Additional interviews and essays on: Baby Dodds, Vernel Fournier, Ed Blackwell, James Black and Freddie Kohlman, Smokey Johnson, David Lee, and bassist Bill Huntington.

Steely Dan Alfred Music

From the daughter of comedy legend Harold Ramis (and featuring a Foreword by Seth Rogen) comes a hilarious and heartwarming account of his life, work, and legacy. Most of us know Harold Ramis as the writer, director, and actor who brought warmth and humor to the big screen in classics like *Animal House*, *Caddyshack*, *Ghostbusters*, *National Lampoon's Vacation*, and *Groundhog Day*. To his daughter, Violet, he was best known as an amazing father, confidant, and friend. In *Ghostbuster's Daughter*,

Violet reflects on the life and legacy of her father, providing readers with an extraordinarily candid and insightful look into the man who helped shape modern American comedy. Funny, endearing, and vulnerable, *Ghostbuster's Daughter* takes readers into the private life of the American comedy icon, from his humble roots in Chicago and ascension into Hollywood stardom to his personal philosophies on life, love, and filmmaking. While the book offers a comprehensive history of her father's career, *Ghostbuster's Daughter* also provides a profound homage to their special father-daughter relationship. Violet weaves anecdotes about her father's unique and devoted parenting style among stories of her own unconventional upbringing, creating a vivid and dynamic portrait of the man behind the movies. A distinctly offbeat memoir as well as a charming family story for the ages, *Ghostbuster's Daughter* is an intimate look at one of America's preeminent comedy filmmakers.

Reelin in the Years Sleeping Bear Press

With the same unique vision that brought his now classic Mars trilogy to vivid life, bestselling author Kim Stanley Robinson boldly imagines an alternate history of the last seven hundred years. In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . "A thoughtful, magisterial alternate history from one of science fiction's most important writers."—The New York Times Book Review It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe's population was destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—one that stretches across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and magnificent innovation. Through

the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power—and even love—in this bold New World. "Exceptional and engrossing."—New York Post "Ambitious . . . ingenious."—Newsday

Traveling Soul Henry Holt and Company (BYR)

The classic and beloved song is brought to life with bright and colorful illustrations by Tim Hopgood. First recorded in 1967 by Louis Armstrong, and with sales of over one million copies, "What a Wonderful World" has become a poignant message of hope for people everywhere. Sweet and positive in its message, with bright, beautiful art, this book is sure to be a hit. Perfect for sharing!

Pride Puppy! Desi Serna

★ "[A] sheer delight and will be a welcome addition to shelves everywhere. Highly—and proudly—recommended." —Kirkus Reviews, starred review ★ "This engaging introduction to Pride parades for the youngest readers successfully testifies to the warmth and power of queer community." —Publishers Weekly, starred review A young child and their family are having a wonderful time together celebrating Pride Day—meeting up with Grandma, making new friends and eating ice cream. But then something terrible happens: their dog gets lost in the parade! Luckily, there are lots of people around to help reunite the pup with his family. This rhyming alphabet book tells a lively story, with rich, colorful illustrations that will have readers poring over every detail as they spot items starting with each of the letters of the alphabet. An affirming and inclusive book that offers a joyful

glimpse of a Pride parade and the vibrant community that celebrates this day each year.

From acclaimed children's author Eve Bunting comes a sweet holiday tale sure to warm hearts on Valentine's Day and every day of the year.

Mr. Goat's Valentine Penguin

'It's amazing that this style came to be. Can you imagine being a struggling musician back then? It must take an incredible amount of restraint to play that gently.' —Actor/comedian Fred Armisen, from his foreword to this book Just what is 'yacht rock,' you ask? Perhaps the easiest description is music that would not sound out of place being played while carousing aboard a yacht back in the good old days. But these songs were also some of the top pop gems of the 1970s and '80s. And while some associate yacht rock's biggest songs with one-hit wonder artists, several of rock's most renowned artists fall under this category, too - including Fleetwood Mac, the Eagles, Steely Dan, Hall & Oates, The Doobie Brothers, Toto, and more. Yacht rock seemed to have become extinct by the early twenty-first century ... until a comedic video series, simply titled Yacht Rock, went viral and introduced captain's hats and blazers to a whole new generation - as well as the emergence of a popular cover band, the Yacht Rock Revue, and of course, Jimmy Fallon's on-air admiration of all things yacht rock. Now, yacht rock is one of the most celebrated 'yesteryear' styles of pop music, and has resonated with a new generation of musicians (including the Fred Armisen/Bill Hader-led Blue Jean Committee and soul/funk/electronica crossover act Thundercat). But despite all the hoopla, there has never been a book that told the entire story of the genre. Until now. Featuring interviews with many of the heavy hitters of the genre, including John Oates, Kenny Loggins, and Don Felder, *The Yacht Rock Book* leaves no

sail unturned. This is the definitive story of the yacht rock's creation, rise, chart-smashing success, fall, and stunning rebirth.

2019 Green Earth Book Awards - Long List The art and writing of Gwen Frostic are well known in her home state of Michigan and around the world, but this picture book biography tells the story behind Gwen's famous work. After a debilitating illness as a child, Gwen sought solace in art and nature. She learned to be persistent and independent--never taking no for an answer or letting her disabilities define her. After creating artwork for famous Detroiters and for display at the World's Fair and helping to build WWII bombers, Gwen moved her printmaking business to northern Michigan. She dedicated her work and her life to reminding people of the wonder and beauty in nature.

Ridley Scott Cambridge University Press

A fascinating account of the music and epic social change of 1973, a defining year for David Bowie, Bruce Springsteen, Pink Floyd, Elton John, the Rolling Stones, Eagles, Elvis Presley, and the former members of The Beatles. 1973 was the year rock hit its peak while splintering—just like the rest of the world. Ziggy Stardust travelled to America in David Bowie's *Aladdin Sane*. The *Dark Side of the Moon* began its epic run on the Billboard charts, inspired by the madness of Pink Floyd's founder, while all four former Beatles scored top ten albums, two hitting #1. FM battled AM, and Motown battled Philly on the charts, as the era of protest soul gave way to disco, while DJ Kool Herc gave birth to hip hop in the Bronx. The glam rock of the New York Dolls and Alice Cooper split into glam metal and punk. Hippies and rednecks made peace in Austin thanks to Willie Nelson, while outlaw country, country rock, and Southern rock each pointed toward modern country. The Allman Brothers, Grateful Dead, and the Band played the largest rock concert to date at Watkins Glen. Led Zep's *Houses of the Holy* reflected the rise of funk and reggae. The singer songwriter movement led by Bob Dylan, Neil Young, and Joni Mitchell flourished at the Troubadour and Max's Kansas City, where Bruce Springsteen and Bob Marley shared bill. Elvis Presley's *Aloha from Hawaii via Satellite* was NBC's top-rated special of the year, while Elton John's albums dominated the number one spot for two and a half months. Just as U.S. involvement in Vietnam drew to a close, *Roe v. Wade* ignited a new phase in the culture war. While the oil crisis imploded the

American dream of endless prosperity, and Watergate's walls closed in on Nixon, the music of 1973 both reflected a shattered world and brought us together.

I Blame Dennis Hopper Flatiron Books

This month, as Sir Elton John celebrates his seventieth birthday, Backbeat Books is thrilled to announce the release of Donald Gibson's *Elton John FAQ: All That's Left to Know About the Rocket Man*. An exploration of Sir Elton's accolades alone could span several volumes: in a career spanning nearly five decades, he has sold over 250 million records worldwide, appeared in nearly 4 000 live performances, been inducted into both the Rock and Roll Hall of Fame and the Songwriters Hall of Fame, and received multiple awards and nominations from the Academy, GRAMMYS, Oscars, and Tonys. How can one possibly hope to examine the life and times of this peerless singer-songwriter, the most successful solo artist Great Britain has ever produced and the third-most successful artist overall in American music history? Why, with Backbeat's acclaimed FAQ format, of course! Like every other volume in the FAQ series, *Elton John FAQ* is overflowing with enlightening data, compact histories, rare photographs and period ephemera, all organized into chapters equally suitable for a straight-through read or random perusal. Gibson touches on every major episode from Sir Elton's life, from his humble, and at times disheartening, childhood in the North London suburb of Pinner to his serendipitous meeting with lyricist Bernie Taupin, with whom he'd form a songwriting partnership that would ultimately rank alongside Lennon and McCartney in its success, and beyond. Scrutinizing the highs and lows of a life crammed with musical phases and sartorial changes, the book underscores not only the renowned musician's talents, but the truth behind tales that are familiar only to diehard fans.

The Years of Rice and Salt Univ. Press of Mississippi

Collected interviews with the British filmmaker of classics such as *Blade Runner*, *Alien*, and *Gladiator*

Elton John FAQ Del Rey

Describes how to improvise melodies over any chord progression, covering such topics as the chord theory, phrasing, melodies, scales, soloing, articulations, and rhythms.

New Orleans Jazz and Second Line Drumming Hal Leonard Corporation

A “thoughtful, loving, and thorough portrait” of the pioneering musicians behind Steely Dan, featuring interviews, essays, reviews and more (PopMatters). At its core, Steely Dan is a creative marriage between guitarist Donald Fagen and

keyboardist Walter Becker. It recorded several of the cleverest and best-produced albums of the 1970s, making them one of the most successful bands to be inducted into the Rock & Roll Hall of Fame. Major Dudes collects some of the smartest and most revealing interviews Becker and Fagen have ever given, along with intelligent reviews of—and commentary on—their extraordinary songs. Compiled by leading music critic Barney Hoskyns, Major Dudes features contributions from the likes of Sylvie Simmons, Fred Schruers, and the late Robert Palmer; plus rare interviews and reviews of Steely Dan’s early albums from Disc, Melody Maker, and Rolling Stone. With an introduction by Hoskyns and an obituary for Walter Becker by David Cavanagh, Major Dudes is essential reading for any rock aficionado.

Learn the basics of digital recording, each step of the signal path, and everything from microphone placement to mixing strategy through the eyes and ears of “The Immortal” Roger Nichols, master engineer and eight-time Grammy-award winner. From scientifically analyzing the differences between condenser, ribbon, and dynamic microphones to sharing his secrets to an amazing mix, Nichols delivers something for everyone interested in the science and art of audio engineering—no matter what your

experience level is. The Roger Nichols Recording Method offers you the unique opportunity to learn directly from Roger Nichols himself—exactly as he would have taught at one of his famous master classes. The book is excellent for beginners but is still full of information for seasoned pros who want to know how Roger always managed to get that sound. Included are links to Pro Tools session files, personally set up by Roger, to give you hands-on training. Covers: * How to plan your recording sessions like a professional engineer and producer * Choosing the right microphones and how Roger would place them for a session * Test microphone patterns; learning about critical distance placement and the 3 to 1 rule * Understanding digital audio and how it really works to choose the right format for your sessions * Learning about the signal path from microphone/instrument levels, channels strips, and plugins * Recording multiple takes, overdubs, punch-in techniques, and gaining insight on editing digital audio files * Roger's personal tips for mixing, using automation, creating your final mix, and more!

Vampires in the Lemon Grove FAQ

Think you can't buy a thrill? This book proves you wrong. A BEAST WITHOUT A NAME, Crime Fiction Inspired by the Music of Steely Dan edited by Brian Thornton.
