Music and the Child Mercat Press Books

Poetry's archives are incomparable, and to celebrate the magazine's centennial, Don Share and Christian Wilman combed them to create a new kind of anthology, energized by the self-imposed limitation of one hundred poems. Rather than attempting to be exhaustive or definitive--or even to offer the most familiar works--they have assembled a collection of poems that, in their juxtapositions, echo across a century of poetry.

All of the animals are afraid of the Selfish Crocodile - he never let's them into his river, and he's always so snappy! And so when the Selfish Crocodile finds himself in terrible pain, no-one wants to help him - after all, what if he gobbles them up? But, to everyone's surprise, there is one animal in the forest who is willing to help . . . A brilliant tale of friendship, The Selfish Crocodile has become a picture book classic.

Poems Without Rhymes HarperCollins

Some of the animals in this book are real. They include: the hippopotamus (she's missing) the elephant (he's artistically talented) the octopus (it's great at multitasking). Others may not be quite so real. These include: the wiguana (very hairy, for a lizard) the halibutterfly (there's something fishy about it) the gludu (quite clingy). In the tradition of Jack Prelutsky's classic poetry collections *The New Kid on the Block*, *It's Raining Pigs & Noodles*, and *A Pizza the Size of the Sun*, here is a book packed with more than 100 funny poems and silly pictures. Most of the poems are about animals—some are big and some are small, some have unusual interests, and some are just plain unusual.

The Book of Fingerplays and Action Songs Nosy Crow

From Michael Rosenblum, the bestselling author of *Happily Ever Always: A Guide to Personal Transformation, Security, Confidence, and Healthy Self*, comes a debut book for beginning readers.

This ageless story introduces us to a caterpillar named "Fear". Fear is afraid of everything – the other critters who share the garden, lightning storms, being bullied and making new friends. A chance encounter with a wise butterfly named "Faith" helps Fear find the courage within to experience the world in a bolder and more joy-filled way. Rosenblum's message for children is simple yet profound: fear is just faith turned inside out. "Children will realize that changing fear to faith is up to them as they explore this magical story. Bravo, Michael Rosenblum!" Dr. Kathleen Hagstrom Principal Walt Disney Magnet School Chicago Public Schools

Krishna in Rhyme Austin Macauley Publishers

"POEMS WITHOUT RHYMES", first book of author, is a collection of, such a nontraditional work of poet, which originated from the pragmatic essence of his life experiences. As of his enigmatic sense of philosophy, poet finds it ridiculous to arrange his net thoughts in the form of any rhythm, rhyme, music or tune, hence all the poems justify their existence without any boundaries, & concluded to title the bond between them as; "POEMS WITHOUT RHYMES". In the mysterious journey of our evanescent life, there are various stages where we begin to think about our existence, we get frustrated and broken, we feel cherished, or we search for the eternal source of peace. Here, the poems, try to determine the surface of each & every aspect of these stages, & visualize an effective conclusion of that particular phase, full of hopes and peace, up to the approach of poet.

What if you could upgrade your brain in 15 minutes a day? Let Elizabeth Ricker, an MIT and Harvard-trained brain researcher turned Silicon Valley technologist, show you how. Join Ricker on a wild and edifying romp through the cutting-edge world of neuroscience and biohacking. You'll encounter Olympic athletes, a game show contestant, a memory marvel, a famous CEO, and scientists galore. From Ricker's decade-long quest, you will learn: ● The brain-based reason so many self-improvement projects fail . . . But how a little-known secret of Nobel Prize winning scientists could finally unlock success ● Which four abilities—both cognitive and emotional—can predict success in work and relationships . . . and a new system for improving all four ● Which seven research-tested tools can supercharge mental performance. They range from low-tech (a surprising new mindset) to downright futuristic (an electrical device for at-home brain stimulation) Best of all, you will learn to upgrade your brain with Ricker's 20 customizable self-experiments and a sample, 12-week schedule. Ricker distills insights from dozens of interviews and hundreds of research studies from around the world. She tests almost everything on herself, whether it's nicotine, video games, meditation, or a little-known beverage from the Pacific islands. Some experiments fail hilariously—but others transform her cognition. She is able to sharpen her memory, increase her attention span, boost her mood, and clear her brain fog. By following Ricker's system, you'll uncover your own boosts to mental performance, too. Join a growing, global movement of neurohackers revolutionizing their careers and relationships. Let this book change 15 minutes of your day, and it may just change the rest of your life!
