God, or Allah in Arabic. The Quran is divided into chapters called surahs, which are then divided into verses. The Quran is written in classical Arabic and is considered the finest piece of literature in the Arabic language. Muslims believe that the Quran was verbally revealed by God to the Prophet Muhammad through the angel Gabriel over a period of approximately 23

years, beginning in 610 CE, when Muhammad was 40, and concluding in 632 CE, the year of his death. Muslims regard the Quran as the most important miracle of Muhammad, a proof of his prophethood, and the culmination of a series of divine messages that started with the messages revealed to Adam and ended with Muhammad. The Quran touches upon various aspects of human life. It provides guidelines on morality, ethics, law, justice, business, and personal conduct. It also discusses stories of previous prophets and their communities, some of which are shared with Jewish and Christian traditions, though the interpretations may differ. Additionally, the Quran emphasizes the unity of God, the importance of

following His guidance, and the consequences of ignoring His commandments in this life and the next. It presents a worldview that balances life in this world with preparation for the eternal life after death. In Muslim practices, the Quran is recited in daily prayers and during special religious occasions. Hafizs, or those who have memorized the entire Quran, are respected in Muslim communities. The highest quality of recitation, Tajweed, involves pronunciation and intonation rules to recite the Quran the way Prophet Muhammad did. It's also important to note that many translations of the Quran exist, but they are considered interpretations of the meaning, as Muslims believe that the Arabic text of the Quran is

the literal word of God, and thus it cannot be perfectly translated into another language. zoonra.com

My Japanese translation of the 5 Paras of the holy Quran is published in 2 separate volumes. Detailed explanations or Tafseer of all Surahs of Last Para 30 is provided in the 1st volume. This is a first attempt in Japanese language to present Tafseer of any part of the holy Quran. The 2nd volume is simply translation without detailed explanations. All basic concepts of Tauheed, Risalat and Akherat have been explained in detail in these explanations in the light of Quranic verses and the basic morality standards required by a Muslim have also been explained in detail, as urged in various verses. In the beginning, in order to show the importance of trying to understand holy Quran, the influencing power of the Quranic eloquence has also been elaborated with the detailed story of Meccan non-believers prostrating in Sajda while our Prophet was reciting Surah An-Najm. As the news of this Sajda spread, rumors spread all over Arabia that non-believers of Mecca have adopted Islam. As a result, some persecuted migrant Muslims came back to Mecca from Habsha due to such rumors. However, this story shows the power of Quranic verses and

the strong effect they create even on non-believers. TRUE STORY OF A NON-MUSLIM JAPANESE GIRL WHOSE CANCER WAS CURED AND THUS HER LIFE WAS SAVED WITH THE POWER OF QURANIC RECITATION Showing the power, influence and the effects of the holy Quran study, I have also written in the beginning in Japanese a true story of a non-Muslim Japanese girl whose life was saved by the power of Quran recitation even without understanding the meaning of the Quranic verses. She used to attend free lessons to learn Arabic language at the Saudi Arabian Institute in Roppongi area of Tokyo downtown. She was told by her doctors that her cancer has grown so much that she will die as a result of it within a month and that doctors have no cure for such a wide-spread cancer in her body. As there was no cure and the doctors had told her just to wait for her death within a month, she got some audio CDs of the holy Quran from the Saudi Institute and started listening to them daily from morning till the time to go to bed for sleep. After a month she again went to the same doctors and got herself examined for cancer. Doctors were also surprised to find that all

cancer symptoms had been cleared and wiped out of her body. Thus her life was saved just by listening to the holy Quran with the faith that Allah has the power to cure her. [Completed on Friday, September 25, 2015] This Japanese translation and Tafseer is based on his internationally renowned, most authentic 6-Volume Tafheem-ul-Quran. It has been translated in various languages and is widely used in Pakistan, Turkey, Arabian Countries, Russia and others. He had personally authorized and instructed me to translate it into Japanese and had offered copyright for its Japanese version, while I visited his office in Lahore, Pakistan. If my age permits, I have to translate remaining 25 Paras and write detailed Tafseer of remaining 29 Paras, as I have already completed Tafseer of last Para 30. The Noble Qur'an is the speech of Allah Almighty, the lasting miracle, and the conclusive evidence against all mankind and jinn. It is the foremost source of Islam, epitomizing the ultimate perfection, magnificence, miraculousness, and eloquence. It is a standing proof against all

those who are accountable to their Lord. Allah Almighty commanded us to convey it to all people. We are greatly pleased to present this new translation - Explanation of the Meanings of the Noble Qur'an in the English Language - as a service for English speakers worldwide. It is noteworthy that no matter how accurate any translation of the meanings of the Qur'an may be, it will still fall short in conveying the transcendent meanings of the miraculous Qur'anic text, and that the meanings conveyed by this translation is only the product reached by the extent of the team's knowledge as far as understanding this Sacred Book. Hence, this translation cannot be error-free, as is the case with any human endeavor.

INTRODUCTIONThe Qur'an is the Protected Word of Allah. It is protected by Allah

Himself from any possibility of change, error or contradictions. It is His Word as it has no input besides His own. For Muslims it is the Basis of Islam itself, as the fundamental teachings of the din stem from this Divine source. The last Juz' (or Para - section) is a collection of the shortest chapters of the Qur'an. While these chapters may be short in length, the depth of their verses and the forcefulness and power of their messages give this section a significance of its own. These short chapters can be very easily learnt by people who can read Arabic as well as those who cannot. An obvious advantage of committing even a few of these to heart is that one has a portion of the Qur'an to recite in Salah, the second pillar and primary Fard act for Muslims. It is thus recommended that at least the last ten Surahs are committed to memory. We remind the readers of the importance of the correct pronunciation of each letter and the correct recitation of all the intertwining words and passages. This is Tajwid, and it is a science which must be practically acquired. We, therefore, re-emphasise the need of learning how to read Arabic, from someone competent as

this cannot be done otherwise, even with the very best of transliterations. May Allah enlighten our lives around its wisdom. [Tafsir Ibn Kathir Juz' 17 \(Part 17\)](#) Turath Publishing

Perhaps the best Quran English translation. It is clear, easy to read, and very faithful to the Arabic original. It closely follows the Arabic text, and often reminds the reader of the Arabic original. It uses today's English language, and today's English vocabulary, thus it is easy to read and understand. The flow is smooth, the sentence structure is simple, the meaning is clear. This Quran translation has no interpretations, no footnotes, and no explanations. The text purely and accurately translates the Holy Quran, from Arabic, into contemporary English. It was translated by a Muslim, who saw firsthand the miracles inside the Quran. His native language is Arabic; his everyday language is American English. For 15 years, he studied the Quran. For many years, he translated speech between his mother and his wife. For a living, he develops quality

No longer should any Quran reader be deprived of the beautiful meaning of The Holy Quran as they read it just because they don't speak Arabic. Nothing is more satisfying than understanding the meaning of the Quran as you read it without going to its translation. For the first time and for those who can read Quran in Arabic at an introductory level, a successful method for learning the meaning of The Quran without a need to learn the complex Arabic language is presented in a series of books. The approach is based on the "major words" used in Quran. The students or self-learners, through exercises and easy-to-understand introductory grammars, learn the "major words" used in Quran. For instance, upon completion of Book 1, the students can understand 40% of the meaning of Quran by learning only 110 words which are used 30,000 times in Quran. The author taught the first three books in this series a few times as a test. The results were just amazing and spectacular all the way!! All his students were quite uplifted by how much they could understand when they read Quran

upon completion of only the first book.

The Holy Quran, translated by Abdullah Yusuf Ali, is a widely popular edition renowned for its high-quality English translation. This sacred book of Islam is believed to be the word of God, revealed to Prophet Muhammad over a period of 23 years through the angel Gabriel. While it was initially committed to memory by his companions, literate believers made written copies during the Prophet's lifetime. The first full compilation of the Quran was done by the first Caliph Abu Bakar, and later recompiled in the original dialect by the third Caliph Uthman. Muslims believe that the truth of the Quran is fully revealed only in classical Arabic. However, with the growing influence of Islam in the modern world, translations play an important role in introducing and explaining the religion to a wider audience. This particular translation by Abdullah Yusuf Ali is considered the most faithful rendering of the Quran in English.

The Quran, a book which brings glad tidings to mankind along with divine

admonition, stresses the importance of man's discovery of truth on both spiritual and intellectual planes. Every book has its objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life. The main themes of the Quran are enlightenment, closeness to God, peace and spirituality. The Quran uses several terms, tawassum, tadabbur, and tafakkur, which indicate the learning of lessons through reflection, thinking and contemplation on the signs of God scattered across the world. The present translation of the Quran and its explanatory notes are written keeping in mind these very themes.  The Meaning of the Glorious Quran (1930) is an explanatory English Language translation of the Quran by Marmaduke Pickthall. In 1928, Pickthall took a two-year sabbatical to complete his translation of the meaning of the Quran, a work that he considered the summit of his achievement. Pickthall noted the

impossibility of perfectly translating the Arabic into English, and he titled his work The Meaning of the Glorious Koran (A. A. Knopf, New York 1930). It was the first translation by a Muslim whose native language was English, and remains among the two most popular translations, the other being the work of British-Indian barrister, Abdullah Yusuf Ali.
