 A twenty-five-thousand-copy bestseller in Quebec, Arvida, with its stories of innocent young girls and wild beasts, attempted murder and ritual mutilation, haunted houses and

road trips heading nowhere, is unforgettable. Like a Proust-obsessed Cormac McCarthy, Samuel Archibald's portrait of his hometown, a model town design by American industrialist Arthur Vining Davis, does for Quebec's North what William Faulkner did for the South, and heralds an important new voice in world literature. Samuel Archibald teaches contemporary popular culture at the University of Quebec in Montreal, where he lectures on genre fiction, horror movies, and video games, among other subjects. Little Miss Splendid and the Princess Penguin This colorful book asks youngsters such questions as Can you peel a blue orange or

swim in a yellow sea? Can you squeeze a pink lemon or eat grey spaghetti? *Arvida* Amazon Publishing Share these animals and their babies with your baby. It is never too early to look and talk together! *The Art of Baking Blind* Hodder & Stoughton A book children will understand, this deserves a place on their shelves and in their hearts. *Annuaire à l'usage des auteurs cherchant un éditeur* Grosset & Dunlap Rita and Whatsit have a lot to do to get ready for Christmas, including writing to Santa (he needs a few suggestions, of course), decorating the tree (with sausages), and making a delicious snack for Santa and

Can a squirrel ever get what a squirrel wants most? The squirrel loves a particular tree (“MY tree”) and is happiest sitting in its shade eating pinecones (“MY pinecones”). But then the squirrel starts worrying. What if someone else wants to claim this tree, to call it THEIRS? So, the squirrel builds a massive wall around the tree. One that no one can get over. Perfect! Only, now the squirrel can’t see what’s beyond the wall. There may be a better tree out there, full of pinecones. Maybe even a whole forest of better trees ... Believe every squirrel ever: the never-ending quest for MINE is sure to drive you nuts!

There's only one right answer, and it's not always easy! Kids will love learning early concepts like expressions and positions as a natural consequence of their hunt for clues in the details of the lineup. It's a book for all audiences: the seek-and-find call to action of every page makes *Who What Where?* a wonderful lap or parent read. Plus, this is the fixed format version, which looks almost identical to the print edition.
