Cyber Victimology Evangelische Verlagsanstalt
Was ist gemeint, wenn heute von "Seelsorge" die Rede ist? Der Blick auf die einzelnen Seelsorgefelder zeigt ein differenziertes Bild: Der Kontext, in dem Seelsorge stattfindet, gestaltet immer mit, was jeweils unter Seelsorge verstanden wird. Wie ist beispielsweise das Selbstverständnis von Seelsorge im Krankenhaus, in der Notfallseelsorge, am Telefon, in der Schule oder in der Gemeinde? Welche Vorstellungen und Konzeptionen liegen zugrunde? Ist Seelsorge heute "Muttersprache in vielen Zungen"? Und was lässt sich an Verbindendem beschreiben? Die Beiträge dieses Bandes beleuchten aus der Praxis heraus exemplarisch verschiedene Seelsorgefelder. Denn erst von einer solchen Annäherung an ihre Vielgestaltigkeit lässt sich nach einem Verständnis von Seelsorge heute angesichts ihrer Pluralität fragen. [Fields of Pastoral Care. Approaches to the Diversity of Pastoral Care] What does it mean when we talk of "pastoral care" today? A look at the various fields of pastoral care shows a differentiated picture: the context in which a specific pastoral care takes place has always a determining influence on how it is seen. For instance what is the self-image of pastoral care in hospital, in emergency pastoral care, at the phone, in school or in congregation? What are the underlying conceptions? Pastoral care, is it today a "first language with many tongues"? And what are the unifying factors? The contributions of this volume describe from practical experience exemplarily various fields of pastoral care. Only such an approach to its different forms allows an understanding of pastoral care in all its plurality.

The Panopticon project for a model prison obsessed the English philosopher Jeremy Bentham for almost 20 years. In the end, the project came to nothing; the Panopticon was never built. But it is precisely this that makes the Panopticon project the best exemplification of Bentham's own theory of fictions, according to which non-existent fictitious entities can have all too real effects. There is probably no building that has stirred more philosophical controversy than Bentham's Panopticon. The Panopticon is not merely, as Foucault thought, "a cruel, ingenious cage", in which subjects collaborate in their own subjection, but much more—constructing the Panopticon produces not only a prison, but also a god within it. The Panopticon is a machine which on assembly is already inhabited by a ghost. It is through the Panopticon and the closely related theory of fictions that Bentham has made his greatest impact on modern thought; above all, on the theory of power. The Panopticon writings are frequently cited, rarely read. This edition contains the complete "Panopticon Letters", together with selections from "Panopticon Postscript I" and "Fragment on Ontology", Bentham's fullest account of fictions. A comprehensive introduction by Miran Bozovic explores the place of Panopticon in contemporary

theoretical debate.

Advances in Cross-National Comparison Routledge

Cyber Victimology provides a global socio-legal-victimological perspective on victimisation online, written in clear, non-technical terms, and presents practical solutions for the problem. Halder qualitatively analyzes the contemporary dimensions of cyber-crime victimisation, aiming to fill the gap in the existing literature on this topic. A literature review, along with case studies, allows the author to analyze the current situation concerning cyber-crime victimisation. A profile of victims of cyber-crime has been developed based on the characteristics of different groups of victims. As well, new policy guidelines on the basis of UN documents on cybercrimes and victim justice are proposed to prevent such victimisation and to explore avenues for restitution of justice for cases of cyber-crime victimisation. This book shows how the effects of cyber victimisation in one sector can affect others. This book also examines why perpetrators choose to attack their victim/s in specific ways, which then have a ripple effect, creating greater harm to other members of society in unexpected ways. This book is suitable for use as a textbook in cyber victimology courses and will also be of great interest to policy makers and activists working in this area.

The Girl Who Wasn't There John Wiley & Sons

Warum sollten verurteilte Straftäter Theater spielen? Diese Frage wird schnell gestellt, wenn im Rahmen von Theaterprojekten Gefangene zu Schauspielern werden. Doch die Chancen, die sich daraus für die Resozialisierung ergeben, sind weitreichend und einmalig - gerade unter Berücksichtigung der allgegenwärtigen Beschränkungen im Strafvollzug. Das Theaterspielen bietet durch das Rollenspiel neben sozialtherapeutischen Effekten vielschichtige Entwicklungsmöglichkeiten für die Spielenden bis hin zu Wandlungen der Persönlichkeit. Dieser Band zeigt im Rahmen eines kriminologisch fundierten Resozialisierungskonzepts die Potentiale und Schwierigkeiten der Theaterarbeit mit Strafgefangenen im Hinblick auf deren Wiedereingliederung auf.

American Indian Politics and the American Political System

Kohlhammer Verlag

Das Jahrbuch Sexualitäten ist ein jährlich erscheinendes Periodikum, das Fragen des Sexuellen in einem interdisziplinären Sinne thematisiert. Mit Beiträgen u. a. von Patrick Bahners, Werner Renz, Ilka Quindeau, Clare Bielby, Yener Bayramolu, Benno Gammerl, Carolin Küppers, Babette Reicherdt und Noemi Yoko Molitor.

What Works in Offender Rehabilitation Springer-Verlag

Alternative Strafvollzugsmodelle aus der Vergangenheit, Gegenwart und Zukunft werden in diesem Band vorgestellt. Anlass ist der Rückblick auf 10 Jahre Strafvollzug in freien Formen in Sachsen. Seehaus e.V. betreibt seit 2011 mit dem Seehaus Leipzig einen Jugendstrafvollzug in freien Formen. Sachsen ist das erste Bundesland in dem nun auch Strafvollzug in freien Formen für Erwachsene möglich sein wird. In Ergänzung dazu zeigen andere Träger mit ihren Konzepten weitere Alternativen

zum Strafvollzug auf. Auch der Blick ins Ausland liefert hierzu Anregungen und Ideen. Einen Ausblick geben Wissenschaftler und Politiker zu ihrer Vision eines Justizsystems der Zukunft und von Restorative Justice als Zukunftsperspektive für das Justizsystem.

DAS KNAST-DILEMMA Nomos Verlag

In this book six leading criminologists address the central issues of ideology, crime and criminal justice in a series of essays originally presented at a symposium held in honour of Sir Leon Radzinowicz in Cambridge in March 2001. This book is concerned with the key themes of the history of criminal justice, the history and development of criminological thought, and criminal justice policy. Each of the contributed chapters makes an original and important contribution to the development of the discipline of criminology. This book is valuable reading for anybody interested in the past and present of the discipline of criminology, explored through essays on morality, prisons, policing, criminal justice and penal policy.

The Prison Dilemma Rowman & Littlefield

Winner, 2014 Lambda Literary Award in LGBT Studies Since the 1970s, a key goal of lesbian and gay activists has been protection against street violence, especially in gay neighborhoods. During the same time, policymakers and private developers declared the containment of urban violence to be a top priority. In this important book, Christina B. Hanhardt examines how LGBT calls for "safe space" have been shaped by broader public safety initiatives that have sought solutions in policing and privatization and have had devastating effects along race and class lines. Drawing on extensive archival and ethnographic research in New York City and San Francisco, Hanhardt traces the entwined histories of LGBT activism, urban development, and U.S. policy in relation to poverty and crime over the past fifty years. She highlights the formation of a mainstream LGBT movement, as well as the very different trajectories followed by radical LGBT and queer grassroots organizations. Placing LGBT activism in the context of shifting liberal and neoliberal policies, *Safe Space* is a groundbreaking exploration of the contradictory legacies of the LGBT struggle for safety in the city.

Inventing the Savage Reaktion Books

There are two possible approaches to mental health in modern society. One is statistical and one is analytical, qualitative. Regarding the statistical, one asks: "What are the figures? What do the numbers say?" These numbers are not terribly encouraging. But there is the more-important qualitative side. What do we mean by mental health and mental sickness? How are the facts of mental health and sickness related to the structure of our society? These questions are answered in this compelling book.

Criminal Justice in Germany BoD – Books on Demand

A history of modern Germany told not through the lives of its leaders, but its lawbreakers. As Nelson Mandela said, "a nation should not be judged by how it treats its highest citizens, but its lowest ones." *Shadowland* tells the sometimes inspiring, often painful stories of Germany's prisoners, and thereby shines new light on Germany itself. The story begins at the end of the Second World War, in a defeated country on the edge of collapse, in which orphaned and lost children are forced into homelessness, scavenging and stealing to stay alive, often laying the foundations of a so-called criminal career. While East Germany developed detention facilities for its secret police, West Germany passed prison reform laws, which erected, in the words of a prisoner, "little asbestos walls in Hell." *Shadowland* is Germany as seen through the lives, experiences, triumphs, and tragedies of its lowest citizens.

Soziale Arbeit in der Justiz Ernst Reinhardt Verlag

Alterskriminalität ist eine ernste Herausforderung, vielschichtiger als angenommen und wenig untersucht. Das Phänomen wirft viele Fragen auf: Erwartet uns im Zuge des demografischen Wandels ein deutlicher Anstieg von kriminellen Älteren? Wie lassen sich Delikte älterer Straffälliger erklären und welche Verstöße sind für diese Altersgruppe typisch? Wie müssen sich Haftanstalten gegenüber älteren Inhaftierten wappnen und wie ist eine Resozialisierung für Seniorinnen und Senioren erfolgreich auszugestalten? Der Band erörtert aus verschiedenen Perspektiven die Erscheinungsformen, Ursachen und Konsequenzen von Normverstößen im Alter und bietet damit eine fundierte Grundlage zur Auseinandersetzung mit dem Thema der Straffälligkeit und Langzeithaft älterer Menschen.

Alternative Strafvollzugsmodelle BoD – Books on Demand

Soziale Arbeit und Justiz sind eng miteinander verflochten, ganz besonders im Arbeitsfeld der Bewährungshilfe, bei gerichtlich angeordneter Führungsaufsicht, in der Gerichtshilfe und im Strafvollzug. Das Buch liefert eine grundlegende Einführung in diese Arbeitsfelder, wobei der Schwerpunkt der Darstellung auf dem professionellen Selbstverständnis und dem methodischen Handeln liegt. Auf diese Weise wird das Buch dem sehr spezifischen Adressatenkreis und den besonderen Ansprüchen im Hinblick auf das Doppelmandat der Sozialen Arbeit (Hilfe und Kontrolle) gerecht. Dabei besticht die Darstellung durch einen durchgängigen Praxisbezug - sichergestellt durch zahlreiche Fallbeispiele - und eine auch für Studierende verständliche Sprache.

Basiswissen Sexualpädagogik C.F. Müller GmbH

The author of *The Prince*—his controversial handbook on power, which is one of the most influential books ever written—Niccolò Machiavelli (1469-1527) was no prince himself. Born to an established middle-class family, Machiavelli worked as a courtier and diplomat for the Republic of Florence and enjoyed some small fame in his time as the author of bawdy plays and poems. In this discerning new biography, Ross King rescues Machiavelli's legacy from caricature, detailing the vibrant political and social context that influenced his thought and underscoring the humanity of one of history's finest political thinkers.

Definitionsmacht, Renitenz und Abolitionismus Knopf

Places emphasis on developments in the social theory of environmental issues, the environment, and the environmental crisis. This also emphasises on the increasingly questionable possibility of shared knowledge at a time of increasing fragmentation of common frameworks, distraction from key issues, and dilution of the idea of objectivity.

Ideology, Crime and Criminal Justice Hachette UK

This festschrift in honor of the work and legacy of Dr. Marc Groenhuijsen provides an international and holistic overview of recent developments in victimology, taking a global scope but grounded in everyday experiences of victims. Its multidisciplinary perspective reflects a range of approaches and practices in victimology, including contributions from the fields of social work, criminology, sociology, psychology, and law. Firstly, the volume introduces new perspectives in victimology, and then analyzes different forms of victimization in countries worldwide. It gives special attention to victims' rights and participation in the criminal justice system, detailing victim-centered approaches to justice through practices such as restorative justice and restitution. Highlighting the growth and development of victimology from a specialization in criminology to an academic discipline in its own right, this book reflects the range of approaches and depth of scholarship in the field. This will be an essential resource to students of victimology, researchers, policy makers, and victim's advocates.

The Pathology of Normalcy Springer Nature

Originally published in 1974 and the recipient of the Denis Carroll Book Prize at the World Congress of the International Criminology Society in 1978, Thomas Mathiesen's *The Politics of Abolition* is a landmark text in critical criminology. In its examination of Scandinavian penal policy and call for the abolition of prisons, this book was enormously influential across Europe and beyond among criminologists, sociologists and legal scholars, as well as advocates of prisoners' rights. Forty years on and in the context of mass incarceration in many parts of the world, this book remains relevant to a new generation of penal scholars. This new edition includes a new introduction from the author, as well as an afterword that collects contributions from leading criminologists and inmates from Germany, England, Norway and the United States to reflect on the development and current state of the academic literature on penal abolition. This book will be suitable for academics and students of criminology and sociology, as well as those studying political science. It will also be of great interest to those who read the original book and are looking for new insights into an issue that is still as important and topical today as it was forty years ago.

An International Perspective on Contemporary Developments in Victimology Harper Collins

Die meisten Straftäter haben dieselben Wünsche und Vorstellungen für ihre Zukunft wie andere Menschen ihres Alters auch. Sie wünschen sich einen sicheren Arbeitsplatz, eine feste Beziehung und ein Eigenheim. Doch bestehende Vorstrafen erschweren die Umsetzung dieser Träume erheblich. Dabei ist die gesellschaftliche Einbindung von straffällig gewordenen Menschen nicht nur für deren weiteres Leben wichtig. Wie Paula Langheinrich in ihrer Publikation zeigt, ist sie auch im Sinne des Opferschutzes zur Verhinderung erneuter Straftaten essentiell. Langheinrich erklärt deshalb, wie die Straffälligenhilfe die Betroffenen bestmöglich ansprechen und erreichen kann. Sie verdeutlicht, in welchem Maß unsere Gesellschaft ehemalige Straftäter ausschließt und wie dies verhindert werden kann. Ihr Buch ist ein wichtiger Ratgeber für die Täterarbeit. Aus dem Inhalt: - Soziale Arbeit; - Haftstrafe; - Resozialisierung; - Wiedereingliederung; - Rückfallquote

Alter und Devianz Routledge

"Man kennt alle Nachteile des Gefängnisses: dass es gefährlich ist, dass es vielleicht sogar nutzlos ist. Und dennoch <sieht> man nicht, wodurch es ersetzt werden könnte. Es ist die verabscheuungswürdige Lösung, um die man nicht herumkommt." Michel Foucault, in: Überwachen und Strafen, Die Geburt des Gefängnisses, Frankfurt am Main, 1994. Das Handbuch zum Freiheitsentzug der Schweiz gibt einen umfassenden und aktuellen Überblick über das schweizerische Justizvollzugssystem, dies sowohl aus organisatorisch-verfassungsrechtlichen als auch einer kriminalpolitischen, forensischen und juristischen wie auch grundrechtlichen Perspektive. Stichworte dazu sind: Untersuchungshaft, Straf- und Massnahmenvollzug, inkl. der stationären therapeutischen Massnahme nach Art. 59 StGB, Verwahrungsvollzug, Haftbedingungen, risikoorientierter Sanktionenvollzug, Beurteilung der Gefährlichkeit von Straftätern, medizinische Versorgung in Haft, inkl. Zwangsernährung und assistierter Suizid. Das Handbuch richtet sich an alle, die einen vertieften

Einblick in den schweizerischen Freiheitsentzug erhalten wollen oder zu spezifischen Einzelfragen den aktuellen Stand der Wissenschaft und Rechtsprechung suchen; ob dies interessierte Laien, selbst betroffene Inhaftierte oder im Justizvollzug berufstätige Personen, Juristinnen oder gar Medienschaffende oder Politikerinnen sind. Das Handbuch ermöglicht den Lesenden, eine eigenständige Antwort auf Michel Foucaults These zur Nutzlosigkeit und Unentbehrlichkeit des Justizvollzugs zu entwickeln.

Chance statt Strafe. Die Beziehungsarbeit in der Resozialisierung straffällig gewordener Menschen Duke University Press

"Her book offers many insights into the criminality of Native people, as well as that of women or anyone else who is poor and oppressed." —Canadian Woman Studies Luana Ross writes, "Native Americans disappear into Euro-American institutions of confinement at alarming rates. People from my reservation appeared to simply vanish and magically return. [As a child] I did not realize what a 'real' prison was and did not give it any thought. I imagined this as normal; that all families had relatives who went away and then returned." In this pathfinding study, Ross draws upon the life histories of imprisoned Native American women to demonstrate how race/ethnicity, gender, and class contribute to the criminalizing of various behaviors and subsequent incarceration rates. Drawing on the Native women's own words, she reveals the violence in their lives prior to incarceration, their respective responses to it, and how those responses affect their eventual criminalization and imprisonment. Comparisons with the experiences of white women in the same prison underline the significant role of race in determining women's experiences within the criminal justice system. "Professor Ross, through painstaking phenomenological analysis, has unmasked some of the ways in which (race, class, and gender) prejudices, and their internalization by individuals targeted by them, exert enormous influence on the processes and outcomes of the American criminal justice system . . . This book will be of tremendous import to a broad, interdisciplinary audience." —Franke Wilmer, Associate Professor of Political Science, Montana State University
