Buffy the Vampire Slayer meets Sky in the Deep in this bewitching historical horror novel, perfect for fans of Holly Black and V.E. Schwab. Seventeen-year-old Aderyn ("Ryn") only cares about two things: her family and her family's graveyard. And right now, both are in dire straits. Since the death of their parents, Ryn and her siblings have been scraping together a meager existence as gravediggers in the remote village of Colbren, which sits at the foot of a harsh and deadly mountain range that was once home to the fae. The problem with being a gravedigger in Colbren, though, is that the dead don't always stay dead. The risen corpses are known as "bone houses," and legend says that they're the result of a decades-old curse. When Ellis, an apprentice mapmaker with a mysterious past, arrives in town, the bone houses attack with new ferocity. What is it that draws them near? And more importantly, how can they be stopped for good? Together, Ellis and Ryn embark on a journey that will take them into the heart of the mountains, where they will have to face both the curse and the deeply-buried truths about themselves. Equal parts classic horror novel and original fairy tale, *The Bone Houses* will have you spellbound from the very first page. An instant IndieBound bestseller!

The Bone Houses New York Review of Books

Once upon a time, Jacobia "Jake" Tiptree was a hotshot money manager to Manhattan's rich and dreadful—until she left city life behind for a centuries-old fixer-upper in the quaint seaside town of Eastport, Maine. But even this tiny haven has its hazards—and they can be astonishingly deadly.... When a mysterious book is unearthed from the foundation of Jake's 1823 fixer-upper, she immediately sends it off to local book historian Horace Robotham. After all, there must be a logical explanation for why the long-buried volume has her name in it—written in what looks suspiciously like blood. But all logic goes out the window when the book disappears—and Horace turns up dead. The suspects include Horace's spoiled daughter, who has enough credit card debt to give killing her rich daddy a certain appeal. And just about everyone's pointing fingers at a local crackpot with a penchant for black magic and an unholy lust for its artifacts—including antique texts inked in blood. To complicate matters further, there's a mysterious stranger in town with vengeance in his heart and a gun in his pocket. Never mind that Jake's just taken a sledgehammer to her ancient bathroom. Or that she forgot she's set to host a party for Eastport's most treasured teacher. She's also about to lose her beloved housekeeper on account of her father's hasty marriage proposal...and her son, Sam, has just taken his first tentative steps toward sobriety. But all that will have to wait, because when two more victims turn up in a town better known for its scenic views and historic homes than its body count, she and her comrade-in-sleuthing, Ellie White, need to go on the prowl to find someone who may believe that the pages of an ancient book are the blueprint for a perfect murder.

The House of Lost Souls Little, Brown Books for Young Readers

A tender and compelling memoir of the author's grandparents, their literary salon, and a way of life that is no more. The House of Twenty Thousand Books is the story of Chimen Abramsky, an extraordinary polymath and bibliophile who amassed a vast collection of socialist literature and Jewish history. For more than fifty years Chimen and his wife, Miriam, hosted epic gatherings in their house of books that brought together many of the age's greatest thinkers. The atheist son of one of the century's most important rabbis, Chimen was born in 1916 near Minsk, spent his early teenage years in Moscow while his father served time in a Siberian labor camp for religious proselytizing, and then immigrated to London, where he discovered the writings of Karl Marx and became involved in left-wing politics. He briefly attended the newly established Hebrew University in Jerusalem, until World War II interrupted his studies. Back in England, he married, and for many years he and Miriam ran a respected Jewish bookshop in London's East End. When the Nazis invaded Russia in June 1941, Chimen joined the Communist Party, becoming a leading figure in the party's National Jewish Committee. He remained a member until 1958, when, shockingly late in the day, he finally acknowledged the atrocities committed by Stalin. In middle age, Chimen reinvented himself once more, this time as a liberal thinker, humanist, professor, and manuscripts' expert for Sotheby's auction house. Journalist Sasha Abramsky re-creates here a lost world, bringing to life the people, the books, and the ideas that filled his grandparents' house, from gatherings that included Eric Hobsbawm and Isaiah Berlin to books with Marx's handwritten notes, William Morris manuscripts and woodcuts, an early sixteenth-century Bomberg Bible, and a first edition of Descartes's Meditations. The House of Twenty Thousand Books is a wondrous journey through our times, from the vanished worlds of Eastern European Jewry to the cacophonous politics of modernity. The House of Twenty Thousand Books includes 43 photos.

Lost Mansions of Mississippi, Volume II Macmillan

An exquisitely photographed collection of the great houses and mansions of the South. In the tradition of Rizzoli's Historic Houses of the Hudson Valley and Great Houses of New England, Great Houses of the South features a stunning array of newly photographed homes that range over three centuries and are distinctive examples of the architecture of the region. While in popular imagination the "Southern Style" is embodied in the classic Southern plantation house with its Greek Revival detailing—its stately white columns, wide porch, and symmetrical shape—the houses themselves are much more various and engaging, as shown in this important volume. From stately Stanton Hall of Natchez, Mississippi, one of the most magnificent and palatial residences of antebellum America; to Longue Vue House and Gardens of New Orleans, the luxurious Classical Revival-style home of Edgar and Edith Stern; to the fabled Biltmore of Asheville, North Carolina, the opulent French Renaissance-inspired chateau and Gilded Age estate of George Washington Vanderbilt, this lavish volume is comprehensive in scope and a landmark work of enduring interest to homeowners, architects, architecture historians, and all those who love fine architecture.

again. The five sidhe houses left behind in Arcadia return to the mortal world and find a war-torn land ripe for conquest. The Book of Lost Houses explores the repercussions of the Second Resurgence as a new wave of noble fae burst onto the scene, ready to take their places as saviors or overlords. Old enmities renew. New alliances form. Nothing remains the same.

The Boy Who Steals Houses Scribner

The gates to Arcadia, the original paradise, are closed. Only the world of humanity remains. Without any awareness of our true nature, humankind crushes us beneath its banal heel. Joy and laughter are gone; only the Dreaming remains. We are changelings, the forgotten ones, neither fully fae nor wholly mortal. The last of our kind on Earth, we have built ourselves an invisible kingdom. We are everywhere, yet you have never seen us. We hide, not behind some fragile Masquerade, but in plain sight with the power of our Glamour. We exist within a real world of make-believe where "imaginary" things can kill and "pretend" monsters are real. Rules for playing the sidhe, the lords of changelings.

The Lost Houses of Ireland Penguin

A unique and fascinating look at Victorian society through the remarkable lives of an enlightened and philanthropic aristocratic couple, the Marquess and Marchioness of Aberdeen, who tried to change the world for the better but paid a heavy price. This is a true tale of love and loss, fortune and misfortune. In the late 19th century, John and Ishbel Gordon, the Marquess and Marchioness of Aberdeen, were the couple who seemed to have it all: a fortune that ran into the tens of millions, a magnificent stately home in Scotland surrounded by one of Europe's largest estates, a townhouse in London's most fashionable square, cattle ranches in Texas and British Columbia, and the governorships of Ireland and Canada where they lived like royalty. Together they won praise for their work as social reformers and pioneers of women's rights, and enjoyed friendships with many of the most prominent figures of the age, from Britain's Prime Ministers to Oliver Wendell-Holmes and P.T. Barnum and Queen Victoria herself. Yet by the time they died in the 1930s, this gilded couple's luck had long since run out: they had faced family tragedies, scandal through their unwitting involvement in one of the "crimes of the century" and, most catastrophically of all, they had lost both their fortune and their lands. This fascinating family quest for the reason for their dramatic downfall is also a moving and colorful exploration of society in Victorian Britain and North America and an inspirational feast for history lovers.
