The Golden Alphabet is Charles Spurgeon's exposition on Psalm 119, published originally in The Treasury of David. Upon noting that the seven-volume treasury was too large for individuals to purchase, he decided to publish smaller sections that are easier to read. "[Psalm 119], from its great length, helps us to wonder at the immensity of Scripture. From its keeping to the same subject it helps us to adore the unity of Scripture, for it is but one. Yet, from the many turns it gives to its one thought, it helps us to see the variety of Scripture. How manifold are the words and thoughts of God in his Word! Just as in creation, the wonders of his skill are displayed in many ways."

—Spurgeon Each section of this particular psalm begins with a letter in the Hebrew alphabet, earning it the nickname "The Golden Alphabet." Readers can now enjoy reading Spurgeon's personal thoughts and learn from his theological insight, breathing new life into this muchbeloved psalm. Key points and features: • A timeless classic, repackaged for a modern audience • Spurgeon's exposition on Psalm 119 from his original The Treasury of David • Spurgeon's commentaries are incredibly popular for their keen theological insights, pastoral care, and devotional nature

Wartime is not just about military success. *Economists at War* tells a different story - about a group of remarkable economists who used their skills to help their countries fight their battles during the Chinese-Japanese War, Second World War, and the Cold War. 1935-55 was a time of conflict, confrontation, and destruction. It was also a time when the skills of economists were called upon to finance the military, to identify economic vulnerabilities, and to help reconstruction. *Economists at War: How a Handful of Economists Helped Win and Lose the World Wars* focuses on the achievements of seven finance ministers, advisors, and central bankers from Japan, China, Germany, the UK, the USSR, and the US. It is a story of good and bad economic thinking, good and bad policy, and good and bad moral positions. The economists suffered threats, imprisonment, trial, and assassination. They all believed in the power of economics to make a difference, and their contributions had a significant impact on political outcomes and military ends. *Economists at War* shows the history of this turbulent period through a unique lens. It details the tension between civilian resources and military requirements; the desperate attempts to control economies

wracked with inflation, depression, political argument, and fighting; and the clever schemes used to evade sanctions, develop barter trade, and use economic espionage. Politicians and generals cannot win wars if they do not have the resources. This book tells the human stories behind the economics of wartime. *Spurgeon's Daily Treasures in the Psalms* Tuttle Publishing

In these turbulent times we need a strong anchor. This one-year devotional invites you to explore the anchoring wisdom of the Psalms, lovingly amplified through the insights of a spiritual giant, Charles Spurgeon. Written over a span of twenty years, his multi-volume commentary, *The Treasury of David*, is the basis for these daily meditations. Far from shallow sentimentalism, Spurgeon leads us into a greater understanding of the important biblical truths of the Christian faith. He also draws us deeper into the psalmists' interior lives. Spurgeon's own physical and emotional suffering heightened his awareness of the psalmists' personal struggles, prayers, and ultimate dependence on the Father. Never pulling us to despair, Spurgeon rather lifts our eyes to see how God works in our world and through his people. Through these reflections on the Psalms, Spurgeon invites us into a growing relationship with Jesus Christ, an unswerving commitment to the church, an increasing love for a hurting world, and living for God's glory. Start your days with this devotional guide and you will be oft-reminded that we may have weeping in the night, but joy comes in the morning.

IttsiitoirriL f f TTOW shall man be just with God?" is a question of infinite importance -IX to every child of Adam; a question, however, which could never have been answered if Jehovah had not manifested his sovereign grace towards his apostate creatures. Fur from being a merely speculative point, it permeates the whole system of Christianity, and lies at the foundation of personal religion, and of all right views of the character and moral government of God. Whatever else may be considered indifferent or non-essential this cannot be; it is a capital article of that faith which was once for all delivered to the saints, and a mistake here may prove eternally fatal. Well might Luther call it "the article of a

standing or falling church," i.e., the article on the reception or rejection of which the stability or subversion of the church depended. This then is the subject to which we invite the attention of our readers in this paper. And first, as to the nature of justification, or that in which it consists. The term justification is forensic, referring to the proceedings in a court of judicature, and signifies the declaring a person righteous according to law. It is not the making n person righteous by the infusion of holy habits, or by an inherent change from sin to holiness, this is sanctification; but the act of a judge pronouncing the party acquitted from all judicial charges. This is the sense in which the words just a.nd justify are used in the Old and New Testament Scriptures. For example it is said, "If there be a controversy between men, and they come unto judgment, that the judges may judge them; then they shall justify the righteous and condemn the wicked." (Deut. xxv. 1.) Here it is evident that to justify the righteous, ...

"In my travels throughout this country, I have discovered a glaring truth: America's boys are absolutely desperate to talk about their lives," says Dr. William Pollack, author of the bestseller *Real Boys*. Now, in *Real Boys' Voices*, Pollack lets us hear what boys today are saying, even as he explores ways to get them to talk more openly with us. "Boys long to talk about the things that are hurting them—their harassment from other boys, their troubled relationships with their fathers, their embarrassment around girls and confusion about sex, their disconnection from and love for their parents, the violence that haunts them at school and on the street, their constant fear that they might not be as masculine as other boys." In *Real Boys' Voices* we hear, verbatim, what boys from big cities and small towns, including Littleton, Colorado, have to say about violence, drugs, sports, school, parents, love, anger, body image, becoming a man, and much, much more. *Real Boys' Voices* takes us into the daily worlds of boys not only to show how

society's outdated expectations force them to mask many of their true emotions, but also to let us hear how boys themselves describe their isolation, depression, longing, love, and hope. How can you get behind the mask of masculinity many boys wear? How can you tell whether a "bad boy" is actually a "sad boy"—and how do you spot the danger signals of depression? How can you grow closer to the boy you love? Pollack explores how to create safe spaces and engage in "action talk," how to listen so a boy will speak the truth about, and be, himself. In the real boys' voices here, boys speak eloquently and truthfully about such topics as shame, bullying and teasing, the pressure to fit in, addictions, how they see the lives of the men they know, the importance of their mothers and fathers, their own spiritual and creative experiences, friendships with other boys and with girls, being gay, and coping with divorce and other losses, including the death of a friend or parent. We also hear what boys from Columbine High School and other places say about fear and violence in their lives. Full of insights from and about young and adolescent boys, William Pollack's *Real Boys' Voices* is an important, illuminating, and invaluable book, for boys themselves and for all the people in their lives. From *Real Boys' Voices* "Boys are supposed to shut up and take it, to keep it all in." —Scotty, from a small town in New England "What I hate about this school is that I am being picked on in the halls and just about everywhere else." —Cody, from a suburb in New England "Sometimes people say there are two me's, like I have a dual personality. . . . The public persona is not really who I am. It's a tool . . . to be who everyone wants me to be." —Raphael, from a city in the West "If you see [abuse] coming, just walk out of the room or walk out of the house or go somewhere, go to a friend's house, go

for a walk, take your dog for a run, whatever. Just try to get away from that situation before it actually explodes." —Paul, from a suburb in the West "Maybe a couple of times I used to bully some kids. I haven't bullied anyone since the shooting. I try to be nicer to people even if I don't like them." —John, from Littleton, Colorado
