'I am invisible, understand, simply because people refuse to see me.' Defeated and embittered by a country which treats him as a non-being, the 'invisible man' retreats into an underground cell, where he smokes, drinks, listens to jazz and recounts his search for identity in white society: as an optimistic student in the Deep South, in the north with the black activist group the Brotherhood, and in the Harlem race riots. And explains how he came to be living underground . . . 'An

American classic . . . one of the most original voices of Black America.' The Times

Cheryl Strayed's *Wild* meets Katherine Center's *How to Walk Away* in Kathleen Basi's debut novel about an unconventional road trip and what it means to honor the ones we love. It's one year after the death of her husband and twin teenagers, and Miriam Tedesco has lost faith in humanity and herself. When a bouquet of flowers that her husband always sends on their anniversary shows up at her workplace, she completely unravels. With the help of her best friend, she realizes that it's time to pick up the pieces and begin to move on. Step one is not even cleaning out her family's possessions, but just taking inventory starting with her daughter's room. But when she opens her daughter's computer, she stumbles across a program her

daughter has created detailing an automated cross-country road trip, for her and her husband to take as soon-to-be empty nesters. Seeing and hearing the video clips of her kids embedded in the program, Miriam is determined to take this trip for her children. Armed with her husband's guitar, her daughter's cello, and her son's unfinished piano sonata, she embarks on a musical pilgrimage to grieve the family she fears she never loved enough. Along the way she meets a young, pregnant hitchhiker named Dicey, whose boisterous and spunky attitude reminds Miriam of her own daughter. Tornadoes, impromptu concerts, and an unlikely friendship...whether she's prepared for it or not, Miriam's world is coming back to life. But as she struggles to keep her focus on the reason she set out on this journey, she has to confront the possibility that the best way to honor her family may be to accept the truths she never wanted to face. Hopeful, honest, and tender, *A Song for the Road* is about courage, vulnerability, and forgiveness, even of yourself, when it really matters.

This book of koans contains some of the most important Zen sayings of all time along with insightful commentary. Koans are the intellectually unsolvable problem-riddles at the core of the Rinzai tradition of Zen Buddhism, perhaps the most well-known one being "what is the sound of one hand clapping." Though widely recognized, most koan remain narrowly understood. In this new edition of *The Iron Flute*, one hundred of the most challenging and enlightening koan from the Chinese Chan (Zen) patriarchs of the Tang and Sung dynasties are presented, along with commentary from the great Zen masters Genro, Fugai, and Nyogen, and an in-depth biography of author Nyogen Senzaki (1876-1958), a pioneer in bringing Zen Buddhism to the West. *The Iron Flute* stands alone as the definitive work on koan-an essential pathway to the tenets and practice of Zen Buddhism.

 Teachers and flutists at all levels have praised Nancy Toff's *The Flute Book*, a unique one-stop guide to the flute and its music. Organized into four main parts--The Instrument, Performance, The Music, and Repertoire Catalog--the book begins with a description of the instrument and its making, offers information on choosing and caring for a flute, sketches a history of the flute, and discusses differences between members of the flute family. In the Performance section, readers learn about breathing, tone, vibrato, articulation, technique, style, performing, and recording. In the extensive analysis of flute literature that follows, Toff places individual pieces in historical context. The book ends with a comprehensive catalog of solo and chamber repertoire, and includes appendices with fingering charts as well as lists of current flute manufacturers, repair shops, sources for flute music and books, and flute clubs and related organizations worldwide. In this Third Edition, Toff has updated the book to reflect technology's advancements--like new digital recording technology and recordings' more prevalent online

availability--over the last decade. She has also accounted for new scholarship on baroque literature; recent developments such as the contrabass flute, quarter-tone flute, and various manufacturing refinements and experiments; consumers' purchase prices for flutes; and a thoroughly updated repertoire catalog and appendices.

The Flute Barrons Juveniles

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. In *LSD: My Problem Child*, we follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend "the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral

nebula, in the seeds of plants, in the body and soul of people." More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

Facing Mount Kenya, first published in 1938, is a monograph on the life and customs of the Gikuyu people of central Kenya prior to their contact with Europeans. It is unique in anthropological literature for it gives an account of the social institutions and religious rites of an African people, permeated by the emotions that give to customs and observances their meaning. It is characterised by both insight and a tinge of romanticism. The author, proud of his African blood and ways of thought, takes the reader through a thorough and clear picture of Gikuyu life and customs, painting an almost utopian picture of their social norms and the sophisticated codes by which all aspects of the society were governed. This book is one of a kind, capturing and documenting traditions fast disappearing. It is therefore a must-read

for all who want to learn about African culture.
