The Get It Together Planner Balance

Americans are experiencing the largest generational wealth transfer in history, while questioning their own mortality; now is the time for them to plan and protect their health, wealth and happiness in life through enlightened estate planning.

Trustworthy explores the evolution of an archaic system built on procrastination, confusion, fear and death into a modern one that focuses on autonomy, transparency and tranquility. To facilitate this shift, Trustworthy focuses on maintaining control of one's dignity and destiny during life; ultimately leading to protection and peace of mind. It answers the five Ws about estate plans, and more specifically, Trusts: WHO needs one? WHAT is it? WHERE do I get one? WHEN should I make one? WHY do I need one? Trustworthy will help you organize your life, protect

yourself, your family and your assets, minimize the time, fees, hassles and emotional issues during some of life's inevitable events and, perhaps, establish a legacy that will live on in perpetuity.

WTF is Tarot? Harper Collins

Using the methods of renowned reader Brigit Esselmont, Everyday Tarot blends mysticism with actionable self-help to create a method for building the life you want, using the ancient wisdom of Tarot. This approachable guide, from the founder of the incredibly popular website Bidy Tarot, brings the allure and guidance of Tarot to contemporary, goal-focused readers through relatable exercises and an emphasis on intuition. Everyday Tarot takes a fresh approach to a timeless art, giving modern soul-seekers the tools they need to access their inner wisdom and create an inspired life, using the cards as their guide. This contemporary approach to Tarot is empowering, uplifting, powerful, and practical -- instead of seeking to tell the future, this method allows readers to unlock their full potential by connecting more deeply to their own instincts. This unique book draws on the knowledge of Brigit Esselmont, the founder of Bidy Tarot. Her distinctive approach blends Tarot with personal growth, creating an actionable wellness practice that speaks to contemporary readers. Beginning with Esselmont's personal story of leaving behind a corporate career to pursue a more grounded, passionate life, this beautiful and useful volume explains how Tarot really works, with a focus on how we approach the cards and draw on our inner wisdom for guidance. Everyday Tarot moves through concrete areas of life (career, romantic relationships, major goals) and incorporates exercises and sample spreads, alongside

a quick-start guide to reading the cards that reinforces big picture concepts and builds confidence as readers begin creating powerful and positive change.

"...In *WTF Is Tarot*, author and tarot reader Bakara Wintner unpacks the magic of the Major and Minor Arcana with shamanic wisdom and girl boss wit, illuminating their meaning with thoughtful anecdotes and analogies that reveal how deeply rooted these symbols already are in our everyday lives: we can feel the Moon in a howling barefoot run through Prospect Park, accept the grace of Temperance in falling in love or a divine

intervention, "ghost the haters" with the Six of Swords, or identify when it's time to let go of an ex with the Hanged Man..."--Back cover.

Reading tarot can be an incredible, illuminating experience. The cards offer valuable insights and guidance into many aspects of our lives, from relationships to career to personal growth. But learning how to interpret each card can feel overwhelming. Many tarot decks come with instructions - little white books that give short descriptions for each card - but they don't always put tarot into modern-day context, or offer the level of detail you're looking for. *Going Beyond the Little White Book* sets out to change all of that. Here, you'll find up-to-date interpretations for

all 78 tarot cards, including: - Questions and prompts to help you make personal connections to each card; - Tips on how to interpret cards that appear as challenges versus opportunities; - Meditations for every card; - And more! Whether you're just starting out as a tarot reader, or want to refresh your knowledge of the cards, the book will give you practical interpretations to help you understand tarot in a whole new way."

Joan Bunning's *The Big Book of Tarot* offers a complete course on how to use the tarot cards for personal guidance. The author communicates the basic depth and beauty of each card and shows how the cards trigger psychological projection, enhance intuition, and improve communication with the Inner Guide. While there are countless books devoted to tarot, what sets Joan Bunning apart from every other writer on the subject is her ability to take a rather complicated esoteric system and break it down into clear, manageable, and easily learned parts. The lessons Bunning offers cover the basics and then move gradually into more advanced concepts. Exercises and sample responses for each lesson help you learn and practice. The book includes: Lessons on how to consider one card by itself, how to look for card pairs, and how to create the "story" of a reading A convenient reference section that contains two pages of information for each card including a picture from the popular Waite deck, a description, keywords, action phrases, and suggestions for cards with similar and opposite meanings An exploration of the meaning of reversed cards and how to work with them to give tarot readings a natural flow of high points and

low points without abrupt transitions Practical insights on how to work with and interpret a wide variety of tarot spreads Note to the Reader: This book consists of material drawn from the author's many previous books as well as new material.

MODERN TAROT READER Weiser Books

Learning the Tarot, Joan Bunning offers a complete course in 19 lessons that covers the basics and then gradually goes into more advanced concepts. First published in 1998, Joan Bunning's Learning the Tarot has become a tarot classic. Written in a confident and natural style, the book communicates the basic depth and beauty of each card, shows how the cards trigger psychological projection, and enhances intuition. Learning the Tarot is a thorough (but never overwhelming) invitation to the beginner. The book focuses in detail on: the actual process of discovering meaning in the cards how to consider one card by itself, how to look for card pairs how to create the "story" of a reading The book includes a convenient reference section that contains two pages of information for each card, including a picture from the popular Waite-Smith deck, a description, keywords, action phrases, and suggestions for cards with similar and opposite meanings. The author first presented this course online at learntarot.com, which continues to attract over one hundred thousand visitors per month. "When I first created my website in 1995," writes Joan Bunning, "I never dreamed how much interest in the tarot I would find. People from all over the world began writing to tell me about their experiences with the course and their adventures with the cards. This response was music to my ears! I knew from my own experience that the tarot is a wonderful tool for personal guidance and inner exploration. "My goal with this book was to give you the basics you need to

begin working with the tarot on your own. I try to make this inner process understandable by breaking it up into a series of steps that are simple while still doing justice to the depth and beauty of the cards. I concentrate on the everyday, showing how the tarot makes real, practical sense in the modern world. The tarot is a living system that adapts creatively to each user. Rather than rules, I offer guidelines. While reading my book, I want you to feel that you have a teacher sitting next to you who is introducing you to this special tool, but also encouraging you to go on to discover your own unique approach to the cards."

Gahl Sasson's second book, *Cosmic Navigator*, is like a GPS for the soul. It combines Astrology, the map of where and who we

are, with Kabbalah the navigation system that tells us how to get to our goal and avoid those traffic patterns and areas of gridlock in our lives. This three part text is the first book of its kind. Not only is it the first book to use Astrology as a resource for self help, it also weds the wisdom of ancient Kabbalistic truths with the powerful archetypes of the zodiac to help you improve and change your life. The first part of the book introduces the basic concepts of Kabbalah and Astrology and how they work together. The second part teaches you how to interpret your own astrological chart as the road map of your life. The third and final part of the book, which is based on Gahl's twelve week workshop, walks the reader through the twelve signs and teaches them how to use each one to bring balance and success into their lives. Is your love life in need of more passion? Turn to the chapter on Scorpio and learn how to invoke that sexual mysterious energy. Do you need to be more assertive at work? Turn to the chapter on Aries and discover your inner warrior. Unlike other astrology books that simply offer stereotypical profiles, *Cosmic Navigator* teaches us how to take control of our astrological destinies.

Featuring a foreword by award-winning Tarot author Barbara Moore After learning Tarot card meanings and basic spreads, the next step for beginners is fitting all these pieces into a cohesive, insightful reading. Josephine Ellershaw, the author of the international bestseller *Easy Tarot*, presents an easy, effective, and enjoyable way for anyone to learn to do amazingly accurate, helpful Tarot readings. Ellershaw illuminates the Tarot reading process by inviting you to virtually sit in on her readings with ten individuals. Card by card, spread by spread, she reveals her

thought process behind each interpretation and decision, and tells how to make the connections that add clarity and depth to a reading. These compelling and memorable accounts of ten very different readings, along with follow-up documentation of how relevant each reading proved to be, result in a powerful and completely unique approach to learning to do Tarot readings. Easy Tarot Reading also includes tips on the following topics: —Ethical guidelines and responsibility —Conducting email and telephone readings —Delivering bad news —Seeker involvement and icebreakers —Frequency of consultations —Indicators of

success, secrets, and skullduggery Praise: "A truly unique book . . . This engaging and honest behind-the-scenes glimpse into the world of Tarot will delight and inspire both Tarot enthusiasts and curious newcomers alike."—Lisa Finander, author of *Disneystrology* "I absolutely adore this book . . . Ellershaw presents the 'story' that a reading really is in fine fashion!"—Bonnie Cehovet, *Aeclectic Tarot* "If you've never read cards before, this is the book to start with. If you're already reading cards, this is the book that will help you fine tune your skills."—Anna Jedrziewski, *TarotWise.com*
