Ever since the dawn of human life on this planet, Man has always sought to understand Nature, his own place in the scheme of Creation and the purpose of Life itself. In this quest for Truth, spanning many centuries and diverse civilizations, organized religion has shaped human life and determined to a large extent, the course of history. While some religions have been based on books, claimed by their adherents to be divinely inspired, others have relied solely on human experience. Al-Qur’aan, the main source of the Islamic faith, is a book believed by Muslims, to be of completely Divine origin. Muslims also believe that it contains guidance for all mankind. Since the message of the Qur’aan is believed to be for all times, it should be relevant to every age. Does the Qur’aan pass this test? In this booklet, I intend to give an objective analysis...

He’s cocky, he’s arrogant, and he’s also some sort of playboy in training. With his ‘hit it and quit it’ mentality, he’s the last person you’d want to fall in love with. I only wish someone had told my heart that... The international bestselling novel, and finalist of the Goodreads choice awards YA fiction 2012.

The fifth edition of this highly praised study charts and explains the progress that continues to be made towards the goal of worldwide abolition of the death penalty. The majority of nations have now abolished the death penalty and the number of executions has dropped in almost all countries

where abolition has not yet taken place. Emphasizing the impact of international human rights principles and evidence of abuse, the authors examine how this has fueled challenges to the death penalty and they analyze and appraise the likely obstacles, political and cultural, to further abolition. They discuss the cruel realities of the death penalty and the failure of international standards always to ensure fair trials and to avoid arbitrariness, discrimination and conviction of the innocent: all violations of the right to life. They provide further evidence of the lack of a general deterrent effect; shed new light on the influence and limits of public opinion; and argue that substituting for the death penalty life imprisonment without parole raises many similar human rights concerns. This edition provides a strong intellectual and evidential basis for regarding capital punishment as undeniably cruel, inhuman and degrading. Widely relied upon and fully updated to reflect the current state of affairs worldwide, this is an invaluable resource for all those who study the death penalty and work towards its removal as an international goal.

This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesas ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god.The translation is preceded by a long introduction offering a geographical and historical context for the GanesaPurana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

This book traces the visual cultures and histories of Mami Wata and other African water divinities. Mami Wata, often portrayed with the head and torso of a woman and the tail of a fish, is at once beautiful, jealous, generous, seductive, and potentially deadly. A water spirit widely known across Africa and the African diaspora, her origins are said to lie "overseas," although she has been thoroughly incorporated into local beliefs and practics. She can bring good fortune in the form of money, and her power increased between the fifteenth and twentieth centuries, the era of growing international trade between Africa and the rest of the world. Her name, which may be translated as

"Mother Water" or "Mistress Water," is pidgin English, a language developed to lubricate trade. Africans forcibly carried across the Atlantic as part of that "trade" brought with them their beliefs and practices honoring Mami Wata and other ancestral deities. Henry John Drewal is the Evjue-Bascom Professor of African and African Diaspora Arts at the University of Wisconsin-Madison. Other contributors include Marilyn Houlberg, Bogumil Jewsiewicki, Amy L. Noell, John W. Nunley, and Jill Salmons.

Look behind the scenes of fifty celebrated songs, from an estimated repository of over one lakh! 'De de khuda ke naam pe': when Wazir Mohammed Khan sang these words in India's first talkie, Alam Ara, he gave birth to a whole new industry of composers, lyricists and singers, as well as an entirely new genre of film-making that is quintessentially Indian: the song-and-dance film. In the eight decades and more since then, Hindi film songs have enraptured listeners all over the world. From 'Babul mora, naihar chhooto jaye' (Street Singer, 1938) to 'Dil hai chhota sa' (Roja, 1992); from the classical strains of 'Ketaki gulab' (Basant Bahar, 1956) featuring Bhimsen Joshi to the disco beats of Nazia Hassan's 'Aap jaisa koi' (Qurbani, 1981); from the pathos of 'Waqf ne kiya' (Kaagaz Ke Phool, 1959) to the exuberance of the back-to-back numbers in Hum Kisise Kum Naheen (1977), here is an extraordinary compilation, peppered with trivia, anecdotes and, of course, the sheer joy of music. Find out answers to questions like: With which unreleased film did Kishore Kumar turn composer? In which song picturization was dry ice first used? Which all-time classic musical was initially titled Full Boots? Where was the title song of An Evening in Paris shot? A new India is visibly emerging from within the folds of its many pasts. This new India needs to be seen with new eyes, free from the baggage of yesterdays characterizations. This is exactly what Santosh Desai, one of Indias best-known social commentators, does in this warm, affectionate and deliciously witty look at the changing urban Indian middle class. Writing as an insider, from personal experience, Desai cuts through the chaos and confusion of everyday India both yesterday

and today, and suddenly, makes us see things clearly. Holding a mirror to our inner selves, Desai makes us see what drives us, what makes us tick, what makes our hearts beat, and how our mindsets and attitudes are changing, even as the past never quite leaves us. And Desai does so in short masterful essays, written with great humour and sensitivity. A big book about small things that truly matter.
