Bloomsbury Publishing
"Basic Tagalog takes a

friendly and innovative approach, emphasizing the structure of the Tagalog language rather than just vocabulary. This user-friendly beginner Tagalog book teaches more than 2,000 Tagalog

words and expressions with over 500 being added for this new edition. These are spread throughout 44 lessons, the Appendices and the exercises as well as in the Tagalog-English and

English-Tagalog vocabulary lists at the back of the book. The added Tagalog vocabulary is meant to keep learners abreast of changes that have occurred in the language since the first edition of Basic Tagalog which was published. This edition has retained all the grammar lessons and the tried-and-tested teaching methodology developed by the author, Paraluman S. Aspillera, for the original version. Her method has proven to be extremely effective for tens of thousands of

foreigners and non-Tagalogs who have used this book to learn Tagalog, including many who have successfully learned to speak Tagalog, read Tagalog and write Tagalog through self-study on their own without a teacher. Downloadable audio has also been added to facilitate the correct pronunciation of Tagalog words and phrases. A succinct introduction to the language and a description of the character of Filipinos will hopefully provide learners

with a better understanding of the language they are learning. The lessons in Basic Tagalog are intended for a three-month period of intensive study followed by another three months of applied oral communication. In six months (or about 250 hours), it is expected that an average learner should be able to speak, write and understand simple, everyday, conversational Tagalog as spoken by most Filipinos. Highlights of this book include: Over 2,000 Tagalog words and

expressions. 44 lessons organized by organized for efficient language absorption. Extensive exercises and activities to reinforce the lessons. Vocabulary lists serve as comprehensive English-Tagalog and Tagalog-English dictionaries. Completely updated and expanded with new materials. Includes downloadable audio. Using Basic Tagalog to study the Tagalog language will further encourage both non-Tagalogs and non-Filipinos to speak Tagalog better.

Only then will they appreciate the individuality of the language that reflects the resilience and flexibility of Filipinos all around the world. In the end, such learning will improve daily interactions and communications between non-Filipinos and Filipinos-whether in business, education, tourism, social or civic endeavors." *Grammar in Context 3: Student Book/Audio CDs Package* Tuttle Publishing Colloquial Swedish provides a step-by-step course in Swedish as it is

written and spoken today. Combining a user-friendly approach with a thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Swedish in a broad range of situations. English Grammar Workbook For Dummies with Online Practice John Wiley & Sons

This Arabic language-learning classic is now enhanced with a bound-in

CD of MP3 files. Designed to provide beginners in Arabic with maximum linguistic and cultural exposure in a short period (about 100 hours of contact time), this book consists of sixteen lessons with dialogs and exercises dealing with day-to-day scenarios: greeting people, getting a taxi, making phone calls, asking directions, discussing the weather, and effectively communicating with police and duty officers. The lessons help the reader to navigate

situations at gas stations, marketplaces, restaurants, and in their own households. Formal Spoken Arabic (FSA) is a kind of lingua franca that is more natural than speaking Modern Standard Arabic (MSA), the literary form of the language. FSA uses the shared features of the various urban colloquial dialects, defaulting to Levantine (terms common to Lebanon, Syria, and Jordan) where the spoken dialects diverge. Each lesson includes cultural notes on American-Arab

interactions, notes on learner strategies for managing Arabic conversations with a limited amount of language, and grammar explanations in clear, non-technical language. Although the main dialogue for each lesson is presented in Arabic script, transcriptions are used to accelerate spoken performance. The FAST Course includes grammatical explanations, English-Arabic and Arabic-English glossaries, appendices listing common idioms,

courtesy expressions and other useful terms, instructor's notes, and drills aided and accompanied by the CD. Originally created for diplomats, this is an expanded and enhanced edition of a work originally developed by the U.S. State Department as a six-week intensive, or "FAST" (Familiarization and Short-Term) course, and is easily adaptable for students in Middle East area studies. Travelers heading for posts in the Arab world who quickly need to gain a basic

ability to converse in day-to-day situations will find Formal Spoken Arabic FAST Course an invaluable companion.
