James Elkins tells the story of paintings that have made people cry. Drawing upon anecdotes related to individual works of art, he provides a chronicle of how people have shown emotion before works of art.

**Ithell Colquhoun: Magician Born of Nature. Revised Edition.** Routledge  
Amelia has lots of questions (and a few concerns), but the more she experiences, the more she realizes how diversity makes life more fun. She also discovers that differences shouldn't divide people.

*Marion Mahony Griffin* Sunset Publishing Company

A debut novel that's as sharp as a knife's point. Plain Kate lives in a world of superstitions and curses, where a song

can heal a wound and a shadow can work deep magic. As the wood-carver's daughter, Kate held a carving knife before a spoon, and her wooden charms are so fine that some even call her "witch-blade" -- a dangerous nickname in a town where witches are hunted and burned in the square.

*Dorothea Tanning* Harper Collins

In the second edition of *The Idea of Nature in Disney Animation*, David Whitley updates his 2008 book to reflect recent developments in Disney and Disney-Pixar animation such as the apocalyptic tale of earth's failed ecosystem, *WALL-E*. As Whitley has shown, and Disney's newest films continue to demonstrate, the messages animated films convey about the natural world are of crucial importance to their child viewers. Beginning with *Snow White*, Whitley examines a wide range of Disney's feature animations, in which images of wild nature are central to the narrative. He challenges the notion that the sentimentality of the Disney aesthetic, an oft-criticized aspect of such films as *Bambi*, *The Jungle Book*, *Pocahontas*, *Beauty and the Beast*, and *Finding Nemo*, necessarily prevents audiences from

developing a critical awareness of contested environmental issues. On the contrary, even as the films communicate the central ideologies of the times in which they were produced, they also express the ambiguities and tensions that underlie these dominant values. In distinguishing among the effects produced by each film and revealing the diverse ways in which images of nature are mediated, Whitley urges us towards a more complex interpretation of the classic Disney canon and makes an important contribution to our understanding of the role popular art plays in shaping the emotions and ideas that are central to contemporary experience.

Ithell Colquhoun (1906 - 1988) was an important surrealist painter, writer and occultist. The author has used newly available archival material, personal papers and recently re-discovered art works to produce the first comprehensive analysis of her art and magic. The book

also contains a detailed catalogue of her art works, an annotated bibliography of her writings, a full exhibition history and is illustrated with photographs of many little known paintings and drawings. This revised and greatly expanded second edition is an important source of information and reference for anyone wishing to know more about Colquhoun and her place in the history of art and the Western occult tradition. ix + 458pp.

**The Idea of Nature in Disney Animation** Storey Publishing

This is the definitive study of US artist Dorothea Tanning (1910-2012), positioning her as one of the most fascinating and significant creative forces to emerge from the 20th century. It provides a framework within which to consider the range and depth of Tanning's work, well beyond the better-known early surrealist works of the 1940s, and makes connections between her life experiences and thematic preoccupations. Extensively illustrated and featuring unpublished material from interviews which the author conducted with the artist between 2000 and 2009, this book will appeal to the general museum-going public as well as

academics, students, curators and collectors.

Making your own mineral makeup is easy and inexpensive, and these 79 recipes detail how to customize for skin type and color. Formulations for eye shadow, foundation, concealer, blush, highlighter, and more will help you create mineral-based powders free of fragrances, parabens, and toxins. You'll also learn to make simple and safe lip balms and glosses. Many recipes include ingredients that help promote healthy skin, and the in-depth ingredient glossary and at-a-glance substitution chart identify properties such as oil-absorbing and healing, while also highlighting vegan options, so you can create cosmetics that meet your skin's needs and reflect your personal values.

**Ferns: British and Exotic** Lund Humphries Publishers Limited

It doesn't seem so odd nowadays that people in their 20s through 60s quote Bugs Bunny or collect animation art or look forward to a new animated DVD chock full of extras. Growing up in the 1950s and '60s, cartoons were definitely kid's stuff. Oh sure, adults watched The Flintstones, which was shown during prime time. And Rocky and Bullwinkle had jokes I didn't get but my parents did. Generally, though cartoons were thought of as the programs children watched on Saturday

morning or feature films that were deemed suitable entertainment. By the late 1980s the status of animation had begun to change. The fact is if you were 25 years old in 1965 and loved cartoons, many people would have thought you had some sort of arrested development. Today, there's nothing wrong with adults decorating their cubicle at work with Loony Tune action figures or a Betty Boop toy. This book is more than just a collection of updated articles, interviews and reviews I wrote for my two animation magazines, *Animato* and *Animation Planet*. It is also a look at how animation went from being perceived as a throwaway medium aimed at kids to a commercial art form for both adults and children. How did this change take place? How did an adult fan base for animation emerge? Several key factors made this shift take place. This book, chock full of interviews and photos, examines the change in the animation industry. Have fun, kids!

A dystopian thriller follows a boy and girl on the run from a town where all thoughts can be heard – and the passage to manhood embodies a horrible secret. Todd Hewitt is the only boy in a town of men. Ever since the settlers were infected with the Noise germ, Todd can hear everything the men think, and they hear everything he thinks. Todd is just a month away from becoming a man, but in the midst of the cacophony, he knows that the town is hiding something from him -- something so awful Todd is forced to flee with only his dog, whose simple, loyal voice he hears too. With hostile men from the town in pursuit, the two stumble upon a strange and eerily silent creature: a girl. Who is she? Why wasn't she killed by the germ like all the females on *New World*? Propelled by Todd's gritty narration, readers are in for a white-knuckle journey in which a boy on the cusp of manhood must unlearn everything he knows in order

to figure out who he truly is.

Sunset Publishing Company

Part of the regionalist movement that included Grant Wood, Paul Engle, Hamlin Garland, and Jay G. Sigmund, James Hearst helped create what Iowa novelist Ruth Suckow called a poetry of place. A lifelong Iowa farmer, Hearst began writing poetry at age nineteen and eventually wrote thirteen books of poems, a novel, short stories, cantatas, and essays, which gained him a devoted following. Many of his poems were published in the regionalist periodicals of the time, including the *Midland*, and by the great regional presses, including Carroll Coleman's *Prairie Press*. Drawing on his experiences as a farmer, Hearst wrote with a distinct voice of rural life and its joys and conflicts, of his own battles with physical and emotional pain (he was partially paralyzed in a farm accident), and of his own place in the world. His clear eye offered a vision of the midwestern agrarian life that was sympathetic but not sentimental - a people and an art rooted in place.

*Pages from a Naturalist's Diary* Sunset Books/Sunset Publishing Corporation  
For fans of *Old Yeller* and *Shiloh*, *Where the Red Fern Grows* is a beloved classic that captures the powerful bond between man and man's best friend. This special edition includes new material, including a note to readers from Newbery Medal winner and Printz Honor winner Clare Vanderpool, a letter from Wilson Rawls to aspiring writers, original jacket artwork, and more. Billy has long dreamt of owning not one, but two dogs. So when he's finally able to save up enough money for two pups to call his own—Old Dan and Little Ann—he's ecstatic. It's true that times are tough, but together they'll roam the hills of the Ozarks. Soon Billy and his hounds become the finest hunting team in the valley. Stories of their great achievements

spread throughout the region, and the combination of Old Dan's brawn, Little Ann's brains, and Billy's sheer will seems unbeatable. But tragedy awaits these determined hunters—now friends—and Billy learns that hope can grow out of despair. Praise for *Where the Red Fern Grows* A Top 100 Children's Novel, School Library Journal A Must-Read for Kids 9 to 14, NPR A Great American Read's Selection (PBS) Winner of Multiple State Awards Over 14 million copies in print!
