ODONNELL DOYLE

M: Organizational Behavior McGraw-Hill Education

This revision of ORGANIZATIONAL BEHAVIOR includes a renewed emphasis on the text's multifaceted approach, which is reflected in a new subtitle: SCIENCE, THE REAL WORLD, AND YOU. "Science" refers to roots of the discipline and the way the book is anchored in research tradition--both classic research as well as leading-edge scholarship. "The Real World" reflects current trends in organizations and takes shape as examples from all types of organizations. "You" reflects the opportunities to grow and develop both as individuals and organizations. The book helps students learn not only the concepts and theories that enhance the management of human behavior at work, but also how to practice these skills. A wealth of proven features, cases, exercises, and examples--including six new focus companies--stimulate interest and discussion; demonstrate how theories and research apply; and prompt cognitive and skill-based learning.

Established organizational behavior topics are discussed, including motivation, leadership, teamwork, and communication, as are emerging issues shaping the field. The exciting theme of change clearly demonstrates how attitudes and behaviors within an organization are affected by change and the new opportunities and experiences change presents. Supporting themes focus on globalization, diversity, and ethics.

Organisational Behaviour 6e

McGraw-Hill/Irwin

Organizational Behavior [Essentials] 2e offers the same quality of contemporary knowledge, excellent readability, and classroom support that has made the hardback book by the same author team one of the best-selling OB books around the world - but in a smaller package. It applies four fundamental principles: linking theory with reality, organizational behavior for everyone, contemporary theory foundation, and active learning support. McShane and Von Glinow have sliced out the extended or secondary topics so students can drill down to what is really essential. Although this book is less than two-thirds the length of their comprehensive hardback textbook, it

doesn't skimp on classroom support. In this era of active learning, critical thinking, and outcomes-based teaching, these supplements are becoming more "essential" than ever.

Organizational Behavior Irwin/McGraw-Hill

Concise, practical, and based on the best available research, *Essentials of Organizational Behavior: An Evidence-Based Approach, Second Edition* equips students with the necessary skills to become effective leaders and managers. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. Experiential exercises, self-assessments, and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking abilities. New to this Edition A new Emotions and Moods chapter delves into important topics like emotional intelligence, emotional contagion, and affective neuroscience. A new Power and Politics chapter unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter. New case studies, including some from SAGE Business Cases for the Interactive eBook, on topics such as virtual teams, equal pay and the gender wage gap, and the use of apps at work introduce timely and relevant discussions to help foster student engagement. The new edition has been rigorously updated with the latest research throughout and includes expanded coverage of Machiavellian leadership, ethical decision making, and

organizational design through change. New Best Practices and Research in Action boxes as well as new Toolkit Activities and Self-Assessments have been added to make the text even more hands-on and practical.

Organisational Behaviour on the Pacific Rim McGraw-Hill/Irwin

Organizational Behavior, 8e by McShane / Von Glinow helps everyone make sense of Organizational Behavior, and provides the conceptual tools to work more effectively in the workplace. This author duo continue the trailblazing innovations that made the previous editions of *Organizational Behavior* recognized and adopted by the new generation organizational behavior instructor. The McShane and Von Glinow product is acclaimed for: Readability, presentation of current knowledge Linking OB concepts and theories with reality Strong International / Global orientation Contemporary Theory Foundation (without the jargon) Active Learning and Critical Thinking Support Textbook's philosophy OB knowledge is for everyone, not just traditional managers. *Organizational Behavior, 8e* is written in the context of these emerging workplace realities. This edition explains how emotions are the foundation of employee motivation, attitudes, and decisions; how social networks generate power and shape communication patterns; how self-concept influences individual behavior, team cohesion, and leadership; and how adopting a global mindset has become an important employee characteristic in this increasingly interconnected world. This book also presents the reality that organizational behavior is not just for managers; it is relevant and valuable to anyone who works in and around organizations.

Organizational Behavior SAGE Publications

Canadian Organizational Behaviour reflects the dynamic world of organizational behaviour and emerging workplace realities - social media and virtual teams; values and self-leadership; emotional intelligence and effective teamwork skills. The Tenth Edition explains how these new realities impact/benefit an organization, and that organizational behavior is not just for managers, but is relevant to all who work in and around organizations. Canadian Organizational Behaviour has developed a reputation for its solid foundation of contemporary and classic research and writing. The Tenth Edition connects vivid real-world examples and practices to good theory. This evidence-based foundation is apparent from the number and quality of literature cited in each chapter, including dozens of –articles, books, and other sources. This market leading title discusses emerging OB theories such as the full self-concept model (not just core self-evaluation), workplace emotions, social identify theory, global mindset, four-drive theory, Schwartz's values model, employee engagement, learning orientation, social and information processing characteristics of job design, and many other groundbreaking topics. The authors also teach organizational

behaviour so they know the importance of a textbook that offers deep support for active learning and critical thinking with Canadian and global cases and examples and rich in-class activities. Organizational Behavior South Western Educational Publishing
From the Enron debacle to the Martha Stewart scandal, trust in business practices and in corporate leaders has been seriously jeopardized, hitting an all-time low. According to Matthew Gilbert in his latest book, The Workplace Revolution, the problem stems from a relentless work ethic, the tireless pursuit of profit, and the conflict between business values and human values. Today more than ever, people are waking up to the fact that they are not getting back what they give to their employers. While they are dedicating an inordinate amount of themselves to their work, their jobs offer little to meet their needs for community, self-expression, and service, and many have simply abandoned the possibility that self-serving, profit-driven companies can offer more than a paycheck. Gilbert assures us that the problem is not hopeless. In The Workplace Revolution, he provides both personal strategies and corporate methodologies for improving overall health in the workplace and restoring trust and goodwill between business leaders and their employees. With statistics and commentary from a wide range of sources and examples of companies such as Hewlett-Packard that are already balancing economic and human concerns, he demonstrates to worker and CEO alike that they can turn the experience of work into a spiritual, ideal-based, life-enhancing adventure for all concerned and still meet corporate goals. Revolutionary concepts for today's corporations and the health of their

employees.

Principles of Management McGraw-Hill Education

Delivering what we've come to expect from this author team, McShane/Von Glinow 5e helps everyone make sense of OB, and provides the conceptual tools to work more effectively in the workplace. Suitable for managers; and useful to those who work in and around organizations, this book explains how emotions are the foundation of employee motivation, attitudes, and decisions. .

Organizational Behavior Academic Internet Pub Incorporated

Course: Principles of Management is the introductory course taken by most undergraduate business majors. Almost every text/course is organized around the four functions of management: planning, leading, organizing, and controlling (PLOC). What makes the texts different are their approach to the subject (principles vs. OB focused) and their strengths of coverage (high/strategic vs. low level/applied/skills). The aim of this text is to show how the four functions interact.

Organizational Behavior: [essentials]

Organizational Behavior McGraw-Hill Education

In their new Fourth Edition, McShane and

Von Glinow continue the trailblazing innovations that made previous editions of Organizational Behavior recognized and adopted by the new generation of organizational behavior (OB) instructors. Acclaimed for its readability and presentation of current knowledge, this textbook's philosophy is that OB knowledge is for everyone, not just traditional managers. The new reality is that everyone- sales representatives, production employees, physicians "needs OB knowledge to successfully work in and around organizations. Organizational Behavior is unparalleled in its ability to engage students by bringing cutting edge OB concepts closer to reality through the "theory-practice link" approach. McShane and Von Glinow help readers connect OB theories to emerging workplace realities through hundreds of fascinating real-life stories from across the United States and around the world. McShane/Von Glinow's Organizational Behavior 4th Edition also continues to be the source of the hottest topics, such as: employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, separating socioemotional from constructive conflict, and much, much, more.

Organisational Behaviour Conari Press

Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for

answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.

Organizational Behavior McGraw-Hill Education Australia

This edition continues to be both relevant and engaging while providing clear explanations of emerging OB theories and concepts. A range of practical examples prepare students for the changing global business environment. Individual, Team and Organisational processes taking into account self-concept, social networking and the need for creativity in organisations, as well as considering the business-wide issues including sustainability and business ethics, are covered in depth. Numerous real-life anecdotes are spread throughout the book illustrating how adopting a global mindset has become an important employee characteristic in this increasingly interconnected world. The book maintains a strong Pacific Rim focus while simultaneously presenting OB practices and anecdotes of international significance. This book pioneers the view that OB is not just for managers; it is relevant and valuable to anyone who works in and around organizations.
