Doug Bill traveled in the early 1970s to India and Nepal, where deeply moving experiences in overcrowded villages, along with later advanced studies in psychology and spirituality, awakened him to the oneness of all life. Those experiences planted the seeds for Living the Namaste Principle. It outlines his quest to awaken, access, and embody the awareness of the divinity within, both personally and professionally. Using personal, illustrative stories from his life and work, he details the Namaste Principle, which is simply defined—we are reflections of one another, eternally connected. Bill tells how this begins with the understanding that we are all linked, and the first step to loving others is to love oneself. Offering a simple and elegant primer on bringing a profound, spiritual truth into a hectic world, Living the Namaste Principle is an inspiring guide giving a profound approach to living with integrity, spirit, and love.

What is enlightenment? Rodney Smith's answer to that elusive question offers an explanation not only of the radical shift in perception that the word enlightenment connotes, but of the entire topography of the journey from beginning to end, of the multiple ways we undermine the very growth we seek, and of the awakened life that ultimately arises out of the new consciousness.

In this fascinating book, Mary Terhune shares her personal

journey of spiritual awakening, mystical encounters, and visions, as well as the universal truths revealed to her in the process. During a life crisis, she spontaneously received revelations from Jesus that transformed her conscious awareness, changing her life forever. A profound experience of self-realization brought her the message that divinity is humankind's natural state—one we need to reclaim. She then had an encounter during meditation that showed her, beyond any shadow of doubt, that birth and dying are actually illusions. Mary went on to have an amazing introduction to homeopathy, which expanded her training as a registered nurse into a different understanding and approach to disease, prevention, curing, and healing. Mary urges us all to become mindful of our omniscient essence—and embrace paradigm shifts in preventive and curative medicine as we awaken to consciousness as the primary force of life. Out of the Blue inspires every reader to live as an awakened being and a knowledgeable master of one's own destiny and well-being.

"The Awakening: The Last Great Paradigm Shift" is a refreshing and enlightening look into the seemingly unexplainable malaise that has taken hold in the modern day Christian church. As we take a peek into the twenty-first Century American Church, we see what appears to be a new phenomenon that is unfolding. This development has both Pastor and parishioner grappling for answers. There is a group within the Church, which, in large part, has provided the inspiration for the writing of this book. This group is experiencing a "falling away" within the end time Church of today. This group of believers still loves God and has a strong affinity for the things of God and, yet, they are experiencing an emptiness that is overwhelming and, furthermore, are no longer getting the satisfaction they once received from the Church. The

Church and its status quo attitude and behavior is no longer fulfilling, satisfying or gratifying and the resultant emptiness is overbearing. And two questions that beg to be answered are why is this state of apostasy now so prominent in the Church and how did we get here? This book, among other things, tackles these issues from both a Biblical and historical perspective. This book is truly a must read for the end time believer in search of spiritual truth, insight and awakening. This book will challenge the modern day believer to look at where they are, to choose who they are going to serve and if they are willing to do it God's way. After having read this book, I feel challenged all the more. Rev. P Spears The Awakening is truly enlightening for the seeking, searching, 21st century believer. A refreshing revelation of Biblical truth. E Beech

"David Bosch's Transforming Mission, now available in over a dozen languages, is widely recognized as an historic and magisterial contribution to the study of mission. Examining the entire sweep of Christian tradition, he shows how five paradigms have historically encapsulated the Christian understanding of mission and then outlines the characteristics of an emerging postmodern paradigm dialectically linking the transcendent and imminent dimensions of salvation. In this new anniversary edition, Darrel Guder and Martin Reppenhagen explore the impact of Bosch's work and the unfolding application of his seminal vision."

The initial Book of Shadows in the Transpersonal Awakening Series by Deidora Blanche will empower you, dear reader, to learn to dance with time in Timelessness. Become the protagonist and remember a host of intuitive gifts that you carry within.

Deiadora reminds you that you can astrally travel, lucid dream, and create in your mind all before waking to a new day. It all starts with a magickal understanding that everything and everyone are interconnected like a spider's web. Let these light travels guide you on your next adventure and unearth the hidden creativity that lies inside you just waiting to be awakened. Meanwhile, in an evolutionary research lab, Deiadora and Geoffrey Blanche are searching for the perfect algorithm to create conscious Artificial Intelligence that will help them design teleportation devices for humanity in the year 2056. From their base on Planet X, they and their team are doing everything they can in Timelessness now that Time is not being counted or numbered. Deiadora intuitively knows that someone must "go back" in Time to seed the proper information needed to shift reality to its natural state: the primacy of consciousness affecting our material reality. To do so, she must take the risk of falling back to sleep to teleport into the unknown. Without the paradigm shift, the team knows that there would not be enough plasma energy to support the planet's future, let alone multiVerse technologies. Will she make it? And will her team succeed? Find out by indulging your imagination and follow along in unity.

Earth's Miracle Through the Paradigm Shift Astrology Sight Paradigm shifts in culture occur about every 250 years.

Significant cultural shifts have taken place from Egyptian times to the Babylonian exile, to the time of Alexander the Great to the Roman Empire. The Scholastic, Renaissance, and Reformation paradigms followed in quick succession, influencing thought, industry, and religion. Education being part of culture, it too has experienced significant paradigm shifts. The mandate to pass on our Christian faith to the next generation is a constant that has not changed, though the methods of doing so have undergone significant change. With consideration of the role of the family patriarch in every cultural paradigm and the triad of family, church, and Christian school, this book seeks to impart: • The understanding of this continuing mandate • The understanding of the current level of cultural change • The understanding of the best practices for passing on our faith through historical cultural changes We are currently in the transition from the Modern paradigm to a yet to be named postmodern paradigm. This very day will be a significant time in history. How will our generation pass on our faith to the next generation in a manner that is consistent with the ongoing story of God's people?

If knowing the rules to this game we call life is an advantage, just imagine what understanding and applying them could do for us all? Kathryn A. Cross's light hearted approach to reigniting the wisdom we all have buried nice and deep inside, under years, generations and incarnations of false programming is simple, yet life changing. How our own instincts have become so corrupt we have lost the ability to discern the most simple of life situations, and the revelation our immune systems are also at the mercy of this programming is mind-blowing; Metaphysics the Great Paradigm Shift touches on everything from addictions and alcoholism, to wisdom and warts with a plethora in between in the two complete books within "Metaphysical Conundrum" the choice between fear and faith and "Metaphysical Causation" explains why stuff happens . The author believes we all have the POWER to live joyful and fulfilling lives, but asks, are we willing and more importantly courageous enough to do what it takes to make the shift? The book includes metaphysical wisdom, strategies and tidbits to assist us on our way to living that elusive joy filled and purposeful life.

Anatta is the Buddhist teaching on the nonexistence of a

permanent, independent self. It's a notoriously puzzling and elusive concept, usually leading to such questions as, "If I don't have a self, who's reading this sentence?" It's not that there's no self there, says Rodney Smith. It's just that the self that is reading this sentence is a configuration of elements that at one time did not exist and which at some point in the future will disperse. Even in its present existence, it's more a temporary arrangement of components rather than something solid. Anatta is a truth the Buddha considered to be absolutely essential to his teaching. Smith shows that understanding this truth can change the way you relate to the world, and that the perspective of selflessness is critically important for anyone involved in spiritual practice. Seeing it can be the key to getting past the idea that spirituality has something to do with self-improvement, and to accessing the joy of deep insight into reality.

Three Steps to Awakening Sergio Gentile

Earth is in a very powerful stage of evolutionary development right now. Earth supports life and life here contains consciousness and this means the Earth is a living organism with consciousness as well. There have been different terms to describe a revolutionary change in the structure of life on the planet. The metaphysical community has called this "the shift in consciousness," and the scientific community has called this scenario "the Paradigm Shift," and in religion, it is known as the "Apocalypse." Apocalypse is Greek and translates to "a revealing of information and a transition into a heavenly state." A definite transition is occurring due to the levels of consciousness and energy changing on our planet. The entire universe is actually going through changes now and this has to do with the evolutionary development of the universe itself.

Shows how we must make deep changes to complete our paradigm shift from the old mechanistic worldview to the new organic worldview • Reveals the distinct stages of paradigm shifts through the ages, including the 18th-century Enlightenment and the critical stage of our current shift • Explains how the new organic worldview began with Goethe and Kant • Offers solutions for each of us to be able to realize and make the deep changes needed for global regeneration In *Global Awakening*, Michael Schacker shows that hidden within our global crises is a positive future for the planet. Sharing his 30 years of intensive research into the history of change as well as the evolution of consciousness and regenerative science, Schacker explains how our current shift from the old mechanistic worldview to a new organic worldview based on biological models follows the same pattern as other paradigm shifts across history, including the 18th-century Enlightenment and the American Revolution. He reveals the creative geniuses who have contributed to the birth of the organic worldview, beginning with Goethe, Kant, and Hahnemann. Exposing the scientific and social forces that drive paradigm shifts, he details the stages every paradigm shift

progresses through: the early Enlightenment, the conservative backlash, the intensive phase, and the transformational phase leading to the Organic Shift. Explaining that we are currently in the throes of the paradigm flip, the critical last phase of our paradigm shift, Schacker shows how the mechanistic worldview is crumbling around us and nothing but a complete transformation in the way we think will keep us from the path of total self-destruction. Providing a map to overcome the allure of the simplistic mechanical model that has spawned countless unsustainable practices and problems--from global warming to intense economic disparities--the author offers concrete solutions showing how each of us can use our talents, skills, and time to make the deep changes needed for global regeneration.

Are a person's perceptions and values altered when facing the end of life? Are a person's perceptions and values altered when facing the end of life? Do the dying see the world in a way that could help the rest of us learn how to live? This book takes us into the lessons of the dying. Through the words and circumstances of the terminally ill, we become immersed in their wisdom and in our own mortality. The dying speak to us in direct and personal ways, pointing toward a wise and sane way to live. In everyday language we can all understand, Rodney Smith extends the conversation about death to people of all ages and states of health. Through exercises and guided meditative reflections at the end of each chapter, the lessons of the dying become a blueprint for our own growth.

 Winner: 2004 COVR Book of the Year The Shift: An Awakening is an inspiring piece of visionary fiction that takes place in present day America. The earth has grown impatient with mankind's unconscious treatment of her, and sends a prophecy to seers of

several different faiths. She has detailed in the prophecy her plan to reset the population on earth if mankind does not meet her simple requirements. At the same time a new political party is born from the confusion of America's last presidential election. A mystic priest, a seer for the Church of Rome is the first to receive the prophecy. He leaves his home in El Salvador to join a group of mystics in Mountain Home, Utah. Meanwhile, the new political party sets out to create a political paradigm that will guide America and the world, away from environmental destruction. Will the group of mystics succeed in igniting the world's consciousness before it's too late? The answers are in The Shift.

The Astrology of Awakening 2 The book is designed for students and practitioners of astrology interested in a thoroughly spiritual approach to the cosmic art. It provides a step by step breakdown of how we can understand an astrology chart as a journey of maturation and spiritual awakening. The Awakening approach weaves threads from developmental psychology, modern understandings of consciousness, ancient spiritual wisdom, the implications of quantum science, all held within today's knowledge of astronomy. It is the culmination of many years of

practice in the counseling room. Highly accessible and readable, The Astrology of Awakening 2, is an ambitious and progressive book. The reader is invited to a whole other perspective or dimension, both in how to examine charts, and also how to connect with clients. Most astrology is understood and framed around personality concerns and preferences. In addition to the relevance of this level, a broader spiritual perspective is the underlying thread of this work. We are awakening into identifying in our connectedness, to see and experience how the external world is a vast canvas in which we project upon. At the soul level, life is a sacred reflection of our psyche. The astrological counselor can learn how to support a client in "meeting self" through all experiences and encounters, to see how the astrology chart itself is animated in our lives. The overarching theme is that we begin in a spiritual child and mature throughout the soul journey. Collectively, we are in a time of paradigm shift towards the inclusion of the metaphysical so we might create a more conscious existence. Astrology can serve as a beacon to light the way forward, and the Awakening approach is ideally suited to meet this goal.
