Stuart Hadley is a young radio electronics salesman in early 1950s Oakland, California. He has what many would consider the ideal life; a nice house, a pretty wife, a decent job with prospects for advancement, but he still feels unfulfilled; something is missing from his life. Hadley is an angry young man—an artist, a dreamer, a screw-up. He tries to fill his void first with drinking, and sex, and then with religious fanaticism, but nothing seems to be working, and it is driving him crazy. He reacts to the love of his wife and the kindness of his employer with anxiety and fear. One of the earliest books that Dick ever wrote, and the only novel that has never been published, *Voices from the Street* is the story of Hadley's descent into depression and madness, and out the other side. Most known in his lifetime as a science fiction writer, Philip K. Dick is growing in reputation as an American writer whose powerful vision is an ironic reflection of the present. This novel completes the publication of his canon. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

WITH A NEW INTRODUCTION FROM NEW YORK TIMES BEST-SELLING AUTHOR TAYARI JONES “How can a novel’s social criticism be so unflinching and clear, yet its plot moves like a house on fire? I am tempted to describe Petry as a magician for the many ways that *The Street* amazes, but this description cheapens her talent . . . Petry is a gifted artist.” — Tayari Jones, from the Introduction *The Street* follows the spirited Lutie Johnson, a newly single mother whose efforts to claim a share of the American Dream for herself and her young son meet frustration at every turn in 1940s Harlem. Opening a fresh perspective on the realities and challenges of black, female, working-class life, *The Street* became the first novel by an African American woman to sell more than a million
