During World War II, the U.S. military employed all-female bands to support bond drives. These bands drew such attention that they were placed on tour, raising money for the war and boosting morale. Even after the war ended, the bands would last for some 60 years. Based on Jill Sullivan's interviews with over 70 surviving band members, *Bands of Sisters: U.S. Women's Military Bands during World War II* tells the tale of this remarkable period in the history of American women. The opportunities presented by military service inevitably promoted new perspectives on what women could accomplish outside of the home, resulting in a lifetime of lasting relationships that would inspire future generations of musicians.

*Hunter x Hunter. Vol. 36* Bloomsbury Publishing

First published in 1990, *Songs of the Doomed* is back in print -- by popular demand! In this third and most extraordinary volume of the Gonzo Papers, Dr. Hunter S. Thompson recalls high and hideous moments in his thirty years in the Passing Lane -- and no one is safe from his hilarious, remarkably astute social commentary. With Thompson's trademark insight and passion about the state of American politics and culture, *Songs of the Doomed* charts the long, strange trip from Kennedy to Quayle in Thompson's freewheeling, inimitable style. Spanning four decades -- 1950 to 1990 -- Thompson is at the top of his form while fleeing New York for Puerto Rico, riding with the Hell's Angels, investigating Las Vegas sleaze, grappling with the "Dukakis problem," and finally, detailing his infamous lifestyle bust, trial documents, and Fourth Amendment battle with the Law. These tales -- often sleazy, brutal, and crude -- are only the tip of what Jack Nicholson called "the most baffling human iceberg of our time." *Songs of the Doomed* is vintage Thompson -- a brilliant, brazen, bawdy compilation of the greatest sound bites of Gonzo journalism from the past thirty years.

MASKI PITON, or Broken Arm, is perhaps the best-known or best publicised Cree Indian Chief, and has had more written about him than any other Chief or historic aboriginal person in Alberta. In spite of this, virtually nothing has been written about - or is known about - his band of the Plains Cree. Much that is known and has been written about him is incomplete and woefully lacking, not having been satisfactorily researched. In fact, the band ranged through a large area from the mountains of the North Saskatchewan to northern Minnesota. In fact, as it turns out, MASKI PITON's band is one of the best documented of the Plains Cree bands and, once we combine the records from Canada and the United States, we are able to reconstruct a very accurate record of the history of the band. This is the history of the Band from its early origins to the reservation period, and is the first documentation of the range of the Plains Cree bands.
