It has been translated from the French original into German, Spanish, Italian, and Russian, and now at long last into English as well. The volume contains a comprehensive approach to the syntax of natural languages, an approach that is foundational for an entire stream in the modern study of syntax and grammar. This stream is known today as dependency grammar (DG). Drawing examples from dozens of languages, many of which he was proficient in, Tesnière presents insightful analyses of numerous phenomena of syntax. Among the highlights are the concepts of valency and head-initial vs. head-final languages. These concepts are now taken for granted by most modern theories of syntax, even by phrase structure grammars, which represent, in a sense, the opposite sort of approach to syntax from what Tesnière was advocating. Sanskrit-wörterbuch heraugegeben von der Kaiserlichen akademie der wissenschaften

To, že parta píseckých kriminalistů, kterým šéfuje kapitán Karas, umí, o tom už emeritní komisař kriminální služby Ladislav Beran přesvědčil ve svých krimi povídkách spoustu čtenářů. A není tomu jinak ani v jeho další knize, kterou nazval Kytice růží nebožtíkům nevoní. Tentokrát písecký autor předkládá čtenářům další napínavé povídky, které zaujmou už svými názvy, mj. Vrah na pět, Holka na jednu sezonu, Prázdná postel, Kasařské rekviem. Poručíci Studnička a Mach a jejich kolegové si i při vyšetřování těch nejtěžších zločinů umí na případ tzv. zajít. Povídkám, jak už tomu u autora bývá, nechybí napětí, ale ani humor. Svět zločinu a galerky totiž není jednobarevný. Každý zločin má své pozadí a nejde jen o to vypátrat a usvědčit pachatele, ale rozkrýt i lidské osudy, vztahy a pohnutky...
