Guitar Repertoire Hal

It is my hope that this carefully selected set of pieces will offer guidance and clarity to both students and teachers of classical guitar. Now that

music is available in such quantity and ease it is more important than ever to have a clear path laid out that will offer the possibility to explore the repertoire without putting up walls of frustration along the way. After working with several thousand guitarists online it has become clear that studying a piece of music that is too difficult can be one of the biggest impediments to learning and also the joy of music making. More often than not, students who experience struggle will

put themselves at fault. However, I believe that a curated selection of music that is arranged in a progressive manner can avert frustration, foster steady progress, and make for a joyful learning experience. At the heart of this collection is a desire to foster joy and a sense of accomplishment. It is that joy that most likely brought you to the classical guitar in the first place. Each piece has been chosen because of musical, technical, and pedagogical reasons. The collection as a whole

makes up the repertoire component of the curriculum at Classical Guitar Corner Academy and has been worked on diligently by a dedicated community of guitarists around the world. This edition is in standard notation and contains 123 pages. There are 52 pieces in total. Each grade is clearly marked and each piece has a brief set of instruction to help with study and focus.

Composers include:
Fernando Sor, Francisco Tarrega, J.S. Bach, Napoleon Coste, Matteo

Carcassi, Ferdinando Carulli, Agustin Barrios, Mauro Giuliani, Robert De Visée, Domenico Scarlatti, Gaspar Sanz and more.

Graduated Repertoire for the Classical Guitarist, Book 2 Alfred Music

This text covers four topics fundamental in the study of music theory: scales, intervals, key signatures, and an introduction to chords. It will explain the tonal materials from which music is composed. The student is assumed to know the names of all notes on the six strings of the guitar throughout the first four frets and the

corresponding notes on the G(treble) clef.

Intermediate-level guitarists will enjoy playing through this varied collection of pieces, all in one volume. A wide gamut of composers from the Renaissance to the nineteenth century is included, along with a few anonymous contributions. Continuing with the techniques and carefully thought-out fingerings

and notation employed in Dr. Afshar's previous publication (Beginning Pieces for Classical Guitar), selections like "Carcassi Study #3" and "Sor Studies Nos. 5 and 6" require the execution of rest stroke technique on their melodies in order to distinguish them clearly from the concurrent free-stroke accompaniment. In the same spirit, "Study No. 5" by Fernando Sor has been written out in a way that clearly shows the melody as it appears on beats one and three. The nine-movement

suites by Gaspar Sanz and Robert de Visée introduce the student guitarist to Baroque dances and ornamentation.
