Routledge

Germany's economic miracle is a widely-known phenomenon, and the world-leading, innovative products and services associated with German companies are something that others seek to imitate. In The 'Made in Germany' Champion Brands, Ugesh A. Joseph provides an extensively researched, insightful look at over 200 of Germany's best brands to see what they stand for, what has made them what they are today, and what might be

transferable. The way Germany is branded as a nation carries across into the branding of its companies and services, particularly the global superstar brands - truly world-class in size, performance and reputation. Just as important are the medium-sized and small enterprises, known as the 'Mittelstand'. These innovative and successful enterprises from a wide range of industries and product / service categories are amongst the World market leaders in their own niche and play a huge part in making Germany what it is today. The book also focuses on German industrial entrepreneurship and a selection of innovative and emergent stars. All

these companies are supported and encouraged by a sophisticated infrastructure of facilitators, influencers and enhancers - the research, industry, trade and standards organizations, the fairs and exhibitions and all the social and cultural factors that influence, enhance and add positive value to the country's image. Professionals or academics interested in business; entrepreneurship; branding and marketing; product or service development; international trade and business development policy, will find fascinating insights in this book; while those with an interest in Germany from emerging industrial economies will

learn something of the secrets of German success.

*Der Sammler* Echo Point Books & Media, LLC

A glorious collection that delves deep into the inception, influences, and literary and historical underpinnings of nearly 100 of our most beloved fictional realms. *Literary Wonderlands* is a thoroughly researched, wonderfully written, and beautifully produced book that spans four thousand years of creative endeavor. From Spenser's *The Fairie Queene* to Wells's *The Time Machine* to Murakami's *1Q84* it explores the timeless and captivating features of fiction's imagined worlds including the relevance of the writer's own life to the creation of the story, influential contemporary events and philosophies, and the meaning that can be extracted from the details of the work. Each piece includes a detailed overview of the plot and a "Dramatis Personae." *Literary Wonderlands* is a fascinating read for lovers of literature, fantasy, and science fiction. Laura Miller is the book's general editor. Co-founder of Salon.com, where she worked as an editor and writer for 20 years, she is currently a books and

culture columnist at Slate. A journalist and a critic, her work has appeared in the *New Yorker*, *Harper's*, the *Guardian*, and the *New York Times Book Review*, where she wrote the "Last Word" column for two years. She is the author of *The Magician's Book: A Skeptic's Adventures in Narnia* and editor of the Salon.com *Reader's Guide to Contemporary Authors*.

**Mathematische Konzeptionen in der russischen Moderne**  
Kiepenheuer & Witsch  
Das tragische Werk eines komischen Genies. Die Werkausgabe des grandiosen Sprachartisten, neu übersetzt und angereichert mit viel bislang nicht auf Deutsch veröffentlichtem Material. Beinahe wäre Charms' Werk ins Räderwerk der Geschichte geraten: Bis in die späten 80 er Jahre hinein waren die Texte dieses Genies des Komischen und Absurden in der Sowjetunion verboten. Der Autor selbst verhungerte 1942 in stalinistischer Gefangenschaft, nach Jahren politischer Verfolgung. Nur durch Glück und den Einsatz eines Freundes wurden seine Kurzgeschichten, Gedichte, Theaterstücke

und Notizen vor dem stalinistischen Terror-Regime gerettet. Über die letzten Jahrzehnte konnte so sein Nachlass aufgearbeitet werden. Auf dieser Grundlage basiert die erste deutsche Werkausgabe, die in der Übersetzung von Beate Rausch und Alexander Nitzberg Charms nicht nur als Meister des Satirisch-Grotesken und Absurden, sondern auch als großartigen Sprachartisten und urkomischen Nonsens-Künstler neu entdeckt, ein russisches Gegenstück zu Ringelnatz. Charms' Figuren stolpern durch die Idiotie ihres Alltags, fallen oder lösen sich gar auf. Dabei trifft der kafkaeske Nonsens, der in der Diktatur als ein verzerrtes Abbild der Wirklichkeit gelesen wurde, mitten hinein in das allgemein Menschliche. Die vorliegende Werkausgabe ist die bei Weitem umfassendste Sammlung von Charms' Texten in deutscher Sprache und bietet vieles erstmals in deutscher Übersetzung.  
**Profil** Black Dog & Leventhal  
Rainer Maria Rilke's poetry offers a rare combination of insight, beauty, and accessibility that has delighted readers for generations. Beloved

for its unique lyrical style and musical language, his work stands as some of the most remarkable poetry of the past one hundred years. In *Praise of Mortality* is an artfully curated selection of poems from *Sonnets to Orpheus* and *Duino Elegies* that investigate the emotional and psychological impact of the industrial revolution, and meditate on themes of impermanence and the steady passage of time. Barrows, an award-winning poet herself, and Macy, a well-known spiritual teacher, bring to their translations a striking sensitivity to the subtle currents of the work, approaching the poems with a fresh perspective that highlights the delicacy of their craft and beauty. With a deep reverence for nature and a singular ability to embody the tenuous connection between the spiritual and material, Rilke's sonnets and elegies are a thoughtful antidote to the distractions, noise, and ever-increasing pace of the modern world. *Studies in German Literature of the Nineteenth and Twentieth Centuries* John Benjamins Publishing

The last decade has seen

a new wave of interest in philosophical and theoretical circles in the writings of Walter Benjamin. In *Body-and Image-Space* Sigrid Weigel, one of Germany's leading feminist theorists and a renowned commentator on the work of Walter Benjamin, argues that the reception of his work has so far overlooked a crucial aspect of his thought - his use of images. Weigel shows that it is precisely his practice of thinking in images that holds the key to understanding the full complexity, richness and topicality of Benjamin's theory.

### **Flügel-Schmidt-Tanger: German-English**

Routledge

This is really two books in one: a valuable reference resource, and a groundbreaking case study that represents a new approach to constructional semantics. It presents a detailed descriptive survey, using extensive examples collected from the Internet, of German verb constructions in which the expressions *durch* ('through'), *über* ('over'), *unter* ('under'), and *um* ('around') occur either as inseparable verb prefixes or as separable verb particles. Based on that

evidence, the author argues that the prefixed verb constructions and particle verb constructions themselves have meaning, and that this meaning involves subjective construal processes rather than objective information. The constructions prompt us to distribute focal attention according to patterns that can be articulated in terms of Talmy's notion of *perspectival modes*. Among the other topics that play an important role in the analysis are incremental themes, reflexive trajectors, fictive motion, *multi-directional paths*, and *accusative landmarks*.
