Charles Jordan's Best Card Tricks Courier Corporation The Sullivans are a normal family. But after being transported to the magical world of Arenia, normal isn't a luxury they can afford. It's just another Thanksgiving for the Sullivans—until the walls disappear and they discover they are being transported to Arenia, a place where game rules are real and their Earthen ability to reincarnate grants them unlimited potential. Or it would, if the celestial administrator in charge of their case hadn't mixed up longitude and latitude and sent the wrong family. Oops. Too bad he already faked their deaths. Now scattered throughout the Arenian wilderness and armed only with their Tomes—books containing all of their skills, accomplishments, and quests—the family members must discover a strength they didn't know they had if they are going to survive long enough to find each other. Note: Contains some profanity and a turkey, but not a profane turkey.

Personally, I'm fine with profane turkeys, but if that's where you draw the line, you should know that there are none in this book. In fact, I'm going to promise you no profane turkeys for the entire series. That's my gift to you.

Zorian Kazinski has all the time in the world to get stronger, and he plans on taking full advantage of it. A teenage mage of humble birth and slightly above-average skill, Zorian is attending his third year of education at Cyoria's magical academy. A driven and quiet young man, he is consumed by a desire to ensure his own future and free himself of the influence of his family, resenting the Kazinskis for favoring his brothers over him. Consequently, Zorian has no time for pointless distractions, much less other people's problems. As it happens, though, time is something he is about to get plenty of. On the eve of Cyoria's annual summer festival, Zorian is murdered, then abruptly brought back to the beginning of the month, just before he was about to take the train to school. Finding himself trapped in a time loop with no clear end or exit, he will have to look both within and without to unravel the mystery set before him. He does have to unravel it, too, because the loop clearly wasn't made for his sake, and in a world of magic even a time traveler isn't safe from those who wish him ill.

Fortunately for Zorian,  
repetition is the mother of  
learning...
