Gratitude is good for the soul, and it's easier than you think! Now you can help your family say thank you their way--on paper or online. With simple suggestions for thank-you notes, texts, and emails (and instructions on how to do it all tactfully) this book brings the age-old benefits of being grateful and graceful into your busy, modern

life. Perfect for parents, teens, and kids alike! [The Sydney Sessions](#) Lulu.com Candy is more than a sugary snack. With candy, you can become a scientific detective. You can test candy for secret ingredients, peel the skin off candy corn, or float an “m” from M&M’s. You can spread candy dyes into rainbows, or pour rainbow layers of colored water. You’ll learn how to turn candy into crystals, sink marshmallows, float taffy, or send soda spouting skyward. You can even make your own lightning. Candy Experiments teaches kids a new use for their candy. As children try eye-popping experiments, such as growing enormous gummy

worms and turning cotton candy into slime, they’ll also be learning science. Best of all, they’ll willingly pour their candy down the drain. Candy Experiments contains 70 science experiments, 29 of which have never been previously published. Chapter themes include secret ingredients, blow it up, sink and float, squash it, and other fun experiments about color, density, and heat. The book is written for children between the ages of 7 and 10, though older and younger ages will enjoy it as well. Each experiment includes basic explanations of the relevant science, such as how cotton candy sucks up water because of capillary action, how Pixy Stix

cool water because of an endothermic reaction, and how gummy worms grow enormous because of the water-entangling properties.

★ Winner: American Horse Publications Award for Best Equine-Related Fiction, 2019 ★

★ Winner: Equus Film & Arts Fest for Best Fiction - Horse Racing, 2020 ★ A novel of equestrian life in unexpected places.

Jenny's a horsewoman, born and bred. Aidan's a photographer, with a passion for sleek thoroughbreds. Lana has business brains and start-up cash.

Together, they're going to bring horse racing's best stories to life. Best friends working on a passion project together: it could be the perfect post-grad life in New York City... if only Jenny wasn't hopelessly in love with Aidan. Unrequited love aside, Jenny might be

in over her head. It's not an easy task to get old-fashioned trainers to open up to her, but Jenny's determined to get her story. Then, as she digs deep in search of a missing horse, Jenny tumbles into a dark underworld she'd thought was just a fairy tale. In the pursuit of horse racing's happy endings, to say nothing of her own, Jenny will find herself tested again and again. A colt's bid for a Breeders' Cup championship, a racehorse with no name, a charming police mount on Amsterdam Avenue, a carriage horse clattering through Central Park: the horses of New York are clamoring to have their stories told. Jenny just has to find the words, and the courage, to

give them a voice. Reviewers say... "Realistic, masterful dialogue and storytelling." - American Horse Publications "It surpassed all expectations. It's so much more than a pony book - there's romance, and drama, and mystery, and horses... all set against the back drop of New York. It had me complete engrossed from start to finish. New York tourist board should be paying Natalie a commission, because I now have the overwhelming urge to return to the Big Apple and bypass the tourist trail in favour of visiting Aqueduct and Belmont and seeking out all the city's hidden horses!" - Amazon Reviewer "The setting is not just a convenient

backdrop, it becomes its own character. The places are so lovingly, and well described that I almost become homesick for cities I've never seen. It is easy to see why the characters love where they've come from and where they've chosen to live." - Amazon Reviewer "This book blends the right amounts of horses, romance, intrigue and emotion to create a good yarn." - Amazon Reviewer Natalie Keller Reinert is the author of more than a dozen bestselling novels exploring equestrian life, including The Eventing Series, The Alex & Alexander Horse Racing Series, The Show Barn Blues Series, and Grabbing Mane. *E.B. E. B. White (1899-1985) is best known for his children's books, *Charlotte's Web*, *Stuart Little*, and *The Trumpet of the Swan*. Columnist for *The New Yorker* for over half a century and co-author of *Strunk and White's The Elements of Style*, White hit his stride as an American literary icon when he began publishing his 'One Man's Meat' columns from his saltwater farm on the coast of Maine. In *E. B. White on Dogs*, his granddaughter and manager of his literary estate, Martha White, has compiled the best and funniest of his essays, poems, letters, and sketches depicting over a dozen of White's various canine companions. Featured here are favorite

essays such as 'Two Letters, Both Open,' where White takes on the Internal Revenue Service, and also 'Bedfellows,' with its 'fraudulent reports'; from White's ignoble old dachshund, Fred. ('I just saw an eagle go by. It was carrying a baby.') From *The New Yorker's* 'The Talk of the Town' are some little-known Notes and Comment pieces covering dog shows, sled dog races, and the trials and tribulations of city canines, chief among them a Scotty called Daisy who was kicked out of Schrafft's, arrested, and later run down by a Yellow Cab, prompting *The New Yorker* to run her 'Obituary.' Some previously unpublished photographs from the E. B. White Estate show the family dogs, from

the first collie, to various labs, Scotties, dachshunds, half-breeds, and mutts, all well-loved. This is a book for readers and writers who recognize a good sentence and a masterful turn of a phrase; for E. B. White fans looking for more from their favorite author; and for dog lovers who may not have discovered the wit, style, and compassion of this most distinguished of American essayists.

A Little Handbook for Volunteers: Lessons I Learned from Sister Gwendolyn is based on the wisdom Dr. Freund has gained from more than 30 years working on volunteer boards.

Through a series of cases, she explains the ten most important lessons she has learned as a board member and from her beloved mentor, Sister Gwendolyn ? from the failure of a board to define its purpose to resolving conflicts among its members.

The book was inspired by many frustrated volunteers who want to contribute their time and energy to a cause they believe in but find the politics and dysfunction of boards more than they can handle. If you've ever asked, "What did I get myself into? Or "Are we having fun yet?" then you need to read this Little Handbook for Volunteers. Dr. Freund includes many "how to" suggestions and problem-solving strategies for volunteer boards in dire need of hearing her important message: Run your volunteer boards the right way or risk losing the gifts they bring. Anyone considering volunteering for a board or currently serving on one will benefit from Dr. Freund's experience,

sense of humor, and advice.

A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church  
What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal

thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the

church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect. *The Art of Thank You*

Hey! I'm John Sullivan, a recent high school graduate who collected his thoughts and dreams and hopes and fears and all kinds of other stuff in a year-long diary through his senior year. When I finished on graduation

day, I realized I had quite a collection, as a matter of fact, I had more than 400 pages! So I thought about it and realized that it had a beginning, a middle, and an end, so therefore it told a complete story, which I think might be a book if I remember my sophomore literature class correctly. I am NOT saying it is literature (ha-ha), but I do think it is a book. That is where you come in. I don't think it is much of a book if I'm the only one who reads it. It is just a diary then, that will remain on the floppy disk in my computer desk in my bedroom. Instead, you could read it. And tell me what you think. And then I will know if I should have left it in that computer desk. Or not. If you do read it,

you'll find that I didn't leave anything out, even the stuff that might embarrass me. I could even still get into some trouble about some of it, but I think I'm ok because I don't think my parents will want to read it because they were there for almost all of it, so it would be a rerun for them. I don't think reruns are bad, but they already lived through this once, so they probably don't

want to get all upset all over again. So, go ahead and click away. It was an adventure for me - come on along for the ride! John Sullivan is right. This is quite an undertaking for a senior in high school. But that is what it is - a diary, a coming of age novel, a satire, and, incredibly, a love story. It is a unique look at one of the most important developmental periods in a person's life.
