Liberty or Equality Springer

Early in the last century the successes of science led a group of French thinkers to apply the principles of science to the study of society. These thinkers purported to have discovered the supposed 'laws' of society and concluded that an elite of social scientists should assume direct control of social life. The Counter-Revolution of Science is Nobel Laureate Friedrich Hayek's forceful attack on this abuse of reason.

Children of the Mire Univ of California Press

Ce livre n'est pas un livre sur l'antisémitisme comme les autres. Il ne s'agit pas d'un pur essai historique mais d'un essai documenté et illustré, s'appuyant sur de nombreux textes du domaine public : aussi bien des textes de justes comme Émile Zola (« J'accuse » est ici dans son intégralité) ou Anatole France, que des textes antisémites comme ceux de Barrès ou de Maurras. Ces textes sont commentés et reliés par Yoann Laurent-Rouault, qui, en sa qualité de maître diplômé des Beaux-Arts de Rennes, a également illustré ces textes. L'affaire Dreyfus occupe le cœur de cet ouvrage mais celui-ci, au fil des pages, remonte plus loin et étend aussi sa portée jusqu'à la Seconde Guerre mondiale et même jusqu'à nos jours. C'est dans le fonds littéraire international Memoria Books que ces textes compilés, illustrés et reliés par un profond fil conducteur trouvent logiquement leur place. L'auteur, Yoann Laurent-Rouault, braque le projecteur sur une vérité nue : celle de l'antisémitisme et de l'antijudaïsme français. Au travers de l'affaire Dreyfus et du procès Zola, des guerres mondiales et des remous de la Ve République, et jusqu'à nos jours, c'est le plaidoyer des justes qui est ici mis à l'honneur. La documentation associée au texte fait état de vérités « françaises » que beaucoup préféreraient continuer d'ignorer. Comme la liste des camps d'internement sous Vichy qui s'étire sur 6 pages, la liste « Otto » et la liste « Bernhard » ou encore la compromission de la presse et de l'édition au travers de grands noms de la littérature et de l'intelligentsia française. Il nous interroge également sur le phénomène du révisionnisme, que dans notre pays on ne saurait voir en trois couleurs, au nom du « politiquement correct » et d'une certaine idée de la France, comme pour servir un patriotisme cocardier, qui de tout temps a été générateur de crises et de conflits armés. Ici est faite la démonstration que la culture antisémite française qui s'étire sur plusieurs siècles donnera naissance à un courant littéraire moderne et à une pensée raciste et ségrégationniste qui fut un temps homologuée par l'académie et par l'État. « L'antisémitisme, dans les pays où il a une réelle importance, n'est jamais que l'arme d'un parti politique ou le résultat d'une situation économique grave, écrivait Zola. La phrase est pertinente, et ce que je constate aujourd'hui, c'est que pour une certaine France, si « le Juif » est coupable de tout, il est avant tout coupable d'être juif. »

Europe - Against the Tide Harvard University Press

Octavio Paz launches a far-ranging excursion into the "incestuous and tempestuous" relations between modern poetry and the modern epoch. From the perspective of a Spanish-American and a poet, he explores the opposite meanings that the word "modern" has held for poets and philosophers, artists, and scientists. Tracing the beginnings of the modern poetry movement to the pre-Romantics, Paz outlines its course as a contradictory dialogue between the poetry of the Romance and Germanic languages. He discusses at length the unique character of Anglo-American "modernism" within the avant-garde movement, and especially vis-à-vis French and Spanish-American poetry. Finally he offers a critique of our era's attitude toward the concept of time, affirming that we are at the "twilight of the idea of the future." He proposes that we are living at the end of the avant-garde, the end of that vision of the world and of art born with the first Romantics.

The British Library General Catalogue of Printed Books to 1975 Routledge

The Routledge Companion to Fascism and the Far Right is an engaging and accessible guide to the origins of fascism, the main facets of the ideology and the reality of fascist government around the world. In a clear and simple manner, this book illustrates the main features of the subject using chronologies, maps, glossaries and biographies of key individuals. As well as the key examples of Hitler's Germany and Mussolini's Italy, this book also draws on extreme right-wing movements in Latin America, Eastern Europe and the Far East. In a series of original essays, the authors explain the complex topics including: the roots of fascism fascist ideology fascism in government and opposition nation and race in fascism fascism and society fascism and economics fascism and diplomacy.

Directory of American Scholars Harvard University Press

Julien Benda's classic study of 1920s Europe resonates today. The "treason of the intellectuals" is a phrase that evokes much but is inherently ambiguous. The book bearing this title is well known but little understood. This edition is introduced by Roger Kimball. From the time of the pre-Socratics, intellectuals were a breed apart. They were non-materialistic knowledge-seekers who believed in a universal humanism and represented a cornerstone of civilized society. According to Benda, this all began to change in the early twentieth century. In Europe in the 1920s, intellectuals began abandoning their attachment to traditional philosophical and scholarly ideals, and instead glorified particularisms and moral relativism. The "treason" of which Benda writes is the betrayal by the intellectuals of their unique vocation. He criticizes European intellectuals for allowing political commitment to insinuate itself into their understanding of the intellectual vocation, ushering the world into "the age of the intellectual organization of political hatreds." From the savage flowering of ethnic and religious hatreds in the Middle East and throughout Europe today to the mendacious demand for political correctness and multiculturalism on college campuses

everywhere in the West, the treason of the intellectuals continues to play out its unedifying drama.

The French Resistance BoD - Books on Demand

Olivier Wieviorka's history of the French Resistance debunks lingering myths and offers fresh insight into social, political, and military aspects of its operation. He reveals not one but many interlocking homegrown groups often at odds over goals, methods, and leadership. Yet, despite a lack of unity, these fighters braved Nazism without blinking.

Was sind die gegenwärtigen Herausforderungen der Europäischen Union? Wie reagiert sie auf internationale Veränderungen und Krisen? Und wie antwortet sie auf ihre Kritiker in den Mitgliedsstaaten? 16 Beiträge von internationalen Experten geben auf diese Fragen eine Antwort.

Les Questions actuelles Routledge

"This book is a translation of historian Carlo Ginzburg's latest collection of essays. Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and

memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians"--Provided by publisher.
