and Salt to the Sea. Salama Kassab was a pharmacy student when the cries for freedom broke out in Syria. She still had her parents and her older brother; she still had her home. She had a normal teenager's life. Now Salama volunteers at a hospital in Homs, helping the wounded who flood through the doors daily. Secretly, though, she is desperate to find a way out of her beloved country before her sister-in-law, Layla, gives birth. So desperate, that she has manifested a physical

embodiment of her fear in the form of her imagined companion, Khawf, who haunts her every move in an effort to keep her safe. But even with Khawf pressing her to leave, Salama is torn between her loyalty to her country and her conviction to survive. Salama must contend with bullets and bombs, military assaults, and her shifting sense of morality before she might finally breathe free. And when she crosses paths with the boy she was supposed to meet one fateful day, she starts to

doubt her resolve in leaving home at all. Soon, Salama must learn to see the events around her for what they truly are—not a war, but a revolution—and decide how she, too, will cry for Syria's freedom. *The Fourth Industrial Revolution* Test Prep Books

A best-selling modern masterpiece in the author's home country of Egypt, *Taxi* consists of fifty-eight fictional monologues with Cairo taxi drivers that have been recreated from the author's own experience, taking the reader on a roller-coaster of emotions as bumpy and noisy as the city's potholed and chaotic streets. Described as an urban sociology, an ethnography, a classic of oral history - and a work

of poetry in motion - it tells Herculean tales of the struggle for survival and dignity among Greater Cairo's 80,000 cab drivers.

One woman's quest to learn Mandarin in Beijing, Arabic in Beirut, and Spanish in Mexico, with her young family along for the ride. Imagine negotiating for a replacement carburetor in rural Mexico with words you're secretly pulling from a pocket dictionary. Imagine your two-year-old

asking for more niunai at dinner—a Mandarin word for milk that even you don't know yet. Imagine finding out that you're unexpectedly pregnant while living in war-torn Beirut. With vivid and evocative language, Christine Gilbert takes us along with her into foreign lands, showing us what it's like to make a life in an unfamiliar world—and in an unfamiliar tongue. Gilbert was a young mother when she boldly uprooted her family to move around the world, studying Mandarin in

China, Arabic in Lebanon, and Spanish in Mexico, with her toddler son and all-American husband along for the ride. Their story takes us from Beijing to Beirut, from Cyprus to Chiang Mai—and also explores recent breakthroughs in bilingual brain mapping and the controversial debates happening in linguistics right now. Gilbert's adventures abroad prove just how much language influences culture (and vice versa), and lead her to results she never expected.

Mother Tongue is a fascinating and uplifting story about taking big risks for bigger rewards and trying to find meaning and happiness through tireless pursuit—no matter what hurdles may arise. It's a treat for language enthusiasts and armchair travelers alike.

An American woman determined to learn the Arabic language travels to the Middle East to pursue her dream in this “witty memoir” (Us Weekly). The shadda is the key difference between a pigeon (hamam) and a bathroom (hammam). Be careful, our professor advised, that you don’t ask a waiter, ‘Excuse me, where is the pigeon?’—or, conversely, order a roasted toilet . . . If you’ve ever studied a foreign

language, you know what happens when you first truly and clearly communicate with another person. As Zora O’Neill recalls, you feel like a magician. If that foreign language is Arabic, you just might feel like a wizard. They say that Arabic takes seven years to learn and a lifetime to master. O’Neill had put in her time. Steeped in grammar tomes and outdated textbooks, she faced an increasing certainty that she was not only failing to master Arabic, but also

driving herself crazy. She took a decade-long hiatus, but couldn’t shake her fascination with the language or the cultures it had opened up to her. So she decided to jump back in—this time with a new approach. In this book, she takes us along on her grand tour through the Middle East, from Egypt to the United Arab Emirates to Lebanon and Morocco. She’s packed her dictionaries, her unsinkable sense of humor, and her talent for making fast friends of strangers. From quiet,

bougainvillea-lined streets to the lively buzz of crowded medinas, from families' homes to local hotspots, she brings a part of the world thousands of miles away right to your door—and reminds us that learning another tongue leaves you rich with so much more than words. “You will travel through countries and across centuries, meeting professors and poets, revolutionaries, nomads, and nerds . . . [A] warm and hilarious book.”

Marc Lynch's last book, *The Arab Uprising*, described the then ongoing revolutionary change and prospect for the consolidation of democracy in key Arab countries that still seemed possible. But Lynch saw dark signs on the horizon, especially in Syria. That book ended with the hope that the Arab uprisings

heralded a fundamental change over the long-term, but with the warning that Arab regimes would not easily give up their power. Instead, Egypt's revolution has given way to a military coup; Libya's produced a failed state; Yemen is the battleground for a proxy war and will be destroyed; Syria has become a sprawling humanitarian catastrophe that will take a generation to begin to recover from. At the same time, America has less and less reason to want to engage

with the region and now has only one functional ally apart from Israel. The *New Arab Wars* describes how the political landscape of an entire region has been convulsed, with much of it given over to anarchy, as proxy wars on behalf of three competing powers—Iran, Turkey and Saudi Arabia—scar the region. It is a brutal, compelling story. *Taxi (English edition)* McGraw-Hill Education
NEW YORK TIMES BESTSELLER • Are you an Upholder, a Questioner,

an Obliger, or a Rebel? From the author of *Better Than Before* and *The Happiness Project* comes a groundbreaking analysis of personality type that “will immediately improve every area of your life” (Melissa Urban, co-founder of the Whole30). During her multibook investigation into human nature, Gretchen Rubin realized that by asking the seemingly dry question “How do I respond to expectations?” we gain explosive self-knowledge. She discovered that based on

their answer, people fit into Four Tendencies: • Upholders meet outer and inner expectations readily. “Discipline is my freedom.” • Questioners meet inner expectations, but meet outer expectations only if they make sense. “If you convince me why, I’ll comply.” • Obligers (the largest Tendency) meet outer expectations, but struggle to meet inner expectations—therefore, they need outer accountability to meet inner expectations. “You can count on me, and I’m

counting on you to count on me.” • Rebels (the smallest group) resist all expectations, outer and inner alike. They do what they choose to do, when they choose to do it, and typically they don’t tell themselves what to do. “You can’t make me, and neither can I.” Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. It’s far easier to succeed when you know what

works for you. With sharp insight, compelling research, and hilarious examples, The Four Tendencies will help you get happier, healthier, more productive, and more creative.

What Every Driver Must Know ICBC

The Routledge Handbook of Heritage Language Education provides the rapidly growing and globalizing field of heritage language (HL) education with a cohesive

overview of HL programs and practices relating to language maintenance and development, setting the stage for future work in the field. Driving this effort is the belief that if research and pedagogical advances in the HL field are to have the greatest impact, HL programs need to become firmly rooted in educational systems. Against a background of cultural and linguistic diversity that characterizes the twenty-first century, the volume outlines key issues in the design and

implementation of HL programs across a range of educational sectors, institutional settings, sociolinguistic conditions, and geographical locations, specifically: North and Latin America, Europe, Israel, Australia, New Zealand, Japan, and Cambodia. All levels of schooling are included as the teaching of the following languages are discussed: Albanian, Arabic, Armenian (Eastern and Western), Bengali, Brazilian Portuguese, Chinese, Czech, French, Hindi-Urdu, Japanese,

Khmer, Korean, Pasifika languages, Persian, Russian, Spanish, Turkish, Vietnamese, and Yiddish. These discussions contribute to the development and establishment of HL instructional paradigms through the experiences of “actors on the ground” as they respond to local conditions, instantiate current research and pedagogical findings, and seek solutions that are workable from an organizational standpoint. The Routledge Handbook of Heritage Language

Education is an ideal resource for researchers and graduate students interested in heritage language education at home or abroad.
