West Hall has always been a town of strange disappearances and legends. The most mysterious is that of Sara Harrison Shea, who was found murdered in the field behind her house in 1908, a few short months after the tragic death of her daughter, Gertie, drove her mad. People say that Sara's ghost still walks after dark, and some leave offerings on their doorstep to keep her from entering their homes uninvited. Now, in present day, Ruthie lives in Sara's farmhouse with her mother, Alice, and her younger sister, Fawn. Alice has always insisted that they remain on the fringes, living off the land without internet or outside interference. But one morning Ruthie wakes up to find that Alice has disappeared without a trace. When she searches the house for clues, she is startled to find a secret compartment beneath the floorboards that contains two objects. One, a gun. And two, a copy of Sara Harrison Shea's diary. The story the diary tells is one of a mother skating on the edge of sanity, willing to do whatever she can to bring her daughter back even if it means dabbling in dark and dangerous territory. As Ruthie gets sucked deeper into the mystery of Sara's death, she discovers that she's not the only one looking for someone that they've lost. But she may be the only one who can stop history from repeating itself.

A highly acclaimed novelist now gives us a true epic: a love story that spans sixty years, generations' worth of feuds, and secrets withheld and revealed. The two principal stories at play in *Wintering* are bound together when the elderly, demented Harry Eide escapes his sickbed and vanishes into the forbidding, northernmost wilderness that surrounds the town of Gunflint, Minnesota—instantly changing the Eide family, and many other lives, forever. He'd done this once before, more than thirty years earlier in 1963, fleeing a crumbling marriage and bringing along Gustav, his eighteen-year-old son, pitching this audacious, potentially fatal scheme—winter already coming on, in these woods, on these waters—as a reenactment of the ancient voyageurs' journeys of discovery. It's certainly something Gus has never forgotten, nor the Devil's Maw of a river, a variety of beloved (possibly fantastical) maps, the ice floes and waterfalls (neither especially appealing from a canoe), a magnificent bear, the endless portages, a magical abandoned shack, Thanksgiving and Christmas improvised at the far end of the earth, the brutal cold and sheer beauty of it all. And men hunting other men. Now—with his father pronounced dead—Gus relates their adventure in vivid detail to Berit Lovig, who'd spent much of her life waiting for Harry, her passionate conviction finally fulfilled over the last two decades. So, a middle-aged man rectifying his personal history, an aging lady wrestling with her own, and with the entire saga of a town and region they'd helped to form and were in turn formed by, relentlessly and unforgettably.

"Patrick Gale has written a book which manages to be both tender and epic, and carries the unmistakable tang of a true story. I loved it." -- Jojo Moyes A privileged elder son, and stammeringly shy, Harry Cane has followed convention at every step. Even the beginnings of an illicit, dangerous affair do little to shake the foundations of his muted existence - until the shock of discovery and the threat of arrest cost him everything. Forced to abandon his wife and child, Harry signs up for emigration to the newly colonised Canadian prairies. Remote and unforgiving, his allotted homestead in a place called Winter is a world away from the golden suburbs of turn-of-the-century Edwardian England. And yet it is here, isolated in a seemingly harsh landscape, under the threat of war, madness and an evil man of undeniable magnetism that the fight for survival will reveal in Harry an inner strength and capacity for love beyond anything he has ever known before. In this exquisite journey of self-discovery, loosely based on a real life family mystery, Patrick Gale has created an epic, intimate human drama, both brutal and breathtaking. This is a novel of secrets, sexuality and, ultimately, of great love.
