Canfield Guide to Classical Recordings Alfred Music Publishing
From its earliest manifestations on the street corners of nineteenth-century Buenos Aires to its ascendancy as a global cultural form, tango has continually exceeded the confines of the dance floor or the music hall. In *Tango Lessons*, scholars from Latin America and the United States explore tango's enduring vitality. The interdisciplinary group of contributors—including specialists in dance, music, anthropology, linguistics, literature, film, and fine art—take up a broad range of topics. Among these are the productive tensions between tradition and experimentation in tango nuevo, representations of tango in film and contemporary art, and the role of tango in the imagination of Jorge Luis Borges. Taken together, the essays show that tango provides a kaleidoscopic perspective on Argentina's social, cultural, and intellectual history from the late nineteenth to the early twenty-first centuries. Contributors. Esteban Buch, Oscar

Conde, Antonio Gómez, Morgan James Luker, Carolyn Merritt, Marilyn G. Miller, Fernando Rosenberg, Alejandro Sust

The Arc Forgotten Books

In 1933, John A. Lomax and his son Alan set out as emissaries for the Library of Congress to record the folksong of the “American Negro” in several southern African American prisons. Listening to the Lomax Archive: *The Sonic Rhetorics of African American Folksong in the 1930s* asks how the Lomaxes’ field recordings—including their prison recordings and a long-form oral history of jazz musician Jelly Roll Morton—contributed to a new mythology of Americana for a nation in the midst of financial, social, and identity crises. Stone argues that folksongs communicate complex historical experiences in a seemingly simple package, and can thus be a key element—a sonic rhetoric—for interpreting the ebb and flow of cultural ideals within contemporary historical moments. He contends that the Lomaxes, aware of the power of folk music, used the folksongs they collected to increase national understanding of and agency for the subjects of their recordings even as they used the

recordings to advance their own careers. Listening to the Lomax Archive gives readers the opportunity to listen in on these seemingly contradictory dualities, demonstrating that they are crucial to the ways that we remember and write about the subjects of the Lomaxes' archive and other repositories of historicized sound. Throughout Listening to the Lomax Archive, there are a number of audio resources for readers to listen to, including songs, oral histories, and radio program excerpts. Each resource is marked with a ♪ in the text. Visit <https://doi.org/10.3998/mpub.9871097#resources> to access this audio content.

Kristina Snow is the perfect daughter, but she meets a boy who introduces her to drugs and becomes a very different person, struggling to control her life and her mind.

Listening to the Lomax Archive Sweet Valley

"Roger Fenton (1819-1869) was England's most celebrated photographer during the 1850s, the young medium's most glorious moment. After studying law and painting, Fenton took up the camera in 1851 and immediately began to produce highly original images. During a decade of work he mastered every photographic genre he attempted: architectural photography, landscape, portraiture, still life, reportage, and tableau vivant."

"This volume presents ninety of Fenton's finest photographs, exactly reproduced. Six leading scholars have contributed nine illustrated essays that address every aspect of Fenton's career, as well as a comprehensive, documented chronology."--BOOK JACKET.

Primacy of the Ear Indiana University Press

• The perfect time for a reissue: In October 2009, PBS will air a ninety-minute primetime special on Joan Baez as part of the Emmy Award-winning American Masters series. Told often from Baez's perspective, but supported by a rich performance and historical archive, the documentary centers on her career as a musician, power as an artist, those who influenced her, and those she championed. She will also be on a 27-city U.S. tour starting July 2009.. • A musical force and a catalyst for social change: At the age of eighteen Baez was an international star with a Time magazine cover story; fifty years later she has thirty-three albums to her credit. She also marched alongside Martin Luther King, Jr., was jailed for supporting the draft resistance, and sang in the first Amnesty International tour. An extraordinary woman who has led an eventful life, Baez's memoir is as honest, unpretentious, and courageous as she is. .

Back in the 1920s the vampire Justine drank the blood of silent screen actor David Henry Reid, who was later chained up in a coffin for twenty years. Now he's free and he's looking for revenge.

The Dearest Spot [on Earth] Simon and Schuster

In Making Intangible Heritage, Valdimar Tr. Hafstein—folklorist and official delegate to UNESCO—tells the story of UNESCO's Intangible Heritage Convention. In the ethnographic tradition, Hafstein peers underneath the official account, revealing the context important for understanding UNESCO as an organization, the concept of intangible heritage, and the global impact of both. Looking beyond official narratives of compromise and solidarity, this book invites readers to witness the diplomatic jostling behind

the curtains, the making and breaking of alliances, and the confrontation and resistance, all of which marked the path towards agreement and shaped the convention and the concept. Various stories circulate within UNESCO about the origins of intangible heritage. Bringing the sensibilities of a folklorist to these narratives, Hafstein explores how they help imagine coherence, conjure up contrast, and provide charters for action in the United Nations and on the ground. Examining the international organization of UNESCO through an ethnographic lens, Hafstein demonstrates how concepts that are central to the discipline of folklore gain force and traction outside of the academic field and go to work in the world, ultimately shaping people's understanding of their own practices and the practices themselves. From the cultural space of the Jemaa el-Fna marketplace in Marrakech to the Ise Shrine in Japan, *Making Intangible Heritage* considers both the positive and the troubling outcomes of safeguarding intangible heritage, the lists it brings into being, the festivals it animates, the communities it summons into existence, and the way it orchestrates difference in modern societies.

Stainless Abrams

The Silver Dove, published four years before Bely's masterpiece Petersburg, is considered the first modern Russian novel. Breaking with Russian realism, and a pioneering Symbolist work, its vividly drawn characters, elemental landscapes, and rich style make it accessible to the Western reader, and this new translation makes the complete work available in English for the first time. Dissatisfied with the life of the intelligentsia, the poet Daryalsky joins a rural mystic sect, the Silver Doves. The locals,

in particular the peasant woman Matryona, are fascinated by the dashing stranger. Daryalsky is in turn taken in by the Doves' intimacy with the mystical and spiritual--and by Matryona. Under the influence of Kudeyarov, the ruthless cult leader, Daryalsky is used in a bid to produce a sacred child. But in time the poet disappoints the Doves and must face their suspicions and jealousies--and his own inevitable dire fate.

Schwann Opus Xlibris Corporation

"In the thirty years since Dick Hebdige published *Subculture: The Meaning of Style*, the seemingly antithetical worlds of punk rock and academia have converged in some rather interesting, if not peculiar, ways. A once marginal subculture documented in homemade 'zines and three chord songs has become fodder for dozens of scholarly articles, books, PhD dissertations, and conversations amongst well-mannered conference panelists. At the same time, the academic ranks have been increasingly infiltrated by professors and graduate students whose educations began not in the classroom, but in the lyric sheets of 7" records and the cramped confines of all-ages shows. *Punkademics* explores these varied intersections by giving voice to some of the people who arguably best understand the odd bedfellows of punk and academia. In addition to being one of the first edited collections of scholarly work on punk, it is a timely book that features original essays, interviews, and select reprints from notable writers, musicians, visual artists, and emerging talents who actively cut & paste the boundaries between punk culture, politics, and higher education"--Publisher's description

Writing, Grade 6 Berghahn Books

A lovely haunting exercise in tremolo.

The Silver Dove Routledge

San Diego Magazine gives readers the insider information they need to experience San Diego—from the best places to dine and travel to the politics and people that shape the region. This is the magazine for San Diegans with a need to know.

The Flutist's VADE MECUM Harvard University Press

A timely and gutsy YA novel based on the Tony and Grammy Award winning musical from Alanis Morissette, Diablo Cody, and Glen Ballard! Swallow it down—what a jagged little pill . . . Jagged Little Pill: The Novel follows the intertwining lives of five teens whose world is changed forever after the events at a party.

Adopted Frankie struggles to see eye-to-eye with her mother—who would rather ignore a problem and preserve their “perfect” life than stand up for what’s right. Jo just wants her mom to accept her queer identity—and is totally crushed when Frankie, the only person who really gets her, finds herself infatuated with someone new. Phoenix tries to find his place at the new school and balance wanting to spend time with Frankie but knowing he also has to help out with his sick sister at home. Bella wants to enjoy the end of high school and just head off to college without a hitch. Everyone expects Frankie's brother Nick to be the golden boy, but even though he just got into his dream school, he’s not even sure he's a good person. Each of their stories intersects when Bella is sexually assaulted at a party, and

it looks like the perpetrator might get away with it. Moving, heartfelt, and raw, Jagged Little Pill: The Novel draws on the musical’s story and gives readers deeper glimpses of the characters. It’s a story about the power of voicing your pain, standing up for what’s right, and finding healing and connection.

Turkish German Cinema in the New Millennium Simon and Schuster

One of the Best Books of the Year: NPR, GQ, Billboard, JazzTimes In jazz parlance, “playing changes” refers to an improviser’s resourceful path through a chord progression. In this definitive guide to the jazz of our time, leading critic Nate Chinen boldly expands on that idea, taking us through the key changes, concepts, events, and people that have shaped jazz since the turn of the century—from Wayne Shorter and Henry Threadgill to Kamasi Washington and Esperanza Spalding; from the phrase “America’s classical music” to an explosion of new ideas and approaches; from claims of jazz’s demise to the living, breathing scene that exerts influence on mass culture, hip-hop, and R&B. Grounded in authority and brimming with style, packed with essential album lists and listening recommendations, *Playing Changes* takes the measure of this exhilarating moment—and the shimmering possibilities to come.

Die Griechischen Lyriker Oder Elegiker, Jambographen Und Meliker St. Martin's Press

To play the flute with a clear and convincing sound depends on the understanding of the physical concepts required to make the instrument sound without using undue force and applying just the right amount of physical help where needed. Edmund Raas has explored and taught these fine-points for over 60 years. Born in

Switzerland, he has been influenced by the teachings of Emil Niosi (pupil of the great Georges Barrère), Hugo Haldemann, Jean-Pierre Rampal and Aurèle Nicolet. Besides teaching, he had the opportunity to play solo concerti and act in many chamber music groups including Renaissance and Baroque music on period instruments. From 1977 to 2005 he also acted as first flutist in the Municipal Symphony Orchestra of São Paulo, Brazil. Since his retirement from this orchestra he is pursuing a career as composer.

Spanish Music in the Twentieth Century Penguin

In the last five years of the twentieth century, films by the second and third generation of the so-called German guest workers exploded onto the German film landscape. Self-confident, articulate, and dynamic, these films situate themselves in the global exchange of cinematic images, citing and rewriting American gangster narratives, Kung Fu action films, and paralleling other emergent European minority cinemas. This, the first book-length study on the topic, will function as an introduction to this emergent and growing cinema and offer a survey of important films and directors of the last two decades. In addition, it intervenes in the theoretical debates about Turkish German culture by engaging with different methodological approaches that originate in film studies.

Un Sueno en la Floresta University of Michigan Press

A great virtuoso showpiece.

Folk & Traditional Arts Duke University Press

From the exhilarating impact of Isaac Albeniz at the beginning of the century to today's complex and adventurous avant-garde, this complete interpretive history introduces twentieth-century

Spanish music to English-speaking readers. With graceful authority, Tomas Marco, award-winning composer, critic, and bright light of Spanish music since the 1960s, covers the entire spectrum of composers and their works: trends and movements, critical and popular reception, national institutions, influences from Europe and beyond, and the effect of such historic events as the Spanish Civil War and the death of Franco. Marco's penetrating aesthetic critiques are threaded throughout each phase of this rich account. Marco provides detailed coverage of the key figures, including a chapter devoted entirely to Manuel de Falla--Spain's most celebrated twentieth-century composer--and a panoramic survey of recent arrivals on the contemporary music scene. Exploring the rise and fall of the zarzuela, the author highlights innovative works in this authentic Spanish genre. He analyzes the attempts to find an audience for Spanish opera; demonstrates the flowering of symphonic and chamber music at the beginning of this century; traces currents such as romanticism, impressionism, and neoclassicism; and tracks the influence of Spain's distinctive regional folk traditions. Covering musical innovation after Spain's emergence from its period of isolation, Marco notes the speed with which many composers absorbed the work of Stravinsky and Bartok, the twelve-tone system, aleatory forms, electronic techniques, and other European developments. English-speaking scholars, musicians, critics and general readers have for decades been without full information on the rich and varied work coming out of Spain in this century. This lively history fills a long-felt need and fills it superbly, with the knowledge and insights of a major figure in the musical world.
