Illustrated Study Guide for the NCLEX-PN® Exam Elsevier Health Sciences

Assessment is not only a measure of student learning, but a means to student learning. This bestselling book guides you in

constructing and using your own classroom assessments, including tests, quizzes, essays, and rubrics to improve student achievement. You will learn how to weave together curriculum, instruction, and learning to make assessment a more natural, useful part of teaching. Find out how to... ensure your assessments are fair, reliable, and valid; construct assessments that meet the level of cognitive demand expected of students; create select-response items and understand technology-enhanced items that are increasingly being used on assessments; use constructed-response items and develop scoring criteria such as rubrics; and analyze student results on assessments and use feedback more effectively. This second edition features updated examples that reflect the Common Core State Standards as well as other content standards and new, useful samples of teacher-friendly techniques for strengthening classroom assessment practices. No matter what grade level or subject area you teach, this practical book will become your go-to resource for designing effective assessments.

Passing Nursing School and the NCLEX Exam Human Kinetics

Designated a Doody's Core Title and Essential Purchase! "Without question, this book should be on every nurse educator's bookshelf, or at least available through the library or nursing program office. Certainly, all graduate students studying to be nurse educators should have a copy." --Nursing Education Perspectives "This [third edition] is an invaluable resource for theoretical and practical application of evaluation and testing of clinical nursing students. Graduate students and veteran nurses preparing for their roles as nurse educators will want to add this book to their library." Score: 93, 4 stars --Doody's "This 3rd edition. . . has again given us philosophical, theoretical and social/ethical frameworks for understanding assessment and measurement, as well as fundamental knowledge to develop evaluation tools for individual students and academic programs." -Nancy F. Langston, PhD, RN, FAAN Dean and Professor Virginia Commonwealth University School of Nursing All teachers need to assess learning. But often, teachers are not well prepared to carry out the tasks related to evaluation and testing. This third edition of *Evaluation and Testing in Nursing Education* serves as an authoritative resource for teachers in nursing education programs and health care agencies. Graduate students preparing for their roles as nurse educators will also want to add this book to their collection. As an inspiring, award-winning title, this book presents a comprehensive list of all the tools required to measure students' classroom and clinical performance. The newly revised edition sets forth expanded coverage on essential concepts of evaluation, measurement, and testing in nursing education; quality standards of effective measurement instruments; how to write all types of test items and establish clinical performance parameters and benchmarks; and how to evaluate critical

thinking in written assignments and clinical performance. Special features: The steps involved in test construction, with guidelines on how to develop test length, test difficulty, item formats, and scoring procedures Guidelines for assembling and administering a test, including design rules and suggestions for reproducing the test Strategies for writing multiple-choice and multiple-response items How to develop test items that prepare students for licensure and certification examinations Like its popular predecessors, this text offers a seamless blending of theoretical and practical insight on evaluation and testing in nursing education, thus serving as an invaluable resource for both educators and students.

Your Personalized Guide to Academic Success Lippincott Williams & Wilkins

Authored by three of the nation's leading experts on the first-year experience, this Concise version of *Your College Experience* presents a straightforward, realistic, and intelligent review of the skills students need to succeed in college. This less expensive, streamlined Concise edition offers an expanded academic focus through added coverage of writing, speaking, the library, research, and information literacy. Particularly relevant to today's students, a new Money chapter discusses managing money, building credit, and financing college. A new chapter on Emotional Intelligence explains what emotional intelligence is, why everyone should understand it, and why it matters in college. A fresh, clean new design eliminates clutter so that students can focus on the important topics.

Often called the 'the best NCLEX® exam review book ever,' Saunders Comprehensive Review for the NCLEX-RN® Examination, 7th Edition provides everything you need to prepare for the NCLEX exam — complete content review and 5,200 NCLEX examination-style questions in the book and online. Don't make the mistake of assuming the quality of the questions is the same in all NCLEX exam review books, because only this book includes the kind of questions that consistently test the critical thinking skills necessary to pass today's NCLEX exam. Even better, all answers include detailed rationales to help you learn from your answer choices, as well as test-taking strategies with tips on how to best approach each question. Written by the most trusted name in NCLEX review, Linda Anne Silvestri, and updated to reflect the most current 2016 NCLEX test plan, Comprehensive Review for the NCLEX-RN® Examination, 7th Edition is THE book of choice for NCLEX examination review. But don't just take our word for it — read any customer review or ask your classmates to see why there's nothing else like it!

Comprehensive Curriculum of Basic Skills, Grade 6 SAGE Publications

Testing Strategies for the NCLEX-PN Examination chapter addresses the challenges of the Next Generation NCLEX® and provides targeted strategies for success. UNIQUE! Mnemonic cartoons provide a fun, easy way to review and remember key nursing concepts and disease processes. More than 2,000 review questions on the companion Evolve website are available in both study and quiz modes and separated by content area, allowing customized review based on personal study needs. Examples of Next Generation NCLEX-style questions on the companion Evolve website familiarize you with these new types of questions. Answers and rationales are provided for all review questions. Test Alert! boxes highlight key concepts frequently found on the NCLEX examination. Alternate item format questions on the companion Evolve website prepare you for these question types on the NCLEX examination. UNIQUE! Appendixes for each chapter summarize medications and nursing procedures for quick reference. Nursing Priority boxes make it easier to distinguish priorities of nursing care. Pharmacology tables make key drug information easy to find, with high-alert medications noted by a special icon. Special icons distinguish pediatric and adult disorders and identify content on self-care and home care. A separate chapter on pharmacology and medication administration helps you focus on this area of emphasis on the NCLEX examination.

Macmillan

Prepare for success on the NCLEX-RN® exam with the review book written for Canadian nursing students! Elsevier's Canadian Comprehensive Review for the NCLEX-RN® Examination, 2nd Edition provides everything you need to prepare for the NCLEX®

exam — complete content review and more than 5,000 NCLEX examination-style questions in the book and online. Proving that not all NCLEX exam review books are the same, only this book includes the kinds of questions that consistently test the critical thinking skills needed to pass today's NCLEX exam. In addition, all answers include detailed rationales and test-taking strategies with tips on how to best approach each question. From Canadian editors Patricia Bradley and Karin Page-Cutrara, and NCLEX review experts Linda Anne Silvestri and Angela Silvestri, this edition integrates Canadian approaches to nursing, making this the only comprehensive review text written from a fully Canadian perspective. It's THE book of choice for NCLEX preparation! More than 5,000 practice questions in the text and online offer ample testing practice. UNIQUE! Detailed test-taking strategy and rationale is included for each question, offering clues for analyzing and uncovering the correct answer option. UNIQUE! Priority Nursing Action boxes provide information about the steps you will take in clinical situations requiring clinical judgement and prioritization. UNIQUE! Pyramid Points icons indicate important information, identifying content that typically appears on the NCLEX-RN® examination. UNIQUE! Pyramid Alerts appear in red text and highlight important nursing concepts. UNIQUE! Priority Concepts — two in each chapter — discuss important content and nursing interventions. New graduate's perspective is offered on how to prepare for the NCLEX-RN, in addition to nonacademic preparation, the CAT format, and test-taking strategies. Mnemonics are included to help you remember important information. 75-question comprehensive exam covers all content areas in the book in the same percentages that they are covered on the actual NCLEX-RN test plan. Practice questions on delegation, prioritization, and triage/disaster management emphasize these areas on the NCLEX exam. Companion Evolve website provides 25 new Next Generation NCLEX® (NGN)-style questions plus all alternate item format questions including multiple response, prioritizing (ordered response), fill-in-the-blank, figure/illustration (hot spot), chart/exhibit, video, and audio questions. Question categories on Evolve are organized by cognitive level, client needs area, integrated process, and content area, allowing completely customizable exams or study sessions. UNIQUE! Audio review summaries on Evolve cover pharmacology, acid-base balance, and fluids and electrolytes.

Strategies for Success American Society for Training and Development

Summer Before Grade 6 Carson-Dellosa Publishing

LIPPINCOTT Q&A REVIEW FOR NCLEX-RN, 13E is designed to help pre-licensure nursing students prepare to take the licensing examination. The book has more than 6,000 questions reviewing

the four major content areas of pre-licensure programs: obstetrics, pediatrics, medical-surgical, and mental health nursing. The textbook also includes six comprehensive examinations to provide students a realistic example of the NCLEX-RN test, in which items are randomized by subject area and difficulty, and an additional new examination focused specifically on the challenging content area of pharmacology. The questions align with the 2019 National Council of State Boards of Nursing (NCSBN) test plan and are written in the style used on the licensing examination, with heavy emphasis on alignment of content with the NCSBN's Practice Analysis and associated Activity Statements. Other features include the use of all the types of alternate-format questions found on the licensing examination, detailed rationales for both correct and incorrect answers, information about the NCLEX-RN, study tips, and a Content Mastery and Test-Taking Self Analysis grid by which students can chart their own progress and modify study as needed.

On Course, Study Skills Plus Edition Elsevier Health Sciences Evaluation and Testing in Nursing Education Third Edition Springer Publishing Company

John Wiley & Sons

Designated a Doody's Core Title!. The second edition of Evaluation and Testing in Nursing Education helps nursing educators measure and evaluate the level of learning that their students receive and aids them in altering their class plans. This award-winning book is the only book in nursing education that focuses entirely on evaluation and testing; explains how to prepare all types of test items; and explores how to assemble, administer, and analyze tests, measurement concepts, grading, and clinical evaluation. Educators will learn the basics of how to plan for classroom testing, analyze test results, write all types of test items, incorporate methods for evaluating critical thinking, evaluate written assignments and clinical performance, and more. In addition, new content on development and evaluation of testing and distance education is included. Directed toward teachers in nursing education programs and health care agencies, graduate students preparing for teaching roles, and nurses in clinical practice who teach others, this text is an essential resource for all health professionals involved in evaluation, measurement, and testing. This updated edition offers help with the many aspects of being a successful teacher of nursing. In the Second Edition: .: New content on development and evaluation of testing and distance education.; Writing alternate item formats similar to the NCLEX.; Developing tests that prepare students for licensure and certification.; Strategies for evaluating different cognitive levels of learning.; Evaluating written assignments and sample scoring rubrics.; Up-to-the-minute information on testing in distance education environments with a special focus on internet and on-line based testing

Test-Taking Strategies Elsevier Health Sciences

In an era of curricular changes, experiments, and high-stakes testing, educational measurement and evaluation are more important than ever. In addition to expected entries covering the basics of traditional theories and methods, The SAGE Encyclopedia of Educational Research, Measurement, and

Evaluation also covers important sociopolitical issues and trends influencing the future of that research and practice. Textbooks, handbooks, monographs, and other publications focus on various aspects of educational research, measurement, and evaluation, but to date, there exists no major reference guide for students new to the field. This comprehensive work fills that gap, covering traditional areas while pointing the way to future developments. Key Features: Nearly 700 signed entries are contained in an authoritative work spanning four volumes and available in electronic and/or print formats. Although organized A-to-Z, front matter includes a Reader's Guide grouping entries thematically to help students interested in a specific aspect of education research, measurement, and evaluation to more easily locate directly related entries. Back matter includes a Chronology of the development of the field; a Resource Guide to classic books, journals, and associations; and a detailed Index. Entries conclude with Further Readings and cross-references to related entries. The Index, Reader's Guide themes, and cross-references combine to provide a robust search-and-browse in the electronic version. *Passing Nursing School and the NCLEX Exam* Gracie Mansion Publishing Co

Use proven strategies to prepare for nursing school tests and the NCLEX® exam! Saunders 2022-2023 Clinical Judgment and Test-Taking Strategies: Passing Nursing School and the NCLEX® Exam, 7th Edition provides tools to help you overcome test anxiety, develop study skills, and improve test scores.
