 Eight ordinary people.
 One extraordinary choice.
 It seems like any other
 day. You wake up, pour a
 cup of coffee, and head
 out. But today, when you
 open your front door,
 waiting for you is a small
 wooden box. This box
 holds your fate inside: the
 answer to the exact
 number of years you will
 live. From suburban
 doorsteps to desert tents,
 every person on every

continent receives the same box. In an instant, the world is thrust into a collective frenzy. Where did these boxes come from? What do they mean? Is there truth to what they promise? As society comes together and pulls apart, everyone faces the same shocking choice: Do they wish to know how long they'll live? And, if so, what will they do with that knowledge? The Measure charts the dawn of this new world through an unforgettable cast of characters whose

decisions and fates interweave with one another: best friends whose dreams are forever entwined, pen pals finding refuge in the unknown, a couple who thought they didn't have to rush, a doctor who cannot save himself, and a politician whose box becomes the powder keg that ultimately changes everything. Enchanting and deeply uplifting, The Measure is a sweeping, ambitious, and invigorating story about family, friendship, hope, and destiny that

encourages us to live life to the fullest.

It was a pretty radical idea—a channel for teenagers, showing nothing but music videos. It was such a radical idea that almost no one thought it would actually succeed, much

less become a force in the worlds of music, television, film, fashion, sports, and even politics. But it did work. MTV became more than anyone had ever imagined. *I Want My MTV* tells the story of the first decade of MTV, the golden era when MTV's programming was all videos, all the time, and kids watched religiously to see their favorite bands, learn about new music, and have something to talk about at parties. From its start in 1981 with a small cache of videos by

mostly unknown British new wave acts to the launch of the reality-television craze with *The Real World* in 1992, MTV grew into a tastemaker, a career maker, and a mammoth business. Featuring interviews with nearly four hundred artists, directors, VJs, and television and music executives, *I Want My MTV* is a testament to the channel that changed popular culture forever.

"Sting's gift for prose and reverence for language,

nearly the equal of his musical gifts, shine on every page. Even when Broken Music addresses the quixotic life of an aspiring rock & roller, it reads like literature from a more rarified time when adults didn't condescend to the vulgarities of pop culture." —Rolling Stone
Having been a songwriter most of my life, condensing my ideas and emotions into short rhyming couplets and setting them to music, I had never really considered writing a book. But upon arriving at the

reflective age of fifty, I found myself drawn, for the first time, to write long passages that were as stimulating and intriguing to me as any songwriting I had ever done. And so Broken Music began to take shape. It is a book about the early part of my life, from childhood through adolescence, right up to the eve of my success with the Police. It is a story very few people know. I had no interest in writing a traditional autobiographical recitation of everything

that's ever happened to me. Instead I found myself drawn to exploring specific moments, certain people and relationships, and particular events which still resonate powerfully for me as I try to understand the child I was, and the man I became.

From the first Police album, Outlandos D'Amour, through Sacred Love, here are the collected lyrics written by Sting, along with his commentary. "Publishing

my lyrics separately from their musical accompaniment is something that I've studiously avoided until now. The two, lyrics and music, have always been mutually dependent, in much the same way as a mannequin and a set of clothes are dependent on each other; separate them, and what remains is a naked dummy and a pile of cloth. Nevertheless, the exercise has been an interesting one, seeing perhaps for the first time how successfully the lyrics

survive on their own, and inviting the question as to whether song lyrics are in fact poetry or something else entirely. And while I've never seriously described myself as a poet, the book in your hands, devoid as it is of any musical notation, looks suspiciously like a book of poems. So it seems I am entering, with some trepidation, the unadorned realm of the poet. I have set out my compositions in the sequence they were written and provided a little background when I

thought it might be illuminating. My wares have neither been sorted nor dressed in clothes that do not belong to them; indeed, they have been shorn of the very garments that gave them their shape in the first place. No doubt some of them will perish in the cold cruelty of this new environment, and yet others may prove more resilient and become perhaps more beautiful in their naked state. I can't predict the outcome, but I have taken this risk knowingly and, while no

one in their right mind should ever attempt to set "The Waste Land" to music, in the hopeful words of T. S. Eliot, These fragments I have shored against my ruins."

This is a story of the 1970s. Of a road trip in a wood-paneled station wagon, with the kids in the way-back, singing along to the Steve Miller Band. Of brothers waking up early on Saturday mornings for five consecutive hours of cartoons. Of growing up in a magical era populated by Bic pens, Mr. Clean and Scrubbing Bubbles,

lightsabers and those oh-so-coveted Schwinn Sting-Ray bikes. And of a father -- one of 3M's greatest and last eight-track salesmen -- traveling across the country on the brand-new Boeing 747, providing for his family but wanting nothing more than to get home. In Sting-Ray Afternoons, Steve Rushin paints an utterly nostalgic, psychedelically vibrant portrait of a decade overflowing with technological evolution, cultural revolution, as well as brotherly, sisterly, and

parental love. "Funny, elegiac... a remarkably sunny coming-of-age story about growing up in a Midwest world." -- NPR

Based on hundreds of

hours of interviews with Sneum, Mark Ryan describes how Tommy made an incredible escape from Denmark in a battered old Hornet Moth aircraft - which he had to refuel in mid-air by climbing out on the wing. Later, he escaped from Denmark again - by walking across a treacherous frozen sea on which two of his companions died. Tommy brought over precious intelligence about the Nazi radar installations in Denmark and their atom bomb - his reward was to

be imprisoned in Brixton as a suspected double agent and threatened with execution. He cheated the hangman - but it is only with the publication of this enthralling book that Sneum can be celebrated as, in the words of Professor R.V. Jones, Churchill's chief of scientific intelligence, 'one of the true heroes of World War II'.

(Gordon Matthew Sumner, b. 1951 in Wallsend, UK) somberly stands close to a statue of Mary, the mother of Jesus. The album was released a few months after his own mother, Audrey, died. The picture was taken on the island of Montserrat, where he was recording the album, apparently on the day of her death. "I said goodbye to my mother, as I had a recording date in Montserrat, and she died a week later." When asked by the author if his mother was particularly

connected to Mary, and if this was why he chose this image, he replied "No, but I did." This evocative photograph and Sting's quick answer encapsulate the two pillars of this book: a microhistory of a specific British Catholic parish in the 1950s-60s, and the impact that growing up there had on Sting's artistic output. And beyond that, this book opens a window onto the influence of Catholic education and imagination on millions of less famous people who

had similar upbringings.

The Hornet's Sting Little, Brown

From Melville to Madoff, the Confidence Man is an essential American archetype. George Roy Hill's 1973 film *The Sting* treats this theme with a characteristic dexterity.

The movie was warmly received in its time, winning seven Academy Awards, but there were some who thought the movie was nothing more than a slight throwback. Pauline Kael, among others, felt Hill's film was mechanical and contrived: a callow and manipulative attempt to recapture the box-office success of Robert Redford and Paul Newman's prior pairing, *Butch Cassidy & The Sundance Kid*. Matthew Specktor's passionate, lyric meditation turns *The Sting* on its head, on its

side, and right-side-up in an effort to unpack the film's giddy complexity and secret, melancholic heart. Working off interviews with screenwriter David S. Ward and producer Tony Bill, and tacking from nuanced interpretation of its arching moods and themes to gimlet-eyed observation of its dizzying sleights-of-hand, Specktor opens *The Sting* up to disclose the subtle and stunning dimensions—sexual, political, and aesthetic—of Hill's best film. Through

Specktor's lens, *The Sting* reveals itself as both an enduring human drama and a meditation on art-making itself, an ode to the necessary pleasure of being fooled at the movies.
