Building a Culture of Literacy in Your

Community Through Día University of Arizona Press

The literary archive of the U.S.-Mexican War (1846-1848) opens to view the conflicts and relationships across one of the most contested borders in the Americas. Most studies of this literature focus on the war's nineteenth-century moment of national expansion. In *The Literatures of the U.S.-Mexican War*, Jaime Javier Rodríguez brings the discussion forward to our own moment by charting a new path into the legacies of a military conflict embedded in the cultural cores of both nations.

Rodríguez's groundbreaking study moves beyond the terms of Manifest Destiny to ask a fundamental question: How do the war's literary expressions shape contemporary tensions and

exchanges among Anglo Americans, Mexicans, and Mexican Americans. By probing the war's traumas, anxieties, and consequences with a fresh attention to narrative, Rodríguez shows us the relevance of the U.S.-Mexican War to our own era of demographic and cultural change. Reading across dime novels, frontline battle accounts, Mexican American writings and a wide range of other popular discourse about the war, Rodríguez reveals how historical awareness itself lies at the center of contemporary cultural fears of a Mexican "invasion," and how the displacements caused by the war set key terms for the ways Mexican Americans in subsequent generations would come to understand their own identities. Further, this is also the first major comparative study that

analyzes key Mexican war texts and their impact on Mexico's national identity.

Studies territorial and rural New Mexico
 in the nineteenth century, the struggle
 for statehood, Nuevomexicano politics,
 immigration, urban issues in the
 twentieth century, the role of Spanish in
 education, ethnic identity, and the
 Chicano movement.

Mexican Exodus Henry Holt and
 Company (BYR)

A compilation of Mother and Daughter
 poems complete with accompanying
 photographs. A color picture book with
 complimenting photos to enhance the

heartfelt words of these two poets. Poetry is romantic, patriotic, and filled with life's lessons. Included among the beautiful verses are philosophy on nature, faith, values, and experience, in an absorbing and uplifting manner. Most are written in a rhythmic and rhyming pattern.

Brief History of Cinco de Mayo NYU Press

Although immigrants enter the United States from virtually every nation, Mexico has long been identified in the public imagination as one of the primary sources of the economic, social, and political problems associated with mass migration. *Between Two Worlds* explores the controversial issues surrounding the influx of Mexicans to America. The eleven essays in this anthology provide

an overview of some of the most important interpretations of the historical and contemporary dimensions of the Mexican diaspora.

Gabi's a girl in pieces. She wants a lot of things. Will she find the thing she needs most?

Bulletin Rowman & Littlefield

Offers examples of oral narratives and literature from the nineteenth century to the present

Auto/Body Bloomsbury Publishing USA

This first book-length analysis of the Chicana literary tradition is a substantial contribution to American feminist literature and a fitting companion to the author's popular anthology *Infinite Divisions: An Anthology of Chicana*

Literature (Rebolledo and Rivero, eds., Arizona, 1993).

The Collective: More Poems

AuthorHouse

The poems in *Auto/Body* are an inexhaustible engine—sometimes a body, sometimes flesh—a sensual exploration of what it means to repair, to remake, to keep going even when rebuilding feels impossible. From the greased-up engines of auto body shops to the innumerable points of light striking the dance floor of a queer nightclub, *Auto/Body*, winner of the Ernest Sandeen Prize in Poetry, connects the vulnerability of the narrating queer body to the language of auto mechanics to reveal their shared decadence. Behind the wheel of this book is an insistent, humorous voice whose experiences have

lent themselves to a deep, intimate knowledge of survival, driven by the pursuit of joy and exalted pleasure. Raised in and near auto body shops, Vickie Vértiz remembers visiting them to elevate the family car to examine what's underneath, to see what's working and what's not. The poetry in this book is also a body shop, but instead we take our bodies, identities, desires, and see what's firing. In this shop we ask: What needs changing? How do our bodies transcend ways of being we have received so that we may become more ourselves? From odes to drag, to pushing back on the tyranny of patriarchy, to loving too hard and too queer, to growing up working-class in a time of incessant border violence and incarceration, this collection combusts

with blood and fuel. In other words, Vértiz writes to dissolve a colonial engine and reconstruct a new vessel with its remains.

More effectively meet the diverse literacy needs of the growing Latino population by learning how to evaluate and select quality Latino children's literature. Latinos are the fastest growing and largest ethnic minority in the United States. The number of Latino children is at a historic high. As a result, librarians and teachers in the United States must know how to meet the informational, cultural, and traditional literacy needs of this student demographic group. An ideal way to overcome this challenge is by providing culturally accurate and authentic

children's literature that represents the diversity of the Latino cultures. Much more than simply a topical bibliography, this book details both historical and current practices in educating Latino children; explains why having quality Latino children's literature in classrooms and libraries is necessary for the ethnic identity development of Latino children; and offers a historical overview of Latino children's literature in America. Web resources of interest to educators working with Latino children are also included.

Bravo! Routledge

An authoritative and comprehensive guide to poetry throughout the world
The Princeton Handbook of World Poetries—drawn from the latest edition of the acclaimed Princeton Encyclopedia

of Poetry and Poetics—provides a comprehensive and authoritative survey of the history and practice of poetry in more than 100 major regional, national, and diasporic literatures and language traditions around the globe. With more than 165 entries, the book combines broad overviews and focused accounts to give extensive coverage of poetic traditions throughout the world. For students, teachers, researchers, poets, and other readers, it supplies a one-of-a-kind resource, offering in-depth treatment of Indo-European poetics (all the major Celtic, Slavic, Germanic, and Romance languages, and others); ancient Middle Eastern poetics (Hebrew, Persian, Sumerian, and Assyro-Babylonian); subcontinental Indian poetics (Bengali, Hindi, Marathi,

Punjabi, Sanskrit, Tamil, Urdu, and more); Asian and Pacific poetics (Chinese, Japanese, Korean, Vietnamese, Mongolian, Nepalese, Thai, and Tibetan); Spanish American poetics (those of Mexico, Peru, Argentina, Chile, and many other Latin American countries); indigenous American poetics (Guaraní, Inuit, and Navajo); and African poetics (those of Ethiopia, Somalia, South Africa, and other countries, and including African languages, English, French, and Portuguese). Complete with an introduction by the editors, this is an essential volume for anyone interested in understanding poetry in an international context. Drawn from the latest edition of the acclaimed Princeton Encyclopedia of Poetry and Poetics Provides more than 165 authoritative

entries on poetry in more than 100 regional, national, and diasporic literatures and language traditions throughout the world Features extensive coverage of non-Western poetic traditions Includes an introduction, bibliographies, cross-references, and a general index

Women Singing in the Snow e-artnow

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the

Includes history of bills and resolutions.

Smelertown Peace Hill Press

The border between the United States and Mexico, despite attempts at containment, remains a vast and uniquely malleable yet indefinable region. With Border Culture, Ilan Stavans has collected essays representative of the tangled experiences and issues central to life between cultures. Divided

into two sections, *Border Culture* covers topics essential to better understanding this often misunderstood region and state-of-mind. The first section, "Considerations," culls essays covering socio-economic and political topics illustrating the hyper reality of life and living on La Frontera. Section two, "Testimonios," takes careful consideration of lives affected by the border, either as a finite place, alternate universe, or the framework of the border as a state-of-mind, through various historic and literary accounts of La Frontera. This enlightening and comprehensive collection will no doubt help readers better understand border culture.

Words Were All We Had Xlibris Corporation

The *Historical Dictionary of U.S. Latino Literature* contains a chronology, an introduction, and a bibliography. The dictionary section has cross-referenced entries on U.S. Latino/a authors, and terms relevant to the nature of U.S. Latino literature.

Chicano and Chicana Art University of Texas Press

Chicano history, from the early decades of the twentieth century up to the present, cannot be explained without reference to the determined interventions of the Mexican government, asserts Gilbert G. González. In this pathfinding study, he offers convincing evidence that Mexico aimed at nothing less than developing a loyal and politically dependent emigrant community among Mexican Americans,

which would serve and replicate Mexico's political and economic subordination to the United States. González centers his study around four major agricultural workers' strikes in Depression-era California. Drawing on a wide variety of sources, he documents how Mexican consuls worked with U.S. growers to break the strikes, undermining militants within union ranks and, in one case, successfully setting up a grower-approved union. Moreover, González demonstrates that the Mexican government's intervention in the Chicano community did not end after the New Deal; rather, it continued as the Bracero Program of the 1940s and 1950s, as a patron of Chicano civil rights causes in the 1960s and 1970s, and as a prominent voice in the debates over

NAFTA in the late 1980s and early 1990s.

The Children of Immigrants at School Human Kinetics

A celebration of children, families, and reading held annually since 1996, Children's Day/Book Day, known as Día, emphasizes the importance of literacy for children of all linguistic and cultural backgrounds. In anticipation of Día's fifteenth anniversary, the Association for Library Service to Children (ALSC) presents a collection of the best of its Día programming ideas, offering * A wealth of ready-to-use programs, easily adaptable for a variety of cultures * Cultural competency training tips to encourage outreach to minority populations * Interviews with library directors about the best ways to

heighten awareness of cultural and literacy issues Complemented by numerous bilingual book suggestions, this resource is perfect for collection development, early literacy storytimes, and year-round program planning.
