From the Sunday Times bestselling author 'This refreshing, unusual book needs to exist. A culture shift which repositions a single person as someone who is relationship-free, complete, and not lacking is long overdue.' - The i 'Absolutely f\*cking brilliant' - Florence Given Having a secret single freak-out? Feeling the red, heart-shaped urgency intensify as the years roll on by? Oh hi! You're in the right place. Over half of Brits aged 25-44 are now single. It's become the norm to remain solo until much later in life, given the average marriage ages of 35 (women) and 38 (men). Many of us are choosing never to marry at all. But society, films, song lyrics and our parents are adamant that a happy ending has to be couple-shaped. That we're incomplete without an 'other half\*', like a bisected panto pony. Cue: single sorrow. Dating like it's a job. Spending half our lives waiting for somebody-we-fancy to text us back. Feeling haunted by the terms 'spinster' or 'confirmed bachelor.' Catherine Gray took a whole year off dating to find single satisfaction. She lifted the lid on the reasons behind the global single revolution, explored the bizarre ways cultures single-shame, detached from 'all the good ones are gone!' panic and debunked the myth that married people are much happier. Let's start the reverse brainwash, in order to locate - and luxuriate in - single happiness. Are you in? \*Spoiler: you're already whole PRAISE FOR CATHERINE GRAY'S WRITING: "Fascinating." - Bryony Gordon "Not remotely preachy." - The Times "Jaunty, shrewd and convincing." - The Telegraph "Admirably honest, light, bubbly and remarkably rarely annoying." - The Guardian "Truthful, modern and real." - Stylist "Brave, witty and brilliantly written." - Marie Claire "Haunting, admirable and enlightening." - The Pool

Love, fear and a return to France is the third book in Catherine's series celebrating her French-Australian life. After an enforced pause of several years, she returns to her cherished village on the Annecy Lake in the French Alps. Will she regale you with tales of a barn renovation this time? Afraid not. What about a golly-gosh French affair? Nuh-uh. Still no. But connections, conversations and characters-yes, this she gives to you. More than a memoir. This is a love story with France and family at its heart.

"refreshingly original and incandescently clever" - Publishers Weekly (starred review) He's pulling the con of a lifetime. Unless she exposes the naked truth. Conman Jack Weaver has his eyes on the prize. The arrogant Earl of Bardrick has offered five thousand pounds to anyone who can prove his castle is haunted. With money like that, Jack can ensure he'll never end up on the streets or in prison again. And his spirit photography skills are just the trick needed to convince all of the earl's houseguests to believe in something unseen. Investigative journalist Tess Cochran believes in one thing: the truth. She's not going to let phony ghosts and trick photographs swindle anyone, even a snobbish aristocrat like Bardrick. And she's certainly not going to let herself be swayed by Jack Weaver's charming smile and mischievous antics. When Jack and Tess stumble upon one of the castle's many secrets, they realize something nefarious lurks behind the earl's competition. To solve the mystery, these rivals forge a reluctant partnership. As they strip down the facts, Jack and Tess begin to find that the deepest truths may be concealed in their hearts.

I was four and half years old and living in Halifax with my seven siblings the day my city was devastated by an exploding ship in the harbour. It threw me to the floor as our windows collapsed. In the days, weeks, months and years that followed, this vivid, terrifying moment and the stories of altered lives dominated our daily thoughts and conversations. As CEO of the Northern Electric Company in Halifax, my father was heavily involved in the immediate demands. Years later I felt driven to record my family experiences and to study thoroughly the record of those awful days. As I wrote, I was struck by the overwhelming determination, heroism and cooperation that the unheralded citizens of Halifax demonstrated in the face of death, destruction and snowstorms. For centuries women have known that when war came they would be needed for their sheets torn up for bandages, for clothing and for food. So, the women of Halifax met in August 1914 and made tentative plans should Halifax be attacked. Some don't believe it. Yet war was very frightening in a seaport city. And these Halifax ladies were the women who, two years before, gathered at city hall behind long tables with pen and paper to assist survivors of the Titanic to identify bodies gathered up from the sea and brought to Halifax on our own ships. When the Explosion went off the wife of a judge met her friend and arrived at the city hall by 9:30 a.m. They swept up glass and plaster knowing that the women would be coming soon with everything they had mustered. At 11:30 a.m. one of the city councillors came downstairs and said to the women "Give everything to everybody who asks". Half-naked, blackened, bloodied people had been coming in all morning. The women were ready with "everything for everybody" because the ladies had planned for an attack.

Irresistible Forces LUNA

This is not a book for the faint-hearted. This topic affects every one of us whether we realize it or not- and it is one that the writer crafts with honor. It is an explosively heart-rendering "must read" that deals with the residuals of severe child abuse and the squalid monsters who commit such horrendous acts- monsters who hide among us all. Catherine's brutal honesty is commendably brave-She spares nothing in order to get her message across for her readers to get the full feeling of the story. With keen empathy and vibrancy, Catherine takes you on a journey of finalizing contingent and prevailing wisdom. The reader is taken into the lives and the sensations of such victims with specific ardor. Her handling of the topic sets the readers feet onto the very misbegotten path that these unfortunate people were unwillingly cast onto. And she does it with such openly harsh tact. She artfully commends all victims into their rightful place by giving validating insight into the makings of the deep scars and the mechanisms that protrude into their lives. Some might view this book as a type of thriller or horror tale by way of its purely raw depiction of a sincere truth. The horizon is drawn via a variety of delicately captured candidness. You will tingle and sensate from this depiction of human-ugliness at it's best. The words may rip through you, but you will undoubtedly reach a poignant climax by the travels you go on with her main character. Catherine has succeeded in outlining the nefarious nature that brings about the subject with colorful detail in this creative non-fiction novel. You will not be able to put it down.

**The Sock Monkey Tales** Catherine Stein, LLC Master of romantic fiction Catherine Cookson is world renowned for her enthralling tales of love that triumphs over impossible odds. In *Kate Hannigan*, her very first novel, Catherine Cookson introduces us to the enduring story of her most charismatic heroine. The moment he lays eyes on Kate, Dr. Rodney Prince is enchanted. He senses in this poverty-stricken patient an intelligence and warmth that's completely unexpected. His own wife, living in the oblivion of velvet cushions and lavish dinner parties, seems crude by comparison. Though they meet only briefly then retreat to their separate worlds, the image of Kate leaves an indelible mark upon his mind. Rodney knows that Kate's spirit has survived life-long suffering at the hands of men. Her father, an embittered dock worker, directed his violent rages toward Kate and her mother. At age eighteen Kate fell victim to a smooth-talking seducer and became the unwed mother of a child she later compromised her dignity to support. Such circumstances only deepen Rodney's desire to rescue Kate and overturn the codes of a society that serve to keep them apart. As the kindhearted Dr. Prince unintentionally wins over the heart of Kate's fatherless daughter, he and Kate begin to acknowledge that the gap between rich and poor might not be so great after all. Available now in the United States, *Kate Hannigan* remains a timeless tribute to romantic love. England's late, great Catherine Cookson has spun the unforgettable tale of a wealthy man caught in a loveless marriage, a young woman trapped in the slums, and their defiance of the mores of Edwardian society.

Catherine Lim's free-wheeling imagination cheerfully dispenses with all constraints to tell stories of that other world. Written with an exaggerated sense of earnestness and caution, the eighteen tales in this collection elicit in the reader the very goosebumps of terror she had herself experienced as a child listening to such tales. As an adult, these goosebumps persist for her. However, they no longer arise from fear, but from a sense of awe and mystery that she feels when she considers this large existential question: Despite our extensive scientific knowledge today, what do we know of the supernatural? What can we know of the supernatural? Catherine's deep and abiding sense of mystery is reflected in the pronouncement by one of her characters in the last story in this collection: "I don't know, I don't know. I wish I did."
