1415 Agincourt Greenwood

The life of the warrior king and the Battle of Agincourt 1415

**A Brief History of the Battle of Agincourt** The History Press

The fascinating story of the Battle of Agincourt told by a distinguished historical novelist

*Agincourt* Rosetta Books

It is 1415 AD. Henry V, of the House of Lancaster, is King of England. The English kings have claimed the throne of France as their birthright for generations, but the young king intends to finally make good on that claim; either by negotiation, or by force

if necessary. As the last attempt at diplomacy fails, Henry and embarks on an ambitions campaign. He sets sail with a 10,000 man army to take what he believes to be rightfully his, starting with the coastal French town of Harfleur. His plans lose momentum though at the Siege of Harfleur; many of his soldiers become ill and many will never see England again. He eventually takes Harfleur after a long and bloody siege, a minor victory in a large war, but he desperately needs one more grand gesture to justify this expensive excursion into France. He comes up with a plan to embarrass the French and marches the remainder of his army across the French countryside, hoping to go unopposed through their lands to the English fortress at Calais. But on the road, only 30 miles from Calais, at a muddy field near the castle of Azincourt, he is stopped by the entire might of the French

army. Henry, his 800 men-at-arms, and 5,000 peasant archers stand facing a much larger force; thousands of French nobles, in the best armor with the best weapons, are waiting for him, ready for battle. The various French factions have temporarily put aside their differences to score an easy victory against the English king. Fate would bring an unexpected outcome however, and the Battle of Agincourt on 25 October 1415, is remembered as one of the most amazing battles of medieval Europe. Experience for yourself every important moment of the day as the events unfold, described in vivid detail, in this epic 7-part narrative. Grab your copy now! Bonus: The final chapter is a detailed account of the feared English Longbow, the weapon that helped snatch victory away from the French at Agincourt and many other medieval battlefields.

[The Battle of Agincourt](#) Simon and Schuster

Agincourt (1415) is an exceptionally famous battle, one that has generated a huge and enduring cultural legacy in the six hundred years since it was fought. Everybody thinks they know what the battle was about. Even John Lennon, aged 12, wrote a poem and drew a picture headed 'Agincourt'. But why and how has Agincourt come to mean so much, to so many? Why do so many people claim their ancestors served at the battle? Is the Agincourt of popular image the real Agincourt, or is our idea of the battle simply taken from Shakespeare's famous depiction of it? Written by the world's leading expert on the battle, this book shows just why it has occupied such a key place in English identity and history in the six centuries since it was fought,

exploring a cultural legacy that stretches from bowmen to Beatles, via Shakespeare, Dickens, and the First World War. Anne Curry first sets the scene, illuminating how and why the battle was fought, as well as its significance in the wider history of the Hundred Years War. She then takes the Agincourt story through the centuries from 1415 to 2015, from the immediate, and sometimes surprising, responses to it on both sides of the Channel, through its reinvention by Shakespeare in King Henry V (1599), and the enduring influence of both the play and the film versions of it, especially the patriotic Laurence Olivier version of 1944, at the time of the D-Day landings in Normandy. But the legacy of Agincourt does not begin and end with Shakespeare's play: from the eighteenth century onwards, on both sides of the Channel and in both the English and French speaking worlds the battle was used as an explanation of national identity, giving rise to jingoistic works in print and music. It was at this time that it became fashionable for the gentry to identify themselves with the victory, and in the Victorian period the Agincourt archer came to be emphasized as the epitome of 'English freedom'. Indeed, even today, historians continue to 'refight' the battle - an academic contest which has intensified over recent years, in the run-up to the sixth hundredth anniversary year of 2015.

Published to mark the 600th anniversary of this famous victory, The Agincourt Companion presents the captivating story of the battle; how Henry V led an outnumbered army to glory, the skill of the English archers, and the core military tactics that proved so successful for the English army.

**History of the Battle of Agincourt and the Expedition of**

**Henry the Fifth Into France in 1415** Amberley Publishing Limited

Henry V's stunning victory at Agincourt was a pivotal battle of the Hundred Years War, reviving England's military fortunes and changing forever the course of European warfare. In this exciting and readable account Colonel Burne recreates the years leading up to Agincourt and its bitter aftermath. He also puts the battle in the perspective of the other important, yet less well known, engagements of the war such as the battles of Verneuil and Fresnay. As with the battles, so with its commanders: Henry V is known to all, but Colonel Burne gives rightful honour to Talbot, Salisbury, Bedford, Chandos and many others. On the French side he details the parts played by Bertrand du Guesclin and of course Joan of Arc. Colonel Burne's outstanding reconstruction of the war is written for layman and historian alike and conveys the drama that Agincourt and its heroes have always so vividly evoked. This new edition of a classic text includes a new introduction by Anne Curry, the world's leading authority on the battle of Agincourt.

*History of the Battle of Agincourt, and of the Expedition of Henry the Fifth Into France in 1415; to which is Added the Roll of the Men at Arms in the English Army* Grub Street Publishers

The human story of Battle of Agincourt through the eyes of key participants.

**25 October 1415** Amberley Publishing Limited

From a master historian comes an astonishing chronicle of life in medieval Europe and the battle that altered the course of an empire. Although almost six centuries old, the Battle of Agincourt still captivates the imaginations of men and women on both sides

of the Atlantic. It has been immortalized in high culture (Shakespeare's Henry V) and low (the New York Post prints Henry's battle cry on its editorial page each Memorial Day). It is the classic underdog story in the history of warfare, and generations have wondered how the English -- outnumbered by the French six to one -- could have succeeded so bravely and brilliantly. Drawing upon a wide range of sources, eminent scholar Juliet Barker casts aside the legend and shows us that the truth behind Agincourt is just as exciting, just as fascinating, and far more significant. She paints a gripping narrative of the October 1415 clash between outnumbered English archers and heavily armored French knights. But she also takes us beyond the battlefield into palaces and common cottages to bring into vivid focus an entire medieval world in flux. Populated with chivalrous heroes, dastardly spies, and a ferocious and bold king, Agincourt is as earthshaking as its subject -- and confirms Juliet Barker's status as both a historian and a storyteller of the first rank.

**Agincourt 1415** Back Bay Books

Agincourt took place on 25 October 1415 and was a turning-point not only in the Hundred Years War between England and France but also in the history of weaponry. Agincourt (as it is now) is in the Pas-de-Calais, and the French were famously defeated by an army led by Henry V. Henry V's stunning victory revived England's military prestige and greatly strengthened his territorial claims in France. The exhausted English army of about 9,000 men was engaged by 20,000 Frenchmen, but the limited space of battle favoured the more compact English forces. The undisciplined charges of the French combined with the exceptional skill of the English archers contributed to a pivotal

moment in European warfare. Not more than 1,600 English soldiers died; the French probably lost more than 6,000 men. Juliet Barker's shimmeringly brilliant narrative commemorates and analyses a canonical battle in British history.

First full investigation into the men of Agincourt - their service, backgrounds, lives and experiences.

**Henry V** Robinson

"On the morning of October 25, 1415, Saint Crispin's Day, King Henry V of England led his troops to victory in one of history's greatest battles: the Battle of Agincourt ... [The author] reconstructs the momentous campaign that would forever link Henry V's name with courage, valour, and a seemingly impossible victory"--Jacket.

**History of the Battle of Agincourt** Boydell & Brewer

Agincourt is one of the most evocative names in English military history. Henry V's forces were tired, hungry, and faced a French army three to six times more numerous. However, they possessed several advantages, and English success resulted from the combination of heavily armoured men-at-arms with troops armed with the infamous longbow-- the havoc this weapon wreaked was crucial. Using original fifteenth century evidence, including the surviving French battle plan and the accounts of men present in both armies, this title discusses the lead-up to the battle, the tactical dispositions of the two forces and the reasons for the ultimate English success.

*History of the Battle of Agincourt, and of the Expedition of Henry the Fifth Into France in 1415; to which is Added the Roll of the Men at Arms in the English Army* Tempus Publishing, Limited

Henry V's stunning victory at Agincourt was a pivotal battle of the Hundred Years War, reviving England's military fortunes and changing forever the course of European warfare.??In this exciting and readable account Colonel Burne recreates the years leading up to Agincourt and its bitter aftermath. He also puts the battle in the perspective of the other important, yet less well known, engagements of the war such as the battles of Verneuil and Fresnay. As with the battles, so with its commanders: Henry V is known to all, but Colonel Burne gives rightful honour to Talbot, Salisbury, Bedford, Chandos and many others. On the French side he details the parts played by Bertrand du Guesclin and of course Joan of Arc.??Colonel Burne's outstanding reconstruction of the war is written for layman and historian alike and conveys the drama that Agincourt and its heroes have always so vividly evoked. **History of the battle of Agincourt, and of the expedition of Henry V. into France, in 1415** Harper Collins

As night fell in Picardy on Thursday 24 October 1415, Henry V and his English troops, worn down by their long march in search of a crossing of the Somme, can only have dreamt that the battle of the next day would be remembered as one of the most momentous victories ever won. Six hundred years down the line, the battle of Agincourt still rings through the centuries. In this stupendous victory English and Welsh archers who formed the bulk of Henry's army prevailed against large numbers of French men-at-arms and cavalry. This startling and revisionist history recreates the campaign and battle from the perspectives of the

English. Acclaimed as one of the best battle accounts ever published, Anne Curry has updated her classic work in honour of the 600th anniversary of Agincourt.

**At Agincourt** Boydell Press

"The battle of Agincourt still rings down through the centuries as a quite incredible victory by the outnumbered, happy few of England, enfeebled by disease and exhaustion, against the might of French chivalry. For many commentators then and now, it was the English archers who won the day for Henry V. This history retells the story of the battle and Henry V's Normandy campaign from the perspective of the reputed commander of the English archers, Sir Thomas Erpingham"--Global Books in Print.

**Crispin's Day** Library of Alexandria

A gripping fictionalized account of the landmark battle that turned the tide of history. On October 25, 1415, a trapped and vastly outnumbered force of exhausted and demoralized English archers and men-at-arms faced a colossal army of French knights on a desolate field in northern France. What took place that day became one of the greatest moments of the Hundred Years' War and English history. Based on chronicles of the times, *Agincourt 1415: Field of Blood* is a dramatic, minute-by-minute retelling of the battle as seen through the eyes of the commanders and soldiers on both sides. This is a brutal, bloody, and captivating retelling of a major British victory written by a Pulitzer Prize finalist. This work sets a new standard for historical fiction. "If you look for a book to read on a chair next to the fireplace holding a glass of whiskey, this book is highly recommendable." —Historic Battlefield Tours

**Agincourt in Context** Little Brown

There can be few military victories so complete, or achieved against such heavy odds, as that won by Henry V on 25 October 1415 against Charles VI's army at Agincourt. In the words of one contemporary French chronicler, it was the 'most disgraceful event that had ever happened to the Kingdom of France'.

Christopher Hibbert's wonderfully concise account draws on the unusual number of contemporary sources available to historians to describe in lucid detail not only what happened, but how it happened. His classic account of the crushing defeat of the French at Agincourt combines historical rigour with a vigorous and very readable narrative style.

*Agincourt* Frontline Books

This book investigates the Battle of Agincourt—which continues to be of immense national and international interest—as well as the wider conduct and organisation of war in the late Middle Ages. In England, Shakespeare's Henry V ensured that the battle holds a place in the English national consciousness, and through the centuries that followed the story of Henry's famous victory was used to galvanise English national spirit in times of war. In France, the immediate impact of the battle was that it helped to galvanise French national awareness in response to an external enemy. This book showcases new research into Agincourt and the wider issues of military recruitment, naval logistics, gunpowder and siege warfare, and the conduct of war. It also takes a wider European perspective on the events of 1415 by including research on Portuguese military organisation at the time of Agincourt. This book was originally published as a special issue of the *Journal of Medieval History*.

**Agincourt** Amberley Publishing Limited

Agincourt is one of the most famous battles in English history, a defining part of the national myth. This groundbreaking study by Mike Livingston, author of *Never Greater Slaughter*, presents a new interpretation of Henry V's great victory. 'It's quite a feat to write an account of England's most famous battle that makes the reader feel like they're experiencing history that is fresh, new and exhilarating.' Dan Snow King Henry V's victory over the French armies at Agincourt on 25 October 1415 is unquestionably one of the most famous battles in history. From Shakespeare's 'band of brothers' speech to its appearances in numerous films, Agincourt rightfully has a place among a handful of conflicts whose names are immediately recognized around the world. The English invasion of France in 1415 saw them take the French port of Harfleur after a long siege, following which Henry was left with a

sick and weakened army, which he chose to march across Normandy to the port of Calais against the wishes of his senior commanders. The French had assembled a superior force and shadowed the English Army before finally blocking its route. The battle that followed was an overwhelming victory for the English, with the French suffering horrific casualties. Agincourt opened the door for Henry V's further conquests in France. Agincourt provides a new look at this famous battle. Mike Livingston goes back to the original sources, including the French battle plan that still survives today, to give a new interpretation, one that challenges the traditional site of the battlefield itself. It is a thrilling new history that not only rewrites the battle as we know it, but also provides fresh insights into the men who fought and died there.
