We live in a culture that's all about self, becoming the best "me" I can be instead of becoming like Jesus. This me-centered message affects every area of our lives--our friendships, our marriages, even our faith--and it breaks each one in different ways. The self-focused life robs our joy, shrinks our souls, and is the reason we never quite break free of insecurity. In this book, Sharon Hodde Miller invites us into a bigger, Jesus-centered vision--one that restores our freedom and inspires us to live for more. She helps readers - identify the secret source of insecurity - understand how self-focus sabotages seven areas of our lives - learn four practical steps for focusing on God and others - experience freedom from the burden of self-focus Anyone yearning for a purpose bigger than "project me" will cherish this paradigm-shifting message of true fulfillment.

Over thirty years ago, Chuck Eichten was diagnosed with Type I diabetes. Now he's created the book he wishes someone had given him, compiling the (sometimes unconventional) lessons he and his doctors have learned about what you should do to make life with diabetes better--and also what you shouldn't (or, as Chuck advises his readers, "Save time, learn from the idiot"). The *Book of Better* doesn't look or sound like any other book on the diabetes shelf. Empowering and entertaining, it covers topics like "What is Diabetes, Exactly?"; "The Bottom Ten Worst Things about Diabetes" and "The Top Three Best Things about Diabetes"; and "How to Have Diabetes and Not Have a Food Obsession." Years of living with diabetes convinced Chuck that he and others like him don't need to feel like patients when they are reading about their condition. Like anyone, they want to understand, but they also want to be inspired, amused and entertained. Diabetes may be a painful challenge, but it can also be funny, and preposterous, and an opportunity to learn. Ultimately, Chuck's upbeat message is that diabetes is something we can make better. Infused with personality, humour and empathy, *The Book of Better* shows how people with diabetes and their families can make life excellent.

Nat Love's memoir *Life and Adventures of Nat Love* is one of the only firsthand accounts of an African American cowhand in the western United States from this period. Love and his parents were owned by planter Robert Love, and after Emancipation, his parents remained on Love's plantation as sharecroppers while Nat left and headed west. He found work as a cowboy, first on the Duval Ranch in the Texas panhandle, then on the Gallinger Ranch in southern Arizona. Love's narrative details his many adventures and exploits, such as being captured and shot by Pima Indians, who eventually spared his life because they sympathized with his plight as a black man. In *Deadwood*, Dakota Territory, he entered a rodeo, winning \$200 and the nickname *Deadwood Dick*, a reference to a literary character from a dime novel of the day. Published in 1907, *Life and Adventures of Nat Love* would help to make Love a black folk hero of the Old West. A DOCSOUTH BOOK. An Incredible Journey of Determination and Recovery In 2005, Ted

W. Baxter was at the top of his game. He was a successful, globe-trotting businessman with a resume that would impress the best of the best. In peak physical condition, Ted worked out nearly every day of the week. And then, on April 21, 2005, all that came to an end. He had a massive ischemic stroke. Doctors feared he wouldn't make it, or if he did make it, he would be in a vegetative state in a hospital bed for the rest of his life. But miraculously, that's not what happened . . . In *Relentless*, Ted W. Baxter describes his remarkable recovery. Not only did he live, but he's walking and talking again. He moves through life almost as easily as he did before the stroke; only now, his life is better. He's learned that having a successful career is maybe not the most important thing. He's learned to appreciate life more. He's learned that he wants to help people--and that's what he does. He gives back, volunteering his time and effort to help other stroke victims. *Relentless* is a wonderful resource for stroke survivors, caregivers, and their loved ones, but it is also an inspiring and motivating read for anyone who is facing struggles in their own life.

Oliver Wendell Holmes Jr. once said, "A mind stretched by a new idea can never go back to its original dimensions." For a control freak like myself, this is no small matter. *Making Life Better* is an invitation to own our part of our making and embrace our unique opportunities to make our lives better. It's about making routine and daily choices of action, reaction, thought and feeling more profoundly connected to who we are, what we desire and what's most important to us. It's an invitation to turn off our auto-pilot setting and allow our sense of purpose, identity and direction to break into our lives with greater wisdom, clarity and intention. It's a recognition that a meaningful, fulfilling and happy life is really nothing more, though certainly nothing less, than a very long series of meaningful, fulfilling and happy moments. How we experience each of those moments is always completely within us.

*Don't Miss Out* Thomas Nelson

"In this warm, wise, and witty overview, Jonathan Rauch combines evidence and experience to show his fellow adults that the best is yet to come." --Steven Pinker, bestselling author of *Enlightenment Now* This book will change your life by showing you how life changes. Why does happiness get harder in your 40s? Why do you feel in a slump when you're successful? Where does this malaise come from? And, most importantly, will it ever end? Drawing on cutting-edge research, award-winning journalist Jonathan Rauch answers all these questions. He shows that from our 20s into our 40s, happiness follows a U-shaped trajectory, a "happiness curve," declining from the optimism of youth into what's often a long, low slump in middle age, before starting to rise again in our 50s. This isn't a midlife crisis, though. Rauch reveals that this slump is instead a natural stage of life--and an essential one. By shifting priorities away from competition and toward compassion, it equips you with new tools for wisdom and

gratitude to win the third period of life. And Rauch can testify to this personally because it was his own slump, despite acclaim as a journalist and commentator that compelled him to investigate the happiness curve. His own story and the stories of many others from all walks of life—from a steelworker and a limo driver to a telecoms executive and a philanthropist—show how the ordeal of midlife malaise reboots our values and even our brains for a rebirth of gratitude. Full of insights and data and featuring many ways to endure the slump and avoid its perils and traps, *The Happiness Curve* doesn't just show you the dark forest of midlife, it helps you find a path through the trees. It also demonstrates how we can—and why we must—do more to help each other through the woods. Midlife is a journey we mustn't walk alone. **Don't Live the Good Life; Live the Better Life** Author House

Thousands of black cowpunchers drove cattle up the Chisholm Trail after the Civil War, but only Nat Love wrote about his experiences. Born to slaves in Davidson County, Tennessee, the newly freed Love struck out for Kansas after the war. He was fifteen and already endowed with a reckless and romantic readiness. In wide-open Dodge City he joined up with an outfit from the Texas Panhandle to begin a career riding the range and fighting Indians, outlaws, and the elements. Years later he would say, "I had an unusually adventurous life." That was rare understatement. More characteristic was Love's claim: "I carry the marks of fourteen bullet wounds on different parts of my body, most any one of which would be sufficient to kill an ordinary man, but I am not even crippled." In 1876 a virtuoso rodeo performance in Deadwood, Dakota Territory, won him the moniker of Deadwood Dick. He became known as DD all over the West, entering into dime novels as a mysteriously dark and heroic presence. This vivid autobiography includes encounters with Bat Masterson and Billy the Kid, a soon-after view of the Custer battlefield, and a successful courtship. Love left the range in 1890, the year of the official closing of the frontier. Then, as a Pullman train conductor he traveled his old trails, and those good times bring his story to a satisfying end.

The founder of Better Life Bags, Rebecca Smith, teaches us how to take little steps, say yes when God calls, and follow the passion He has given us. Let love stretch you. As the founder of one of the most popular custom handbag companies in the country, Rebecca Smith knows a thing or two about business. A highly successful entrepreneur in a world where the focus is on scalability, brand strategy, and global marketing, Rebecca Smith also knows the truth: that every success she's experienced at Better Life Bags has been the result of very small, very ordinary, very obedient steps of faith. Moving from Savannah, Georgia, to Hamtramck, Michigan, was culture shock enough for Rebecca. But trying to feel at home in a city where twenty-six different languages were spoken and most of the inhabitants were immigrants seemed downright impossible. It was only when Rebecca recognized that God had called her to this specific neighborhood at this particular moment in time that his plans began to unfold for her. Stepping forward into the place God had called her - a place that seemed messy and uncomfortable and unfamiliar - Rebecca discovered the true secret to success: when we slow down, pay attention, and trust that still, small voice of God to guide us, we just might change the world. Though Rebecca never set out to build a brand or create an empire, God saw Rebecca's heart for others, and began to multiply her efforts in ways she could have never imagined, creating a company where women from different cultures, faiths, and backgrounds work together for the good of others - for a better life. As you read this inspiring story, you will discover how to hear and follow God's voice for yourself as you slow down, take one small step at a time, and make a difference in the world right where you are.

In our easily offended, cancel-culture society, learn how to replace perpetual frustration and anger with refreshing humility and gratitude. It turns out giving up your "right" to be offended can be one of the most freeing, healthy, simplifying, relaxing, refreshing, stress-relieving, encouraging things you can do. In *Unoffendable* you will find concrete, practical ways to live life with less stress, including: Adjusting your expectations to fit human nature Replacing perpetual anger with refreshing humility and gratitude Embracing forgiveness and beginning to love others in unexpected ways Newly revised with two brand-new chapters on forgiveness and what Hansen has learned since writing his original book, this updated edition of the bestselling book is a must-read for every Christian.
