TOPGUN Lessons From The Sky Simon and Schuster
 #1 NATIONAL BESTSELLER • A passionate call to arms against our era's most pervasive human rights violation—the oppression of women and girls in the developing world. From the bestselling authors of *Tightrope*, two of our most fiercely moral voices With Pulitzer Prize winners Nicholas D. Kristof and Sheryl WuDunn as our guides, we undertake an odyssey through Africa and Asia to meet the extraordinary women struggling there, among them a Cambodian teenager sold into sex slavery and an Ethiopian woman who suffered devastating injuries in childbirth. Drawing on the breadth of their combined reporting experience, Kristof and WuDunn depict our world with anger, sadness, clarity, and, ultimately, hope. They show how a little help can transform the lives of women and girls abroad. That Cambodian girl eventually escaped from her brothel and, with assistance from an aid group, built a thriving retail business that supports her family. The Ethiopian woman had her injuries repaired and in time became a surgeon. A Zimbabwean mother of five, counseled to return to school, earned her doctorate and became an expert on AIDS. Through these stories, Kristof and WuDunn help us see that the key to economic progress lies in unleashing women's potential. They make clear how so many people have helped to do just that, and how we can each do our part. Throughout much of the world, the greatest unexploited economic resource is the female half of the population. Countries such as China have prospered precisely because they emancipated women and brought them into the formal economy. Unleashing that process globally is not only the right thing to do; it's also the best strategy for fighting poverty. Deeply felt, pragmatic, and inspirational, *Half the Sky* is essential

reading for every global citizen.

From bestselling author Chelsea Sedoti comes the unforgettable story of the one small town's biggest hoax and the two brothers who started it all, perfect for readers who want funny books for teens. This is the absolutely true account of how Lansburg, Pennsylvania was invaded by aliens and the weeks of chaos that followed. There were sightings of UFOs, close encounters, and even abductions. There were believers, Truth Seekers, and, above all, people who looked to the sky and hoped for more. Only...there were no aliens. Gideon Hofstadt knows what really happened. When one of his science experiments went wrong, he and his older brother blamed the resulting explosion on extraterrestrial activity. And their lie was not only believed by their town—it was embraced. As the brothers go to increasingly greater lengths to keep up the ruse and avoid getting caught, the hoax flourishes. But Gideon's obsession with their tale threatens his whole world. Can he find a way to banish the aliens before Lansburg, and his life, are changed forever? Told in a unique report format and comprised of interviews, blog posts, text conversations, found documents, and so much more, *It Came from the Sky* is a hysterical and resonant novel about what it means to be human in the face of the unknown. A great pick for readers looking for: funny, quirky, and wholly original stories that will stick with you books for teen boys alien invasion fiction conversation starters about the meaning of facts and truth teen books for boys ages 13-16 gifts for teen girls 16-18 Praise for *It Came from the Sky*: "A page-turner as engrossing as any classic *Twilight Zone* starring two spirited brothers who run circles around the Hardy Boys."—Ben Philippe, Morris Award-winning author of *The Field Guide to the North American Teenager* "Well written...Believable characters facing realistic teenage issues coupled with a thematic

exploration of wishes, fears, and principles of honesty and ethics will help to keep readers' attention."—School Library Connection "A balanced exploration of maturity, vulnerability, human connection, and our innate desire to believe."—Kirkus Reviews "Sedoti will draw readers in with the outrageous situation and the town's amusing aspects, such as a 63-foot lava lamp, but she truly excels with Gideon—a unique character whose desire for recognition and achievement is universal."—Publishers Weekly "[A] quirky, intelligent novel ... Big questions of morality, cosmic insignificance, and human connection ground this novel even as it ponders the stars."—Booklist Also by Chelsea Sedoti: *The Hundred Lies of Lizzie Lovett* *As You Wish*

Belief in the coming of a Messiah poses a genuine dilemma. From a Jewish perspective, the historical record is overwhelmingly against it. If, despite all the tragedies that have befallen the Jewish people, no legitimate Messiah has come forward, has the belief not been shown to be groundless? Yet for all the problems associated with messianism, the historical record also shows it is an idea with enormous staying power. The prayer book mentions it on page after page. The great Jewish philosophers all wrote about it. Secular thinkers in the twentieth century returned to it and reformulated it. And victims of the Holocaust invoked it in the last few minutes of their life. This book examines the staying power of messianism and formulates it in a way that retains its redemptive force without succumbing to mythology.

A broken past and a divided future can't stop the electric connection of two teens in this epic series opener from the author of the New York Times and USA TODAY bestselling Keeper of the Lost Cities series. Seventeen-year-old Vane Weston has no idea how he survived the category five tornado that killed his parents. And he has no idea if the beautiful, dark-haired girl who's swept through his dreams every night since the storm is real. But he hopes she is. Seventeen-year-old Audra is a sylph, an air elemental. She walks on the wind, can translate its alluring songs, and can even coax it into a weapon with a simple string of commands. She's also a guardian—Vane's guardian—and has sworn an oath to protect Vane at all costs. Even if it means sacrificing her own life. When a hasty mistake reveals their location to the enemy who murdered both of their families, Audra's forced to help Vane remember who he is. He has a power to claim—the secret language of the West Wind, which only he can understand. But unlocking his heritage will also unlock the memory Audra needs him to forget. And as the storm bears down on them, she starts to realize the greatest danger might not be the warriors coming to destroy them—but the forbidden romance that's grown between them.

I'M GOING DOWN, I'M GOING D-"So begins the literary thrill ride that is "The Last Bush Pilots." Author, airline Captain and popular blogger Eric Auxier brings his former bush flying to life in his second novel, "The Last Bush Pilots." Two young pilots, Daniel "DC" Alva and Allen David Foley, take on the world's most dangerous flying: the Alaska bush. But Mother Nature—and a sexy Native Alaskan—stand in their way. Southeast Alaska Seaplanes, Juneau. Retired airline Captain Dusty Tucker pilots a renegade band of flying misfits. Meet legendary bush pilot Jake "Crash" Whitakker, equally adept at landing planes and ladies—and "crashin' 'em" as well; prankster pilot Ralph Olaphsen, who once set an extinct volcano ablaze on April Fool's Day; and no-nonsense Check Airman Holly Innes, trying to cut a respectable niche in the notoriously macho bush pilot world—while escaping a dangerous past. Amid Alaska's volatile skies, DC and Allen face escalating challenges in and out of the cockpit. As the two "cheechackos," or greenhorns, learn the ropes, they are also roped into Crash and Ralph's hare-brained scheme, "Operation Dirty Harry." Under the suspicious nose of

Draconian FAA Inspector Frederick Bruner, the pilots hatch a plot to hijack and rescue a planeload of orphaned bear cubs. Moreover, mischievous Tlingit Indian Tonya Hunter, as wild and unpredictable as the land in which she lives, plays the two lovestruck cheechackos against each other. But the true villain of the story is Mother Nature herself. Alaska's notoriously fickle weather and rugged terrain take on a life of its own. Can the two cheechackos survive Her relentless onslaught and launch their fledgeling airline careers? "Eric Auxier is the next Tom Clancy of Aviation." -Tawni Waters, Author, "Beauty of the Broken," "Siren Song," Grand Prize Recipient - "Best Travel Writers of 2010." "With over 12,000 hours of Alaskan bush flying, reading 'The Last Bush Pilots' was like looking in a mirror. Nice work, Eric." -CloudDancer, Author, "CloudDancer's Alaskan Chronicles" "Eric paints a picture of flying with words that are every bit as beautiful and moving as anything ever drawn or photographed." -Aviationguy.com "I flew through The Last Bush Pilots in one sitting, keeping my seatbelt securely fastened. The English Catalogue of Books Peace Hill Press Kerry McCauley has the job most pilots can only dream of: delivering small used aircraft to locations around the world. In his 30 years as an international ferry pilot, Kerry has delivered almost every kind of airplane you can name to almost every location you can think of. In his long career Kerry battled fuel system malfunctions over the Atlantic, a total electrical failure at night over the Sahara, getting lost over Africa and getting struck by lightning off the coast of Portugal. Not to mention losing his engine and having to fly dead stick in a thunderstorm. Kerry's almost insatiable, reckless quest for danger and adventure also led to putting international smuggler and bank robber on his resume. Kerry found the answer to the question "What could possibly go wrong?" time and time again. But his skill, ingenuity and a heavy dose of luck were what allowed him to survive the countless mishaps, catastrophes, close calls and a nearly fatal plane crash. While Ferry Pilot is a riveting account of one man's crazy thirst for thrills and adventure, it's also a portrait of a brave and devoted family man who lost many close friends, including his first wife, to the dangerous skies. Under the Same Sky Springer Nature One of the New York Times' 100 Notable Books of 2015 One of Financial Times' Books of the Year, 2015 A New York Times Editors' Choice A New Statesman [UK] Essential Book of the Year 2015 A Times [UK] Book of the Year 2015 Shortlisted for the 2015 Samuel Johnson Prize for Nonfiction Shortlisted for the 2016 Orwell Prize When Emma Sky volunteered to help rebuild Iraq after the overthrow of Saddam Hussein in 2003, she had little idea what she was getting in to. Her assignment was only supposed to last three months. She went on to serve there longer than any other senior military or diplomatic figure, giving her an unrivaled perspective of the entire conflict. As the representative of the Coalition Provisional Authority in Kirkuk in 2003 and then the political advisor to US General Odierno from 2007-2010, Sky was valued for her knowledge of the region and her outspoken voice. She became a tireless witness to American efforts to

transform a country traumatized by decades of war, sanctions, and brutal dictatorship; to insurgencies and civil war; to the planning and implementation of the surge and the subsequent drawdown of US troops; to the corrupt political elites who used sectarianism to mobilize support; and to the takeover of a third of the country by the Islamic State. With sharp detail and tremendous empathy, Sky provides unique insights into the US military as well as the complexities, diversity, and evolution of Iraqi society. *The Unraveling* is an intimate insider's portrait of

how and why the Iraq adventure failed and contains a unique analysis of the course of the war. Highlighting how nothing that happened in Iraq after 2003 was inevitable, Sky exposes the failures of the policies of both Republicans and Democrats, and the lessons that must be learned about the limitations of power. *Bones Would Rain from the Sky* Little, Brown Books for Young Readers
