focuses on information literacy in higher education from Asian countries. It explores the changing concepts,

philosophies, learning environments, and technological environments of information literacy and discusses how information literacy education in universities should be carried out in the context of the information literacy framework. It also analyses the research focus and trends of information literacy education in universities in the past ten years worldwide and Asia by using

the bibliometric method as well as the information literacy education models of universities in Asian countries. In addition, this book also explains the current status of information literacy education and related issues in Taiwan, Japan, Hong Kong, Malaysia, Thailand and Vietnam. The target audience of this book is mainly university librarians, school

librarians, the faculty and students of library and information sciences, information education and technology education related departments worldwide. in 1988, this encyclopedia serves as an overview and point of entry to the complex interdisciplinary field of Victorian studies. The signed articles, which cover persons, events, institutions, topics, groups and artefacts in Great Britain between 1837 and 1901, have been written by authorities in the field and contain bibliographies to provide guidelines for further research. The

work is intended for undergraduates and the general reader, and also as a starting point for graduates who wish to explore new fields.

### **The Retail Revival**

InterVarsity Press Sentinels of History was conceived of as a way to mark the turn of the millennium by the Arkansas Historic Preservation Program. This generously illustrated book contains thirty-nine essays, each

of which showcases an important Arkansas site and is written by a noted authority. Also included is a location map for these sites and a full appendix providing location information, county by county, for the more than two thousand surviving properties in Arkansas (as of June 1999) that appear on the National Register. The essays are as wide-ranging as Roger Kennedy's placement of the Toltec

Mounds at the time of Charlemagne, Donald Harington's sensitive look at the "bigeminal" architecture of the Wolf dogtrot cabin, and Neil Compton's egalitarian tribute to the Boxley Valley Historic District on the Buffalo National River. At least one current color photo of the site and one historic image are included with each essay. In addition, illustrations of the locations or structures

listed in the appendix are scattered throughout sections. In all, *Sentinels of History* serves as a lavish inventory of historic properties in Arkansas at the end of the twentieth century. *Hugh Johnson Pocket Wine 2021 Anthem* Press This remarkable story of the chapel cars that traveled the American West from 1890 to 1940 reveals previously untapped sources to

complete the history of all thirteen cars. [The London Stage 1900-1909](#) e-artnow sro Traditional retail is becoming increasingly volatile and challenged as a business model. Brick-and-mortar has shifted to online, while online is shifting into pop-up storefronts. Virtual stores in subway platforms and airports are offering new levels of convenience for harried commuters. High Street

and Main Street are becoming the stuff of nostalgia. The Big Box is losing ground to new models that attract consumers through their most-trusted assistant—the smartphone. What’s next? What’s the future for you—a retailer—who is witnessing a tsunami of change and not knowing if this means grasping ahold of new opportunity or being swept away? The Retail Revival answers these questions by

looking into the not-so-distant retail past and by looking forward into a future that will continue to redefine retail and its enormous effect on society and our economies. Massive demographic and economic shifts, as well as historic levels of technological and media disruption, are turning this once predictable industry—where “average” was king—into a sea of turbulent

change, leaving consumer behavior permanently altered. Doug Stephens, internationally renowned consumer futurist, examines the key seismic shifts in the market that have even companies like Walmart and Procter & Gamble scrambling to cope, and explores the current and future trends that will completely change the way we shop. The Retail Revival provides no-

nonsense clarity on the realities of a completely new retail marketplace—realities that are driving many industry executives to despair. But the future need not be dark. Stephens offers hope and guidance for any businesses eager to capitalize on these historic shifts and thrive. Entertaining and thought-provoking, *The Retail Revival* makes sense of a brave new era of consumer

behavior in which everything we thought we knew about retail is being completely reimagined. Praise for *The Retail Revival* “It doesn’t matter what type of retail you do—if you sell something, somewhere, you need to read Doug Stephens’ *The Retail Revival*. Packed with powerful insights on the changing retail environment and what good retailers should be thinking about now, *The*

*Retail Revival* is easy to read, well-organized and provides essential food for thought.” — Gregg Saretsky, President and CEO, WestJet “This book captures in sharp detail the deep and unprecedented changes driving new consumer behaviors and values. More importantly, it offers clear guidance to brands and retailers seeking to adapt and evolve to meet entirely new market imperatives

for success.”  
 —John Gerzema, Author of Spend Shift and The Athena Doctrine “The Retail Revival is a critical read for all marketing professionals who are trying to figure out what’s next in retail... Doug Stephens does a great job of explaining why retail has evolved the way it has, and the book serves as an important, trusted guide to where it’s headed next.” —Joe Lampertius SVP, Shopper

Marketing, Momentum Worldwide and Owner, La Spezia Flavor Market “Doug Stephens has proven his right to the moniker ‘Retail Prophet.’ With careful analysis and ample examples, the author makes a compelling case for retailers to adapt, change and consequently revive their connection with consumers. Stephens presents actionable recommendations with

optimism and enthusiasm—just the spoonful of sugar we need to face the necessary changes ahead.” —Kit Yarrow, Ph.D., Consumer Psychologist; Professor, Golden Gate University; Co-Author, Gen BuY: How Tweens, Teens and Twenty-Somethings are Revolutionizing Retail “Doug Stephens doesn’t just tell you why retail is in the doldrums, he tells you why retail is a major signpost for the larger

troubles of our culture and provides a compelling, inspiring vision for a future of retail—and business, and society.” —Eric Garland, author of *Future Inc.: How Businesses Can Anticipate and Profit from What’s Next* *The Expansion of Evangelicalism* Temple University Press This is the first critical biography to explore John Fogerty’s life and his music.

When inducting Creedence Clearwater Revival into the Rock and Roll Hall of Fame in 1993, Bruce Springsteen referred to the “music’s power and its simplicity... [its] beauty and poetry and a sense of the darkness of events and of history, of an American tradition shot through with pride, fear, and paranoia.” This book investigates those aspects and more of Fogerty’s songs and life: his

Americanism, his determined individualism, and unyielding musical vision which led to conflicts with his band, isolation from his family, constant legal battles, and some of the greatest songs of the 20th century.
