A "tremendous," "intrepid" history of the devastating war in the heart of Africa's Congo, with first-hand accounts of the continent's worst conflict in modern times. At the heart of Africa is the Congo, a country the size of Western Europe, bordering nine other nations, that since 1996 has been wracked by a brutal war in which millions have died. In *Dancing in the Glory of Monsters*, renowned political activist and researcher Jason K. Stearns has written a compelling and deeply-reported narrative of how Congo became a failed state that collapsed into a war of retaliatory massacres. Stearns brilliantly describes the key perpetrators, many of whom he met personally, and highlights the nature of the political system that brought these people to power, as well as the moral decisions with which the war confronted them. Now updated with a new introduction, *Dancing in the Glory of Monsters* tells the full story of Africa's Great War.

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed

"beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

The Bible reveals glorious things. And yet we often miss its power because we read it the same way we read any other book. In *Reading the Bible Supernaturally*, best-selling author John Piper teaches us how to read the Bible in light of its divine author. In doing so, he highlights the Bible's unique ability to reveal God to humanity in a way that informs our minds, transforms our hearts, and ignites our love. Jezebel died 3,000 years ago. But her spirit lives today. Jezebel was the most wicked woman in the Bible, a powerful seductress who killed the prophets, led Israel into idolatry and immorality, and emasculated men. She was seductive and determined to snuff out the voices coming against her, because these voices were calling out for repentance. In twenty-first-century America, Jezebel is not a person. But it's as if the spirit of Jezebel is alive again today. The influence of the same demonic force is being felt in the massive increase of pornography and sexual temptation, the militant spirit of abortion, the rise of radical feminism, and most importantly, in the attempt to silence prophetic voices. Just as Jezebel clashed with strong men almost three thousand years ago, the demonic spirit of Jezebel is powerful in America, and it is going after the church. This eye-opening book not only unveils the satanic plot to destroy America, beginning with an all-out assault on the church, but it will equip every believer with tools to defeat the enemy in their own personal lives as well as in the nation. This book will show you how the spirit of Jezebel is active in America today and teach you how to protect the church. OTHER BOOKS BY MICHAEL L. "That's my son!" These three words were the tidal wave that destroyed the entire landscape of Robin Farnsworth's life, an ER nurse on duty when she identified the dead man on the stretcher. Growing up in the shadow of death after the loss of her brother, Robin understood the devastation that the death of a child causes. "Where is God?" the eight-year-old girl asks the night sky. As her family crumbles, she runs away, only to come crashing to her knees years later. Broken, alcoholic, and a single mom, she finally gets her answer through a divine appointment with Jesus Christ. Years later, her oldest son, Spencer, would also surrender to Christ, exchanging a life of rage and violence for a transforming peace and freedom. Spencer lived his faith with an unusual passion and urgency that would produce an eternal harvest of changed lives beyond his death. At age twenty-one, he was the unintended target of murder. Where is God? The answer is surprising as the author brings you alongside of her in the midst of monumental pain and darkness, discovering not just where God is, but who he is. This is a story of rescue and redemption, of the power of forgiveness and faith within a mother and her son; two broken and imperfect lives that are intercepted by a loving and almighty God.
