Are you looking to improve the relevance, life, and health of your church? In *Healing the Christian Church*, author Al Pomeroy offers a fresh, unique, and sustainable approach that will consistently produce good ground. Addressing church leadership, he provides practical advice and a resource for those wanting to see their church succeed beyond the status quo, and he discusses how to prevent the church from dealing with unnecessary problems. It requires more than reading the Bible, attending services, and listening to sermons. Leaders must let go of fear, bitterness, envy, and more to build the spirits of

those involved. Pomeroy provides opportunities for personal reflection, inspires action, and motivates a response, helping one assess whether their actions are helping or harming the church. *Healing the Christian Church* conducts an open and honest discussion on how easily a lack of knowledge and apathy has resulted in shattered lives, ineffective leaders, and paralyzed churches. Delivering a fresh approach supported by scripture, it presents several ways to address current and potential problems.

Church Administration Handbook Fortress Press
The Assemblies of God (AG) is the ninth largest American and the world's largest Pentecostal denomination, with over 50 million followers worldwide. The AG embraces a worldview of miracles and mystery that makes "supernatural" experiences, such as

speaking in tongues, healing, and prophecy, normal for Christian believers. Ever since it first organized in 1916, however, the "charismata" or "gifts of the Holy Spirit" have felt tension from institutional forces. Over the decades, vital charismatic experiences have been increasingly tamed by rituals, doctrine, and denominational structure. Yet the path towards institutionalization has not been clear-cut. New revivals and direct personal experience of God—the hallmarks of Pentecostalism—continue as an important part of the AG tradition, particularly in the growing number of ethnic congregations in the United States. The Assemblies of God draws on fresh, up-to-date research including quantitative surveys and interviews from twenty-two diverse Assemblies of God congregations to

offer a new sociological portrait of the AG for the new millennium. The authors suggest that there is indeed a potential revitalization of the movement in the works within the context of the larger global Pentecostal upswing, and that this revitalization may be spurred by what the authors call “godly love:” the dynamic interaction between divine and human love that enlivens and expands benevolence. The volume provides a wealth of data about how the second-largest American Pentecostal denomination sees itself today, and suggests trends to illuminate where it is headed in the future.

QuickBooks for Churches and Other Religious Organizations

Zondervan

Many churches are switching to the multisite or multiservice models to manage crowded sanctuaries due to growing attendance. This solution seems sensible in the short term, but too often churches adopt this model without taking into consideration what the Bible says about it. Illuminating the importance of physical togetherness as a way to

protect the gospel, this book argues that maintaining a single assembly best embodies the unity the church possesses in Jesus Christ. Jonathan Leeman considers a series of biblical, theological, and pastoral arguments that ask us to stop and examine intuitions or assumptions about what a church is. He reorients our minds to a biblical definition of church, offering examples of churches that have thrived with a single service at a single site and compelling alternatives for those looking to solve the complications that come with a growing church.

Unlimited Growth

University of Utah Press

A field-tested guide to the management and finance of church congregations, revised for a new generation. Clergy are generally equipped to preach and provide spiritual care. But when it comes to budgets, insurance, fire safety, and church management many find themselves at a loss. The Church Administration and Finance Manual is the classic guide to running a church, written to answer key questions for clergy and lay leaders. Not

simply a theoretical resource, the Manual provides suggestions for almost every aspect of parish administration: position descriptions, financial forms, materials for stewardship and Christian education, building use and safety issues, employee record keeping, and much more. This revised edition offers guidance on many new topics that are of vital importance to churches, including protecting children, information security, approaches to preventing and responding to violence, planned giving, social media, and hybrid work and worship. Whether clergy are just out of seminary or well-seasoned in parish life, the Manual is full of excellent guidelines, tools, and forms for improving the management of the parish.

Church Administration

TEACH Services, Inc.

In Karl Rahner, Culture and Evangelization, Anthony Mellor outlines a process of contemporary evangelisation which seeks to develop modes of public “mystagogical conversation” by engaging the religious imagination and draw upon personal

experiences of transcendence and religious sensibility. *Breaking Through the Stained Glass Ceiling* Wm. B. Eerdmans Publishing Bookkeeping for churches can be quite different than for-profit businesses, and the other guides available cover either QuickBooks or church accounting, not both. Lisa London, *The Accountant Beside You*, walks you through QuickBooks for your church from start to finish, always with examples, terminology, and understanding of what a busy church administrator needs to know in a clear, concise style. With her friendly easy-to-understand style and illustrative screenshots, Lisa guides new QuickBooks users every step of the way, while her tips for how to make QuickBooks work better for churches provides new insight and procedures for even the experienced bookkeeper. Not only does she step you through how to set up QuickBooks and utilize it more efficiently for your house of worship, but she also discusses everything you need to know to implement controls and procedures to ensure that your church's money is always protected.

QuickBooks for Churches covers PC versions of QuickBooks from 2012 forward and even includes what's new in the 2014 version. Lisa offers sound accounting procedures for both large and small houses of worship, for bookkeepers with years of experience as well as those just starting out. Let *The Accountant Beside You* take one more worry off your crowded to-do list.

Why the Church Needs Change Kindred Productions
The Mainliner's Survival Guide to the Post-Denominational World considers how the declining church should live into the hope of its legacy by living out the Gospel's radical nature with reckless abandon. In a world where the fastest growing religious self-designation among emerging generations is "none," the hope of the church may lie in worrying less about the survival of the church and aiming more toward living like Jesus.

The Mainliner's Survival Guide to the Post-Denominational World Xulon Press
 'Team leadership is the exercise of one's spiritual gifts under the call of God to serve a certain group of

people in achieving the goals God has given them toward the end of glorifying Christ.' How is your church or organization governed? Does it have an authoritarian, top-down administration? Is the ministry vision developed by a few top officials, with little input from staff or volunteers? Today the definition of an effective leader has changed. No longer does the model leader manage like the Lone Ranger - either do it his way or no way. Today the model leader shares responsibility with fellow team leaders and seeks to serve them. In this complete revision of his earlier work, *Building Leaders for Church Education*, Dr. Gangel carefully lays a biblical foundation for the team leadership model. This leadership is not dogmatic control or personality worship. It has no room for political power plays. Instead, it is Paul gently nurturing young Christians in his epistles. It is Barnabas willingly thrusting others into situations where they develop their own gifts. It is Christ, choosing not one, but twelve men to carry on His ministry. It is servant leadership. With examples, illustrations,

and suggestions for further reading at the end of each chapter, Dr. Gangel prods and encourages the reader to move beyond the safety net of autocratic leadership into the rewarding, effective practice of leading with and through others.

Sacred Cows Make Gourmet Burgers Xulon Press

With this revision, Bishop Malcolm Coby offers the organizational or jurisdictional leader the opportunity to protect the assets of the organization with guidelines for sexual misconduct or harassment. He also offers a flow chart for the chain of command necessary for administrative and ministry accountability. This revision gives particular attention to the expanded roles of the Auxiliaries in Ministry or A.I.M.

Team Leadership In Christian Ministry

Hartland Publications

We live in a broken world with broken people. Often it is easy to ignore the needs of the people around us. But what would God want us to do? In His ministry here on earth, Jesus reached out to the most hurt, most abused, and most reviled

members of His community. He healed not only their bodies but their spirits. Should we do any less? The Seventh-day Adventist Church has a unique opportunity to serve the hurting in their community through a Home-Based Care ministry. With our mission to love, serve, and teach, and with the numerous church resources already available, we can do what many others cannot—be the safe haven of health and healing that God intends His church to be. While this book focuses on ministry to individuals and their families dealing with HIV and AIDS, the principles found here can be applied to anyone with a terminal illness who finds himself/herself on the other side of accepted society. It shows us that instead of being critical, we should accept where people and their choices have led them, doing our best to minister with the love and care of Jesus.

The Vestry Handbook

Destiny Image Publishers

This book from Larry Richards relentlessly pursues defining the goals

of Christian education and then offers a plan in keeping with those goals. It includes diagrams, chapter summaries, and probe sections.

One Assembly Crossway
As the body of Christ, the church is basically an organism, not an organization. This fact is full of implications for the way the church organizes itself and the way leadership functions in the church. No book on church leadership has become as controversial as this one. Nor is there a book that spells out so clearly the scriptural implications of the present rule of Christ in the church and the calling of church leaders to be, first of all, servants. This is must reading for pastors, elders, church staff members, and students preparing for ministry in the church.
Apocalypse Delayed CRC Press

Lead a small church? New Testament Church Dynamics is perfect for you! Unlike many church growth books, we present proven, Biblical strategies to grow your church both spiritually and numerically. These are not theories cooked up in an ivory tower. Our network of churches lives these principles out in multiple

cultures and countries around the globe. By following Scriptural strategies, our unity, participation, purity, community, size, love, and evangelistic fervor have grown dramatically. Our joy is helping leaders of small churches follow Christ's model for church practice and planting.

The Message

Devotional Bible Church Publishing, Inc.

This is a print on demand book and is therefore non-returnable. Over three billion people in the world have never heard the name of Jesus Christ. The task of evangelizing these people seems monumental. In this major study of world evangelization, however, Edward Dayton and Donald Fraser view the world not as billions of individuals but as thousands of "people groups." The Dayton-Fraser strategy includes ten basic steps that analyze and define the goals in reaching these people groups and the obstacles standing in the way. Unlike other mission strategies, this approach incorporates the social sciences and basic management principles into the context of God's sovereignty and of the

church's responsibility to evangelize the world. The book includes a comprehensive bibliography reflecting the authors' extensive research in theology, sociology, anthropology, and management.

Christian Education Church Publishing, Inc.

An indispensable and practical guide for day-to-day running of a 21st-century parish.

Continuously in print since 1988, *The Vestry Handbook* is an essential and comprehensive guide for clergy, wardens, and vestry members. The revised third edition includes updated information on the Canon of the Church, available resources, and financial considerations, as well as new sections on safe-church training and dealing with conflict. Included in the appendices are helpful examples of contracts, purpose statement, inventory lists, a glossary of church terms, and an organizational chart. The Handbook explore among others, the following subjects: Leadership roles and organizational structure Managing parish finances Buildings and grounds Liabilities and insurance Relationships with clergy, parish staff,

the diocese, and the national Church IRS considerations Meeting and elections The spiritual lives of vestry members. Since it was first published in 1988, the Handbook and its updates have sold more than 90,000 copies and continues to sell well each year.

Archbishop Wm. B.

Eerdmans Publishing

Since colonial days, religious work in American has happened through denominations. At least since the start of the twentieth century, these

religious bodies consisted of a fairly tight, intra-denominationally connected system of congregations, regional judicatories, and national offices. This system was the product of more than two centuries of consolidation among Americanbs historic immigrant and indigenous churches. The vast majority of these structures are still in place, retain some semblance of internal coherence, have considerable social and religious significance, and will be with us for the

foreseeable future.

Nevertheless, the stresses upon them today clearly indicate that they are entering an unsettled period of transition. The purpose of this book is to examine the national structures of eight diverse Protestant denominations as a part of that shift. The frame of this study is the relationship between the theological and organizational nature of national denominational structures as they adapt to the changing situation of the twenty-first century.
