HUDSON ROLAND

Painted Love Harper Collins

In 1948 I was posted, as a Political Officer, to a remote part of south-west Arabia on the edge of the great desert called the Empty Quarter. In valleys made fertile by seasonal flood-waters lay the remains of an ancient civilization. I found inscriptions and the ruin sites of towns, palaces and temples. Almost buried under the sand dunes were the tumbled walls of a great city. From here, two thousand years before, huge camel caravans had trudged their way along 1600 miles of burning sand and rocks to Petra and Gaza, burdened with a most precious cargo - frankincense, myrrh and other perfume materials for the courts, temples and perfume shops of Rome. My book *Frankincense and Myrrh* delved into the details of this romantic trade and led to a broader interest in the perfumes of ancient times. Then, researching on behalf of a perfume house into the Arab contribution to perfumery, I came across the collection of perfume recipes assembled by the Arab philosopher-scientist Yaqub al-Kindi, which have never been translated into English (some, which I have translated myself, are now included in an appendix to this book). I realized that in that work I had found key evidence to demonstrate how the medieval Arab perfume makers had been the bridge in perfume history between ancient and modern times. Perfumery could now be seen as an art with a continuous history of development since the dawn of civilization.

Herbs and spices are among the most versatile ingredients in food processing, and alongside their sustained popularity as flavourants and colourants they are increasingly being used for their natural preservative and potential health-promoting properties. An authoritative new edition in two volumes, *Handbook of herbs and spices* provides a comprehensive guide to the properties, production and application of a wide variety of commercially-significant herbs and spices. Volume 1 begins with an introduction to herbs and spices, discussing their definition, trade and applications. Both the quality specifications for herbs and spices and the quality indices for spice essential oils are reviewed in detail, before the book goes on to look in depth at individual herbs and spices, ranging from basil to vanilla. Each chapter provides detailed coverage of a single herb or spice and begins by considering origins, chemical composition and classification. The cultivation, production and processing of the specific herb or spice is then discussed in detail, followed by analysis of the main uses, functional properties and toxicity. With its distinguished editor and international team of expert contributors, the two volumes of the new edition of *Handbook of herbs and spices* are an essential reference for manufacturers using herbs and spices in their products. They also provide valuable information for nutritionists and academic researchers. Provides a comprehensive guide to the properties, production and application of a wide variety of commercially-significant herbs and spices Begins with a discussion of the definition, trade and applications of herbs and spices Reviews the quality specifications for herbs and spices and examines the quality indices for spice essential oils

Two Years in the French West Indies Editions Jacques Grancher

This book is an anthology with a difference. It presents a distinctive variety of Anglo-Norman works, beginning in the twelfth century and ending in the nineteenth, covering a broad range of genres and writers, introduced in a lively and thought-provoking way. Facing-page translations, into accessible and engaging modern English, are provided throughout, bringing these texts to life for a contemporary audience. The collection offers a selection of fascinating passages, and whole texts, many of which are not anthologised or translated anywhere else. It explores little-known byways of Arthurian legend and stories of real-life crime and punishment; women's voices tell history, write letters, berate pagans; advice is offered on how to win friends and influence people, how to cure people's ailments and how to keep clear of the law; and stories from the Bible are retold with commentary, together with guidance on prayer and confession. Each text is introduced and elucidated with notes and full references, and the material is divided into three main sections: Story (a variety of narrative forms), Miscellany (including letters, law and medicine, and other non-fiction), and Religious (saints' lives, sermons, Bible commentary, and prayers). Passages in one genre have been chosen so as to reflect themes or stories that appear in another, so that the book can be enjoyed as a collection or used as a resource to dip into for selected texts. This anthology is essential reading for students and scholars of Anglo-Norman and medieval literature and culture. Wide-ranging and fully referenced, it can be used as a springboard for further study or relished in its own right by readers interested to discover Anglo-Norman literature that was written to amuse, instruct, entertain, or admonish medieval audiences.

** A Christian Classic ** ** Active Table of Contents ** This book comes complete with a Touch-or-Click Table of Contents, divided

by each section. The Lais of Marie de France are a series of twelve short narrative Breton lais by the poet Marie de France. They are written in the Anglo-Norman and were probably composed in the late 12th century. The short, narrative poems generally focus on glorifying the concept of courtly love through the adventures of their main characters. Despite her stature in Anglo-Norman literature and medieval French literature generally, little is known of Marie herself, though it is thought that she was born in France and wrote in England. Marie de France's lais, told in octosyllabic, or eight syllable verse, are notable for their celebration of love, individuality of character, and vividness of description – hallmarks of the emerging literature of the times. Five different manuscripts contain one or more of the lais, but only one, Harley 978, a thirteenth century manuscript housed in the British Library, preserves all twelve. It has been suggested that if the author had indeed arranged the Lais as presented in Harley 978, that she may have chosen this overall structure to contrast the positive and negative actions that can result from love. In this manuscript, the odd lais — "Guigemar," "Le Fresne," etc. — praise the characters who express love for other people. By comparison, the even lais, such as "Equitan," "Bisclavret" and so on, warn how love that is limited to oneself can lead to misfortune. The Harley 978 manuscript also includes a 56-line prologue in which Marie describes the impetus for her composition of the lais. In the prologue, Marie writes that she was inspired by the example of the ancient Greeks and Romans to create something that would be both entertaining and morally instructive. She also states her desire to preserve for posterity the tales that she has heard. Two of Marie's lais – "Lanval," a very popular work that was adapted several times over the years (including the Middle English Sir Launfal), and "Chevrefoil" ("The Honeysuckle"), a short composition about Tristan and Iseult – mention King Arthur and his Knights of the Round Table. Marie's lais were precursors to later works on the subject, and Marie was probably a contemporary of Chrétien de Troyes, another writer of Arthurian tales. In this debut memoir, a James Beard Award-winning writer, whose childhood idea of fine dining was Howard Johnson's, tells how he became one of Paris's most influential food critics Until Alec

Lobrano landed a job in the glamorous Paris office of Women's Wear Daily, his main experience of French cuisine was the occasional supermarket éclair. An interview with the owner of a renowned cheese shop for his first article nearly proves a disaster because he speaks no French. As he goes on to cover celebrities and couturiers and improves his mastery of the language, he gradually learns what it means to be truly French. He attends a cocktail party with Yves St. Laurent and has dinner with Giorgio Armani. Over a superb lunch, it's his landlady who ultimately provides him with a lasting touchstone for how to judge food: "you must understand the intentions of the cook." At the city's brasseries and bistros, he discovers real French cooking. Through a series of vivid encounters with culinary figures from Paul Bocuse to Julia Child to Ruth Reichl, Lobrano hones his palate and finds his voice. Soon the timid boy from Connecticut is at the epicenter of the Parisian dining revolution and the restaurant critic of one of the largest newspapers in the France. A mouthwatering testament to the healing power of food, *My Place at the Table* is a moving coming-of-age story of how a gay man emerges from a wounding childhood, discovers himself, and finds love. Published here for the first time is Lobrano's "little black book," an insider's guide to his thirty all-time-favorite Paris restaurants.

One of the biggest stumbling blocks we hit when setting out to make our dreams come true is appreciating what is going well. Most of us have an unfortunate tendency to dwell on the

problems rather than on the good things in our lives ... and then we wonder why things just seem to keep getting worse instead of better. In *The Power of Appreciation in Everyday Life*, psychologist Noelle Nelson explains how you can achieve success in every area of your life through transforming your beliefs with appreciation.

The Trojan War rages at the foot of Olympos Mons on Mars -- observed and influenced from on high by Zeus and his immortal family -- and twenty-first-century professor Thomas Hockenberry is there to play a role in the insidious private wars of vengeful gods and goddesses. On Earth, a small band of the few remaining humans pursues a lost past and devastating truth -- as four sentient machines depart from Jovian space to investigate, perhaps terminate, the potentially catastrophic emissions emanating from a mountaintop miles above the terraformed surface of the Red Planet.

[The Book of Emma](#) Del Rey

An irreverent, allusive, scatological, tragicomic masterpiece that centers on the patrons of a run-down bar as they try to document the details of their lives in a country that appears to have forgotten the importance of remembering. In Republic of the Congo, in the town of Trois-Cents, in a bar called Credit Gone West, a former schoolteacher known as Broken Glass drinks red wine and records the stories of the bar and its regulars for posterity: Stubborn Snail, the owner, who must battle church people, ex-alcoholics, tribal leaders, and thugs set on destroying him and his business; the Printer, who had his respectable life in France ruined by a white woman, his wife; Robinette, who could outdrink and outpiss any man; and Broken Glass himself, whose own tale involves as much heartbreak, squalor, disappointment, and delusion. But Broken Glass fails spectacularly at staying out of trouble as one denizen after another wants to rewrite history in an attempt at making sure his portrayal will properly reflect their exciting and dynamic lives. Despondent over this apparent triumph of self-delusion over self-awareness, Broken Glass drowns his sorrows and riffs on the great books of Africa and the West. Brimming with life, death, and literary allusions, Broken Glass is Mabanckou's finest novel--a mocking satire of the dangers of artistic integrity.

French Grammar in Context Elsevier

In this engrossing book, Hollis Clayson provides the first description and analysis of French artistic interest in women prostitutes, examining how the subject was treated in the art of

the 1870s and 1880s by such avant-garde painters as Cézanne, Degas, Manet, and Renoir, as well as by the academic and low-brow painters who were their contemporaries. Clayson not only illuminates the imagery of prostitution-with its contradictory connotations of disgust and fascination-but also tackles the issues and problems relevant to women and men in a patriarchal society. She discusses the conspicuous sexual commerce during this era and the resulting public panic about the deterioration of social life and civilized mores. She describes the system that evolved out of regulating prostitutes and the subsequent rise of clandestine prostitutes who escaped police regulation and who were condemned both for blurring social boundaries and for spreading sexual licentiousness among their moral and social superiors. Clayson argues that the subject of covert prostitution was especially attractive to vanguard painters because it exemplified the commercialization and the ambiguity of modern life.

A brilliant tour de force, *The Knight and His Shadow* tells the tale of Lat-Sukabé's quest to find his former lover, Khadidja, who writes him to "come before it's too late." As Lat-Sukabé recounts his past with Khadidja, reality shapeshifts and takes on a dreamlike quality. He describes how Khadidja is hired by a wealthy stranger to sit before an open door and tell stories into an uncertain darkness, unable to see the person to whom she speaks. Like Lat-Sukabé and Khadidja, the reader feels farther from home with every page, as the world turns and morphs. With those shifts, the symbolic order, the basis of meaning and sanity, begins to tremble. Postmodernist sensibilities meet postcolonial concerns in this lyrical novel from a master of Senegalese literature.
