From the author of The New York Times #1 bestselling novel The Carpetbaggers comes a powerful yarn exposing the money, fame, sex, politics, and power that accompany being at the top of the entertainment industry.... Based on the real lives of network executives and other high-profile personalities in the early days when television first became a viable threat to the all-powerful business of the silver screen, The Inheritors is the first in Harold Robbins's "Trilogy of Greed," and spent 21 weeks on The New York Times bestseller list. Steve Gaunt, the rebellious visionary, is the head of a successful television empire, making him a hit, both in the ratings and with the gorgeous women he meets. Sam Benjamin, one of the last of the old motion picture tycoons, desperately wants to hold on to the power that has long been associated with the more "glamorous" part of the business--the movies. When the two combine forces, they have the potential to remake the entertainment industry--or be each other's undoing. Will their friendship fall apart when their money is on the line, or will their partnership make them even more wealthy and powerful? Entertainment is a dirty business, built by ruthless mavericks, and friendships can fall in a heartbeat when money is on the line. The only rule is that nothing is real in Hollywood. In its initial publication, The Inheritors was a timely indictment of an industry on fire. Today, it is a fascinating look back at a time when television was just coming into its own, and how the movie industry dealt with this new and growing threat.

Destiny brings two lonely people together in this moving love story by A J Cronin, one of the master story-tellers of our time. Dr Harvey Leith, brilliant research scientist, awakes from a drunken stupor to find himself aboard a liner bound for the romantic Canary Islands. His past life is in ruins, and his hopes for the future are shattered. But he meets the lovely Mary Fielding on the ship, also looking for a new purpose in her life. It seems to her that they have met somewhere before, in some other place, and that they are meant for each other. There is only one problem – she is already married. Dr Leith's life becomes inextricably involved with those of the other passengers and he gradually begins to forget the bitterness of the past. In the sultry atmosphere of Grand Canary he finds he has to conquer himself to achieve happiness.

Henry Page, owner of The Northern Light, the oldest and most respected newspaper in Tynecastle, is offered a vast sum to turn over control to a mass-circulation group based in London. He refuses – despite entreaties by his wife to accept – and so begins his fight with the Chronicle, an almost defunct newspaper in the same area which is given new life by London-thinking and London men. Against Henry Page, a journalist who believes in honest presentation of news without bringing in sensationalism, the Chronicle pulls every dirty trick in the trade. And Henry, brought eventually almost to his knees, stoically holds on to his principles and The Northern Light. It is only when he has won the battle that tragedy robs him of the most important thing in his life. In the magnificent narrative tradition of The Citadel, The Stars Look Down and Cronin's other classic novels, The Northern Light is a great book by a much-loved author.
