 know the real estate
 licensing exam can be
 tough, and very nerve-
 wracking to prepare for.
 That's why we created the
 Illinois Real Estate License
 Exam Prep (IL-RELEP) the
 way we did. Since we
 have been managing real
 estate schools and
 developing curriculum for

forty years, we know how all this works - or fails to work. IL-RELEP is comprehensive in that it contains both key content review and testing practice. And the text review is Illinois-specific - not just simplistic national content, but terse, relevant and accurate Illinois laws and regulations presented as a well-organized set of state 'key point reviews' ideal for pre-test memorization. But let's not dismiss the importance of the national content either. IL-RELEP's

national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast. Our content is drawn from our own national textbook, Principles of Real Estate Practice - one of the most widely used principles textbooks in the country. Finally, our national content, as well as our question selection, is further tailored to the state testing outline promulgated by PSI for

Illinois. Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state's testing service and your Illinois license exam. A word about the test questions... IL-RELEP's testing practice section consists of ten national practice tests, three state practice tests, and one state exam sample test. The practice tests are roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the

content covered by the law reviews – which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding. When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question’s answer is accompanied by a brief explanation, or “rationale” to further reinforce your

understanding. In the end, as you know, it’s all up to you. Unlike other publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Illinois real estate exam. So good luck!!

 Title closing is the time when a real estate transfer or purchase transaction is completed. Specific terminology may vary by region and other common terms used to describe this transaction include closing escrow or holding a settlement meeting. Regardless of terminology, the results of the closing are the same, a completed real estate transfer where all contractual items are fulfilled and both parties' obligations are legally settled. These transfers

often require the services of a trained real estate settlement agent. The purpose behind having a trained settlement agent oversee the closing process is to provide an impartial third party who will finalize all of the transaction details. This ensures that the transaction is closed in a fair manner and that all parties fulfill their contractual obligations. The title used to describe a settlement agent may also vary by region. Closing agent or escrow agent are commonly

heard titles used in relationship to this position. The career of a Real Estate Settlement Agent can be both rewarding and lucrative. This coursework is designed to assist you in gaining the knowledge, tools, and skills that you need to begin on the path to career success as a Real Estate Closing Settlement Agent. *Illinois Real Estate License Exam Prep: All-in-One Review and Testing To Pass Illinois' PSI Real Estate Exam* Performance Programs Company

VA-RELEP’s testing practice section consists of ten national practice tests, five state practice tests, and one state exam sample test. The practice tests are

roughly 50 questions in length and the sample test is 100 questions. The test questions are designed to cover the content covered by the law reviews - which reinforces your learning of the total body of information tested by your state exam. The questions are direct, to the point, and designed to test your understanding.

When you have completed a given test, you can check your answers against the answer key in the appendix. You may also note that each question's answer is accompanied by a brief explanation, or "rationale" to further reinforce your understanding. In the end, as you know, it's all up to you. Unlike other

publications, we are not going to tell you that using this book will guarantee that you pass your state exam. It still takes hard work and study to pass. But we have done our best here to get you ready. Following that, the most we can do is wish you the best of success in taking and passing your Virginia real estate exam. So good luck!!
