The principles of surgery  
Cambridge University  
Press  
The end of the Cold War  
brought about new  
secessionist aspirations  
and the strengthening  
and re-awakening of  
existing or dormant  
separatist claims  
everywhere. The creation  
of a new independent  
entity through the  
separation of part of the  
territory and population of  
an existing State raises  
serious difficulties as to  
the role of international  
law. This book offers a  
comprehensive study of  
secession from an  
international law  
perspective, focusing on  
practice and applicable

rules of international law.  
It includes theoretical  
analyses and a scrutiny of  
practice throughout the  
world by eighteen  
distinguished authors  
from Western and Eastern  
Europe, North and Sub-  
Saharan Africa, North and  
Latin America, and Asia.  
Core questions are  
addressed from different  
perspectives, and in some  
cases with divergent  
views. The reader is also  
exposed to a far-reaching  
picture of State practice,  
including some cases  
which are rarely  
mentioned and often  
neglected in scholarly  
analysis of secession.

**Actes Passés À la  
Session de la  
Législature de L'état  
de la Louisiane** BRILL  
This volume explores how  
reproduction and  
reproducibility impact

artistic and literary  
creation while also  
examining the ways in  
which reproducibility  
impacts our practices and  
disciplines. Ce volume  
explore l'impact de la  
reproduction et de la  
reproductibilité sur la  
création artistique et  
littéraire, mais aussi  
l'impact de la  
reproductibilité sur nos  
pratiques et sur nos  
disciplines.

Proceedings of the Ninth  
Congress of the Union  
Européenne Des  
Arabisants Et Islamisants  
United Nations  
Depression and Suicide:  
Aspects, Medicaux,  
Psychologiques, ET Socio-  
Culturels covers the  
proceedings of the 11th  
Congress of the  
International Association  
for Suicide Prevention,  
held in Paris, France on

July 1981. This book is organized into four parts encompassing 132 chapters. Part I deals with the epidemiological studies and transcultural aspect of depression and suicide. This part discusses the influence of sociocultural and environmental factors in depressive and suicidal behavior. Parts II and III explore the theories and clinical approaches in depression and suicide, especially among young people. These parts consider the biological and medical aspects, hospital settings, and survivors of depression and suicide. Part IV emphasizes the therapeutics, crisis interventions, and paraclinical investigations of these neurological problems. This book will be of value to physicians, psychologists, psychiatrists, and researchers.

A Student Grammar of French is a concise introduction to French grammar, designed specifically for English-speaking undergraduates. Keeping technical detail to a minimum, it explains

the fundamentals of the grammar in accessible and simple terms, and helps students to put their learning into practice through a range of fun and engaging exercises.

All the essential topics are covered, with chapters on verbs, nouns, adjectives, pronouns, determiners, prepositions, adverbs, negation, numerals, sentences, and clauses.

Every grammatical point is illustrated with a range of authentic examples drawn from magazines and newspapers, covering many areas of contemporary life such as

fashion, health issues, relationships and sport. It is clearly organized into a user-friendly, numbered indexing system, allowing the learner to quickly and easily locate any grammatical topic.

Functioning both as an indispensable reference guide and a comprehensive workbook, this grammar will become the perfect accompaniment to any first or second year undergraduate course.

Catalogue of Printed Books Elsevier

First published in English in 1971, The Ile-de-France presents the reader with a study of the countryside around Paris through the eyes of Marc Bloch, a man

with his own view of history. It looks at the area's origins, extent, geographical features, archaeology, and past local histories. The book extends beyond the region of Paris itself and offers the reader a masterful demonstration of the methodology of such enquiries and their purpose within the wider context of historical research. The work is particularly valuable in that it covers a wide variety of subjects and makes extensive use of archives and original documents.

International Catalogue of Scientific Literature,

1901-1914 Brill Archive

In accordance with Article 102 of the Charter and the relevant General Assembly Resolutions, every treaty and international agreement registered or filed and recorded with the Secretariat since 1946 is published in the United Nations Treaty Series. At present, the collection includes about 30,000 treaties reproduced in their authentic languages, together with translations into English and French, as necessary. The Treaty Series, where treaties are published in the chronological order of registration, also provides

details about their subsequent history (i.e., participation in a treaty, reservations, amendments, termination, etc.). Comprehensive Indices covering 50-volume-lots are published separately. A Standing Order service is available for the Series and out-of-print volumes are available on microfiche.
