The Age of Revolution has traditionally been understood as an era of secularization, giving the transition from monarchy to independent republics through democratic movements a genealogy that assumes hostility to Catholicism. By centering the story on Spanish and Latin American actors, Pamela Voekel argues that at the heart of this nineteenth-century transformation in Spanish America was a transatlantic Catholic civil war. Voekel demonstrates Reform Catholicism's significance to the thought and action of the rebel literati who led decolonization efforts in Mexico and Central America, showing how each side of this religious divide operated from within a self-conscious intercontinental network of like-minded Catholics. For its central protagonists, the era's crisis of sovereignty provided a political stage for a religious struggle. Drawing on ecclesiastical archives, pamphlets, sermons, and tracts, <i>For God and Liberty</i> reveals how the violent struggles of decolonization and the period before and after Independence are more legible in light of the fault lines within the Church.

<b>National Union Catalog</b> Oxford University Press	
A sweeping narrative of two 19th century charismatic leaders and their powerful armies on the Brazil/Uruguay border.	
<b>The Scottish Congregational Magazine</b> Cambridge University Press	
James P. Woodard's history of consumer capitalism in Brazil, today the world's fifth most populous country, is at once magisterial, intimate, and penetrating enough to serve as a history of modern Brazil itself. It tells how a new economic outlook took hold over the course of the twentieth century, a time when the United States became Brazil's most important trading partner and the tastemaker of its better-heeled citizens. In a cultural entangling with the United States, Brazilians saw Chevrolets and Fords replace horse-drawn carriages, railroads lose to a mania for cheap automobile roads, and the fabric of everyday existence rewoven as commerce reached into the deepest spheres of family life. The United States loomed large in this economic transformation, but American consumer culture was not merely imposed on Brazilians. By the seventies, many elements once thought of as American had slipped their exotic traces and become Brazilian, and this process illuminates how the culture of consumer capitalism became a more genuinely transnational and globalized phenomenon. This commercial and cultural turn is the great untold story of Brazil's twentieth century, and one key to its twenty-first.

Deep within the remote backlands of nineteenth-century Brazil lies Canudos, home to all the damned of the earth: prostitutes, bandits, beggars, and every kind of outcast. It is a place where history and civilization have been wiped away. There is no money, no taxation, no marriage, no census. Canudos is a cauldron for the revolutionary spirit in its purest form, a state with all the potential for a true, libertarian paradise--and one the Brazilian government is determined to crush at any cost. In perhaps his most ambitious and tragic novel, Mario Vargas Llosa tells his own version of the real story of Canudos, inhabiting characters on both sides of the massive, cataclysmic battle between the society and government troops. The resulting novel is a fable of Latin American revolutionary history, an unforgettable story of passion, violence, and the devastation that follows from fanaticism.	
<b>Brazil's Revolution in Commerce</b> Springer Science & Business Media	
"A brilliant and sensitive portrayal not only of Canudos, but of the sertão more generally. By making the defenders of Canudos less spectacular and exceptional, [Levine] has rescued them from the museum of curiosities and restored them to the mainstream of backland life. It is about time we had such nuanced understanding about this tragic misunderstanding."—Steven C. Topik, <i>Luso-Brazilian Review</i>	
<i>The War of the End of the World</i> e-artnow sro	
This book covers stereotactic principles as well as functional stereotaxis, covering the history and uses of the techniques, treatments for specific conditions, and future developments. Includes a DVD demonstrating surgical procedures.

Euclides da Cunha's classic account of the brutal campaigns against religious mystic Antonio Conselheiro has been called the Bible of Brazilian nationality. "Euclides da Cunha went on the campaigns [against Conselheiro] as a journalist and what he returned with and published in 1902 is still unsurpassed in Latin American literature. Cunha is a talent as grand, spacious, entangled with knowledge, curiosity, and bafflement as the country itself. . . . On every page there is a heart of idea, speculation, dramatic observation that tells of a creative mission undertaken, the identity of the nation, and also the creation of a pure and eloquent prose style."—Elizabeth Hardwick, *Bartleby* in Manhattan

Raised in Catron County around Pie Town, Jerry D. Thompson is a well-known Southwestern and Civil War historian. Part regional history, part family history, and part childhood memories, *Under the Piñon Tree* traces the lives of Catron County residents and explores how the area has grown and changed since the Depression and World War II, when Thompson's family first homesteaded the area. Those interested in storytelling and history will enjoy this richly detailed account. *Under the Piñon Tree* is a must-read for anyone interested in New Mexico and the Southwest.

An important new translation of a fundamental work of Brazilian literature Written by a former army lieutenant, civil engineer, and journalist, *Backlands* is Euclides da Cunha's vivid and poignant portrayal of Brazil's infamous War of Canudos. The deadliest civil war in Brazilian history, the conflict during the 1890s was between the government and the village of Canudos in the northeastern state of Bahia, which had been settled by 30,000 followers of the religious zealot Antonio Conselheiro. Far from just an objective retelling, da Cunha's story shows both the significance of this event and the complexities of Brazilian society. Published here in a new translation by Elizabeth Lowe, and featuring an introduction by one of the foremost scholars of Latin America, this is sure to remain one of the best chronicles of war ever penned.

**International Literary Market Place** Farrar, Straus and Giroux

Coffee beans grown in Brazil, Colombia, Vietnam, or one of the other hundred producing lands on five continents remain a palpable and long-standing manifestation of globalization. For five hundred years coffee has been grown in tropical countries for consumption in temperate regions. This 2003 volume brings together scholars from nine countries who study coffee markets and societies over the last five centuries in fourteen countries on four continents and across the Indian and Pacific Oceans, with a special emphasis on the nineteenth and early twentieth centuries. The chapters analyse the creation and function of commodity, labour, and financial markets; the role of race, ethnicity, gender, and class in the formation of coffee societies; the interaction between technology and ecology; and the impact of colonial powers, nationalist regimes, and the forces of the world economy in the forging of economic development and political democracy.

**The Pan-American Magazine** University of Chicago Press

From one of Brazil's eminent authors comes a Machiavellian tale, set during South America's dirty wars, where the machinations of a consummate diplomat and deceiver ring dangerously true. A charismatic young diplomat in Brazil's Foreign Ministry, Marcílio Andrade Xavier (Max to his friends and colleagues), renounces his past ideals and becomes an informer for the military regime after their coup in 1964. Max navigates a shadowy world of betrayal, torture, and assassination without blinking an eye and advances swiftly up the diplomatic ladder. Ironically, once democracy is restored after more than two decades, the enigmatic Max will still manage to thrive. Set against the backdrop of ruthless political maneuvering and dubious business deals with dire consequences, *His Own Man* offers a chilling anatomy of ambition and power.
