LEBLANC NASH

The Apple of Life Teaching Resources
DigiCat Publishing presents to you this

special edition of "A Summer Evening's Dream" (1898) by Edward Bellamy. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Yugoslavia Through Documents

Cambridge University Press

This book focuses on the cultural processes by which the idea of a Yugoslav nation was developed and on the reasons that this idea ultimately failed to bind the South Slavs into a viable nation and state. The author argues that the collapse of multinational

Yugoslavia and the establishment of separate uninational states did not result from the breakdown of the political or economic fabric of the Yugoslav state; rather, that breakdown itself sprang from the destruction of the concept of a Yugoslav nation. Had such a concept been retained, a collapse of political authority would have been followed by the eventual reconstitution of a Yugoslav state, as happened after World War II, rather than the creation of separate nation-states. Because the author emphasizes nation building rather than state building, the causes and evidence he cites for Yugoslavia's collapse differ markedly from those that have previously been put forward. He concentrates on culture and cultural politics in the South Slavic lands from

the mid-nineteenth century to the present in order to delineate those ideological mechanisms that helped lay the foundation for the formation of a Yugoslav nation in the first place, sustained the nation during its approximately seventy-year existence, and led to its dissolution. The book describes the evolution of the idea of Yugoslav national unity in four major areas: linguistic policies geared to creating a shared national language, the promulgation of a Yugoslav literary and artistic canon, an educational policy that emphasized the teaching of literature and history in schools, and the production of new literary and artistic works incorporating a Yugoslav view. In the book's conclusion, the author discusses the relevance of the Yugoslav

case for other parts of the world, considering whether the triumph of particularist nationalism is inevitable in multinational states.

The Writing Teacher's Companion
Boynton/Cook

All the writings of Plato generally considered to be authentic are here presented in the only complete one-volume Plato available in English. The editors set out to choose the contents of this collected edition from the work of the best British and American translators of the last 100 years, ranging from Jowett (1871) to scholars of the present day. The volume contains prefatory notes to each dialogue, by Edith Hamilton; an introductory essay on Plato's philosophy and writings, by Huntington Cairns; and a comprehensive

index which seeks, by means of cross references, to assist the reader with the philosophical vocabulary of the different translators.

Nation Building Princeton University Press

This book shows how the European states-system was transformed by the military rise of Prussia and Russia.

The Birth of a Great Power System, 1740-1815 Central European University Press

In this hard-hitting indictment of the pharmaceutical industry, Ray Moynihan and Allan Cassels show how drug companies are systematically using their dominating influence in the world of medical science, drug companies are working to widen the very boundaries that define illness. Mild problems are

redefined as serious illness, and common complaints are labeled as medical conditions requiring drug treatments. Runny noses are now allergic rhinitis, PMS has become a psychiatric disorder, and hyperactive children have ADD. *Selling Sickness* reveals how expanding the boundaries of illness and lowering the threshold for treatments is creating millions of new patients and billions in new profits, in turn threatening to bankrupt national healthcare systems all over the world. This Canadian edition includes an introduction placing the issue in a Canadian context and describing why Canadians should be concerned about the problem.

Selling Sickness Henry Holt and Company (BYR)

Surrounded on all borders but its western coastline by hostile and aggressive neighbors, the state of Israel resembles the walled city of the Middle Ages. But its walls are not stone and mortar, they are flesh and blood—they are the soldiers, both men and women—the airmen, the intelligence, the tankscorpsmen and the paratroops. These young people—from the old ghettos of Europe, from the cities of North Africa and Asia, native-born Sabras—are the protecting wall that keeps Israel free. The Walls of Israel is Jean Lartéguy's fascinating 1968 study of the Israeli armed forces. Talking with them, living with them, joining in their operations (he was taken along on a nighttime ambush set up to catch Syrian infiltrators), Lartéguy got to know the

Israeli soldier as few could. From this book, wide ranging and filled with lively anecdotes, emerges a picture of an army, tough and determined, yet intelligent and realistic enough to foresee a long and dangerous road ahead before a peace is won.

Twilight Comes Twice Cambridge University Press

This book sets out to uncover the origins of the idea of a European electricity network. It explores historically the roots of a transnational European system, showing how engineers came to think in terms of "Europe" already in the 1920s, and how this ideas continued to influence network-building in later decades.\r\nCovering the period between 1918 and 2001, the book provides a detailed analysis of ideas on,

and the building of, an European electricity system.

Across the Borders Berghahn Books
Across the Borders explores the transnational history of railway economics in the nineteenth and twentieth centuries. It is the first systematic historical investigation into the world-wide system of railway financing, providing a wide introduction to how financiers, governments and entrepreneurs in Europe managed to face the challenges of constructing and maintaining a railway network that met national and international needs. With contributions from authors from 19 countries, the volume is truly an international work that will be of interest to academic researchers, museum staff, archivists, and anyone who has an

interest in the history and development of railways.

[The Next Step Forward in Guided Reading](#) Routledge

Works from *Les Misérables* by Victor Hugo to *Citizens* by Simon Schama have been inspired by the French Revolution. Now available for the first time in years, *The Days of the French Revolution* brings to life the events that changed the future of Western civilization. As compelling as any fiction thriller, this real-life drama moves from the storming of the Bastille to the doomed court of Louis XVI, the salon of Madame Roland, and even the boudoir of Marie Antoinette. Hibbert recounts the events that swirled around Napoleon, Mirabeau, Danton, Marat, and Robespierre with eyewitness accounts and his "usual

grace and flair for divulging interesting detail" (Booklist). This trade paperback edition has twenty-eight pages of black-and-white illustrations, and will be published in time for Bastille Day.

The Russian Revolution 1917 Watson Publishing International

This book contains more than 360 documents relevant to the international legal position of the Yugoslav territories in the 19th century, the creation of Yugoslavia as a common state of the Serbs, Croats and Slovenes, 1918, its constitutional development, and the process of dissolution of Yugoslavia and the creation of the new states of Slovenia, Croatia, Bosnia and Herzegovina, Macedonia and the Federal Republic of Yugoslavia. It includes documents from the beginning of the

19th century showing the international legal position of the Yugoslav territories under the Austro-Hungarian and Ottoman Empires, the independence of Serbia and Montenegro, recognized by the Treaty of Berlin, 1878, and the major events in the history of the creation of Yugoslavia as a joint state of the Serbs, Croats and Slovenes, in 1918, concerning both its international position and its constitutional organization. The process of the dissolution of the Socialist Federal Republic of Yugoslavia (covering the period from 1990 to September 1, 1993) is presented through reproduced documents of international organizations (United Nations, European Community, Western European Union, Organization of Islamic Conference, etc.), of the different conferences and forums (CSCE,

Group of Seven, etc.) and documents issued by Yugoslav organs and the organs of new states of the former Yugoslavia. The book also includes documents of a constitutional nature concerning the creation of the new states of Slovenia, Croatia, Macedonia and the Federal Republic of Yugoslavia. It provides researchers in the field of international law, political science of history with documentary information involving international legal and constitutional aspects relating to Yugoslavia.

Marshfield Dreams Stanford University Press

This resource-rich book includes planning and instructional tools, prompts, discussion starters, teaching points, intervention suggestions, and

more to support all students. Plus, an online resource bank with downloadables and videos. Jan Richardson's latest thinking on Guided Reading helps teachers take the next step forward to pinpoint instruction that supports every reader. Richardson uses the Assess-Decide-Guide framework to take a deep dive into each guided reading stage, covering PreA to Fluent readers, their needs, and the best ways to support and challenge them. A master reading teacher at all levels, Richardson skillfully addresses all the factors that make or break guided reading lessons: support for striving readers, strategies for reaching ELLs, making home-school connections--all with an unwavering focus on reading for deeper comprehension, to develop thoughtful,

independent readers. The book includes dozens of must-have record-keeping, assessment, and reference forms, as well as how-to video links that provide show Jan in action with diverse readers. *Montessori Madness* Greystone Books "We know we need to improve our traditional school system, both public and private. But how? More homework? Better-qualified teachers? Longer school days or school years? More testing? More funding? No, no, no, no, and no. *Montessori Madness!* explains why the incremental steps politicians and administrators continue to propose are incremental steps politicians and administrators continue to propose are incremental steps in the wrong direction. The entire system must be turned on its head. This book ask parents to take a

look--one thirty-minute observation--at a Montessori school. Your picture of what educations should look like will never be the same"--Back cover.

Networking Europe Cornell University Press

Author of the only full-length eyewitness account of the 1917 Revolution, Sukhanov was a key figure in the first revolutionary Government. His seven-volume book, first published in 1922, was suppressed under Stalin. This reissue of the abridged version is, as the editor's preface points out, one of the few things written about this most dramatic and momentous event, which actually has the smell of life, and gives us a feeling for the personalities, the emotions, and the play of ideas of the whole revolutionary period." Originally

published in 1984. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

History of the Kingdom of Naples MIT Press

This book examines the broad range of social and intellectual responses to technology in the first four decades of

this century, and suggests that these responses set the terms that continue to govern contemporary debates. Starting around 1900, technology became a lively subject for debate among intellectuals, writers, and other opinion leaders. The expansion of the machine into ever more areas of social and economic life had led to a need to interpret its meanings in a more comprehensive way than in the past. World War I and its aftermath shifted the terms of this ongoing debate by underlining both the potential dangers of technology and its centrality to modern life. This book examines the broad range of social and intellectual responses to technology in the first four decades of this century, and suggests that these responses set the terms that continue to

govern contemporary debates. Focusing on the broader contexts within which intellectual positions are formed, the book highlights the ways in which attitudes toward technology were shaped in a wide variety of national and organizational settings. A common theme is that, in debating technology, people drew on their distinctive national symbols and cultural traditions. By emphasizing the interplay between debates on technology and the making of modernity, the book challenges standard historical accounts of the early twentieth century. Contributors Ketil G. Andersen, Aant Elzinga, Tor Halvorsen, Mikael Hård, Kjetil Jakobsen, Andrew Jamison, Catharina Landström, Conny Mithander, Sissel Myklebust, Dick van Lente, Peter Wagner

Fin de Siècle and Its Legacy

Princeton University Press

Wimmer contrasts Switzerland and Belgium to demonstrate how the early development of voluntary organizations enhanced nation building; he examines Botswana and Somalia to illustrate how providing public goods can bring diverse political constituencies together; and he shows that the differences between China and Russia indicate how a shared linguistic space may help build political alliances across ethnic boundaries. Wimmer then reveals, based on the statistical analysis of large-scale datasets, that these mechanisms are at work around the world and explain nation building better than competing arguments such as democratic governance or colonial legacies. He also

shows that when political alliances crosscut ethnic divides and when most ethnic communities are represented at the highest levels of government, the general populace will identify with the nation and its symbols, further deepening national political integration. The Emergence of the Eastern Powers, 1756-1775 Berghahn Books

The colorful boyhood of a popular author comes to life in this personal account. Imagine learning from a nosy classmate that your mother is having yet another baby. To Ralph's classmates, news of one more Fletcher baby is just "scuttlebutt." But for Ralph, the oldest of nine, being part of a large family means more kids to join in the fun—from making tripods in the woods and "snicking" up the rug, to raising chicks

and even discovering a meteor (well, maybe). It doesn't feel like there's life beyond Marshfield, Massachusetts. Then one day Dad's new job moves the family to Chicago, and there's so much Ralph has to leave behind. In this humorous and captivating memoir, Ralph Fletcher traces the roots of his storytelling.

The Intellectual Appropriation of Technology Rowman & Littlefield

Drawing on experiences and insights from 16 megadiverse countries, this report examines how biodiversity is being mainstreamed in four key areas.

Making a Nation, Breaking a Nation
Princeton University Press

Teachers and teacher educators asked for: the latest research on literacy more information about national standards ways to consider gender in instruction

advice for teaching Advanced Placement classes ideas for teaching media literacy and incorporating technology effectively into instruction even more resources for mentoring new teachers analysis of how trends in society, culture, and politics impact teachers and their classrooms. And Jim delivers. He has revamped his introductory chapters on literacy learning to include up-to-the-minute thinking from the field, and he has incorporated lists of key standards and helpful suggestions for reaching them. His practical strategies turn recent findings on literacy and gender into well-designed, research-based instruction, and his ideas help you meet the very different needs of AP students by understanding their goals and providing them with appropriate challenges.

Driving Germany Scholastic Professional Clifford Allyn Abernathy III (just Cliff, for short) is the oldest of six kids in a family that does everything—fighting, laughing, playing, eating, telling stories, and celebrating the holidays—in a big, often outlandish, and sometimes poignant way. Taking the family from Christmas to Christmas, the chapters of *Fig Pudding*, narrated by eleven-year-old Cliff, are complete short stories in themselves. Read together, they tell the tale of life in a large, loving family. Besides a fresh look, this edition includes a brand new story.

Also Known as Rowan Pahi Ashgate Publishing, Ltd.

Contrary to popular conceptions of decadence, this volume of essays argues that the 1900s, otherwise known as *la fin*

de Siecle, were in fact a time of

essentially positive and progressive
dramatic change.
