They say his clothes blend into the background, no matter where he stands. They say a lot of things about the Schwa, but one thing's for sure: no one ever noticed him. Except me. My name is Antsy Bonano, and I was the one who realized the Schwa was "functionally invisible" and used him to make some big bucks. But I was also the one who caused him more grief than a friend should. So if you all just shut up and listen, I'll tell you everything there is to know about the Schwa, from how he got his name, to what really

happened with his mom. I'll spill everything. Unless, of course, "the Schwa Effect" wipes him out of my brain before I'm done....

If what you see is what you get, Jules is in serious trouble. The suspenseful first in a series from the New York Times bestselling author of the *Wake* trilogy. Jules lives with her family above their restaurant, which means she smells like pizza most of the time and drives their double-meatball-shaped food truck to school. It's not a recipe for popularity, but she can handle that. What she can't handle is the recurring vision that haunts her. Over and over, Jules sees a careening truck hit a building and explode...and nine body bags in the snow. The vision is everywhere—on

billboards, television screens, windows—and she's the only one who sees it. And the more she sees it, the more she sees. The vision is giving her clues, and soon Jules knows what she has to do.

Because now she can see the face in one of the body bags, and it's someone she knows. Someone she has been in love with for as long as she can remember. Lighty Faust the Lion Penguin Contributions by Megan Brown, Jill Coste, Sara K. Day, Rachel Dean-Ruzicka, Rebekah Fitzsimmons, Amber Gray, Roxanne Harde, Tom Jesse, Heidi Jones, Kaylee Jangula Mootz, Leah Phillips, Rachel L. Rickard Rebellino, S. R. Toliver, Jason Vanfosson, Sarah E. Whitney, and Casey Alane Wilson While critical and popular attention afforded to twenty-first-century young adult literature has exponentially increased in recent years, classroom materials and scholarship have remained static in focus and slight in scope. *Twilight*,

The Hunger Games, *The Fault in Our Stars*, and *The Hate U Give* overwhelm conversations among scholars and critics—but these are far from the only texts in need of analysis. *Beyond the Blockbusters: Themes and Trends in Contemporary Young Adult Fiction* offers a necessary remedy to this limiting perspective, bringing together essays about the many subgenres, themes, and character types that have until now been overlooked. The collection tackles a diverse range of topics—modern updates to the marriage plot; fairy tale retellings in dystopian settings; stories of extrajudicial police killings and racial justice. The approaches are united, though, by a commitment to exploring the large-scale generic and theoretical structures at work in each set of texts. As a collection, *Beyond the Blockbusters* is an exciting entryway into a field that continues to grow and change even as its works captivate massive audiences. It will prove a crucial addition to the library of any scholar or instructor of young adult literature.

Refreshing, irreverent and always straightforward, *What Are You Looking At?* asks all the basic questions that you were too afraid to ask. Your next gallery trip is going to be a little less intimidating and a lot more interesting."
