Maximilian and his friends are living a double life, posing as royal counsellors for the despotic, pagan governor of Roman Philadelphia (present-day Jordan) while secretly spreading the outlawed religion of Jesus of Nazareth. As their brethren fall victim to torture and murder, their situation becomes more and more dire until they take a daring step that sends shockwaves throughout the whole Roman Empire. Although they are forced to flee, nonetheless, their story lives on as generation after generation carry on their epic battle and an unimaginable miracle changes their world forever. "The Idols Will Fall" is a unique presentation of the miraculous story of these young men referred to both in Christian historical literature and in the Qur'an. This is the story of the Sleepers of the Cave.

Wahhabism has been generating controversy since it first emerged in Arabia in the 18th century. In the wake of September 11th instant theories have emerged that try to root Osama Bin Laden's attacks on Wahhabism. Muslim critics have dismissed this conservative interpretation of Islam that is the official creed of Saudi Arabia as an unorthodox innovation that manipulated a suggestible people to gain political influence. David Commins' book questions this assumption. He examines the debate on the nature of Wahhabism, and offers original findings on its ascendance in Saudi Arabia and spread throughout other parts of the Muslim world such as Afghanistan and Pakistan. He also assesses the challenge that radical militants within Saudi Arabia pose to the region, and draws conclusions which will concern all those who follow events in the Kingdom. "The Wahhabi Mission and Saudi Arabia" is an essential reading for anyone interested in the Middle East and Islamic radicalism today.

Who are the Shi'a? presents the creedal or fundamental beliefs of Shi'a Islam while at the same time addressing many of the spurious beliefs that are erroneously attributed to it. The question as to who the Shia are is often posed, with most commentators often giving a narrow historical view. This book takes a more comprehensive look at the true origins and beliefs of the Shi'a. It dispels many myths and misinformation associated with their true origins. Who are the Shi'a? begins with a discussion of the difference between the Sunni and Shi'a take on the key concept of ijihad. It then discusses the prerequisites for having religious authority, and who the members of the House of the Prophet are (the issue of the 'ismat or inerrancy of the Ahl al-Bayt), and proceeds to provide scriptural proofs concerning the designation to the succession of the Prophet. The book proceeds to establish the fact that the Prophet occasionally used the word Shi'a for the companions and followers of Imam Ali, and that he would give these companions or followers (shi'a) glad tidings that they were on the right path, and would be among those who attain salvation. It then discusses the Pledge of Allegiance given to Imam Ali in the presence and at the behest of the Prophet and provides a summary treatment of the various sects within Islam, with an emphasis on the deviances of the extremist or ghuilat sects. It then discusses the meaning of Shi'a Islam and the creedal beliefs of the Twelvers. The final chapter disabuses the reader definitively of the widespread and virulent Abdullāh b. Saba meme (using the priceless research of Allama Askari), and the other false meme of the Persian origin of Shi'a Islam. Readers will not only get a very clear picture of the origins of the creedal beliefs of the Shi'a but will see the historical-political context in which the creed developed under the auspices of the Most Noble Prophet himself, and under that of his purified and inerrant progeny.

Birgivi's Manual Interpreted is the explanative translation of a major Islamic legal work on menstruation, lochia, and related issues. Answering hundreds of questions needed by the Muslim woman practicing her din, this book provides accurate information and practical arrangement of charts and texts making it an important reference for every Muslim family. The primary text, Dhukhr al-Muta'ahhiliin [Treasure for Those with Families] by Imam Muhammad al-Birgivi (d. 981/1573), is the most authoritative work on menstruation in the Hanafi school, which the majority of Muslims follow. The work has been commented upon by a number of traditional scholars, the best known of whom is Imam Ibn 'Abidin, the central scholar of the late Hanafi school.

The Hidayah has dominated the field of Islamic jurisprudence since the day it was written over 800 years ago. It has been the primary text used by Muslim jurists to issue authentic and reliable rulings on Islamic law according to the school of Imam Abu Hanifah (d.150AH/767CE). The Hidayah commands such an authoritative position amongst the doctors of law that the knowledge of a scholar who has not read it is not considered reliable. Around 70 huge commentaries, some spread over more than a dozen volumes, have been written on it. The number of explanatory glosses is in the thousands. Comprehensive in content and conveniently organized, with the publication of this book all previous works that discussed Islamic jurisprudence according to Hanafi law became outmoded and soon fell into disuse. If revealed books are not taken into account, never has a book received so much attention as the Hidayah. This landmark publication of The Hidayah not only has been translated in its entirety for the first time but has been done so from Arabic, the language in which it was written.

Sihab ad-Din Ahmad bin 'Abd al-Qader's account of the early sixteenth century Jihad, or holywar, in Ethiopia, of Imam Ahmad bin Ibrahim, better known as Ahmad Gran, or the Left handed, is an historical classic. The Yamani author was an eyewitness of several of the battles he describes, and is an invaluable source. His book, which is full of human, and at times tragic, drama, makes a major contribution to our knowledge of a crucially important period in the history of Ethiopia and Horn of Africa. 'Futuh al-Habasa, ' or 'Conquest of Abyssinia' - which undoubtedly reflects the situation as it seemed to its Yamani author at the time of its composition. The forces of Imam Ahmad bin Ibrahim had occupied the greater part of Ethiopia. The resistance of Emperor Lebna Dengel had virtually come to an end, and many Christians had chosen to convert to Islam. The victorious Imam's regime

seemed there to stay. This was, however, far from the end of the story. The Imam was killed in battle on February 21, 1543, whereupon his army almost immediately disintegrated. Those of his soldiers who could do so made their way back to the East. Not a few Muslim converts reverted to their former faith. The Futuh thus refers to a relatively short, though crucially important, period in Ethiopia's long history. The book is nevertheless valuable, in that its author was an eye-witness of many of the events he describes, and writes, as far as we can judge, with a degree of objectivity rare for his time. What people say about this book: "This book is the first ever complete English translation of the Arabic account on the campaigns of Imam Ahmad b. Ibrahim al-Ghazi (popularly known as Gran) as written by the Yemeni jurist, Shihab al-din Ahmad b. Abd al-Qadir b. Salim b. Uthman (also known as Arab Faqih)... it is a welcome addition to the rich corpus of Arabic literary and historical sources relevant to the sixteenth-century Ethiopia and the Horn. It is particularly useful for English-speaking researchers and established scholars who cannot read either the Arabic text or the authoritative French translation prepared by Rene Basset...both Stenhouse and Pankhurst, and the publisher, deserve high commendation, respectively, for producing such a valuable work that represents a major contribution to the history of Ethiopia and the Horn, and for making it available to the wider English-speaking readership and scholarship." -- Hussein Ahmed is a Professor of History at Addis Ababa University. He is a leading historian of Islam in Ethiopia. * * * "In the history of conflict in Africa and beyond, "few stories of drama and human tragedy equal" Imama Ahmad's conquest of the Christian kingdom of Ethiopia (1529-1543). His short lived spectacular victories and determination to replace Christianity by Islam and the remarkable survival of Christianity in Ethiopia" is a story of epic proportions" which still generates strong emotion among both the Christian and the Muslim population of Ethiopia. In other words, Imam Ahmad's jihadic war besides being legendary was a major turning point... This is truly a wonderful work, which is destined to remain an indispensable source for the history of Ethiopia and the Horn of Africa during the first half of the tumultuous sixteenth century. Anyone interested in understanding the intensity and brutality of religious war will be rewarded by reading this classic." -- Mohammed Hassen is an Associate Professor of African history at Georgia State University in Atlanta. He is the author of The Oromo of Ethiopia: A History 1570-1860.

The belief in an awaited saviour who will bring peace and justice to the whole world is universal. However, the characteristics, identity, and nature of such a person is often disputed. The Mahdi and Islamic Messianism is comprised of three essays which explore these issues systematically, and conclude that the awaited universal saviour or 'The Mahdi' is none other than the 12th Imam of the Shia, the son of Imam Hasan al-Askari (AS), and that Islamic Messianism in its most perfect form is that which has been taught to us by the Holy Prophet and his Purified and Infallible Household. The first essay outlines the theological and rational foundations for belief in the Mahdi and Mahdism as expounded upon by Ayatollah Mutahhari. The second essay focuses on a critical and in-depth analysis of the scriptural proofs of the identity and nature of the Mahdi. The final essay collates all the primary hadith sources from Sunni scholarship that discuss the details of the rank, station, attributes and character of the Imām al-Mahdī. The Mahdi and Islamic Messianism lays the foundations of an unshakable belief in the Imam of our era, and is recommended for anyone who wishes to attain to certain knowledge of their Imam.

Khadduri presents a lucid analysis of classical Islamic doctrine concerning war and peace and its adaptation to modern conditions. Working primarily with original Muslim sources, he examines the nature of the Islamic state, Islamic law and the influence of Western law. Other chapters consider classical Muslim attitudes toward foreign policy, international trade, warfare, treaties and how these have developed during the twentieth century. Majid Khadduri [1909-2007] was a Professor of Middle East Studies at the School of Advanced International Studies of The Johns Hopkins University and Director of Research and Education at the Middle East Institute in Washington, D. C. He was the author of several books in English and Arabic on Middle Eastern affairs. Focusing on the role of religion and ethnicity in times of conflict, Terje Østebø investigates the Muslim-dominated insurgency against the Ethiopian state in the 1960s, shedding new light on this understudied case in order to contribute to a deeper understanding of religion, inter-religious relations, ethnicity, and ethno-nationalism in the Horn of Africa. Islam, Ethnicity and Conflict in Ethiopia develops new theoretical perspectives on the interrelations between ethnic and religious identities, considering ethnic and religious groups as mutually exclusive categories by applying the term peoplehood as an analytical tool, one that allows for more flexible perspectives. Exploring the interplay of imagination and lived, affective reality, and inspired by the 'materiality turn' in cultural- and religious studies, Østebø argues for an integrated approach which recognizes and explores embodiment and emplacement as intrinsic to formations of ethnic and religious identities.

"The hidayah is justly celebrated as the most practical and useful summary compilation of Hanafi jurisprudence. It has been a standard text in the curricula of Islamic law schools since the 12th century. It was first translated by Charles Hamilton in 1791. A new translation into modern English has been long overdue. This translation by Imran Ahsan Khan Nyazee is both precise and straight forward. With his knowledge of Islamic law and jurisprudence combined with his command of both the Arabic and English languages, he has conveyed the meaning of the original with great clarity. The hidayah is a dense work, intended for use in teaching Hanafi fiqh - it is a work that needs explication if its arguments are to be understood fully. This the translator has provided through this valuable notes" Dr Mohammad Akram Nadwi, research fellow, Oxford centre for Islamic studies, Oxford
